

2018 CLOTHES WASHER REBATE FORM

Your Energy Specialist determined your existing clothes washer is inefficient and qualifies for a Clothes Washer Replacement Rebate. Energy-efficient clothes washers use about 25% less energy and up to 40% less water than standard models. The new clothes washer you purchase must have an Integrated Modified Energy Factor (IMEF) of 2.76 or higher and an Integrated Water Factor (IWF) of 3.2 or lower. Purchase a clothes washer that meets these requirements at any retailer of your choice and submit your rebate application online or via U.S. mail.

CUSTOMER TYPE	REBATE AMOUNT
Renters	\$400
Income Qualified Customers*	\$400
Homeowners	\$350

*Visit MassSave.com/Qualify to see if you are eligible

Save time and apply online at MassSave.com/Rebates.

Or, complete and mail in this rebate form to: **Mass Save Clothes Washer, P.O. Box 2528, Manchester, CT 06045**

You will need to mail or upload a copy of your sales receipt online for your new qualified clothes washer. Please review the complete terms and conditions prior to completing your application.

REMOVAL VERIFICATION

By signing below, I verify that the old clothes washer was removed, its electrical cord cut (do not mail), and the clothes washer WILL NOT be re-sold but will be properly disposed of in accordance with all local, state and federal laws.

I understand that I may purchase my qualified clothes washer at any retailer of my choice and that this rebate offer may be subject to onsite inspection and verification prior to rebate payment. Please allow 6 to 8 weeks for payment after receipt and verification of all paperwork and/or site inspections. One rebate per qualifying clothes washer, not to exceed two rebates per electric and/or gas account. This offer is good for 60 calendar days after issuance of this form. Offer is subject to change without written notice.

TERMS AND CONDITIONS

Rebates: Subject to these Terms and Conditions, Berkshire Gas, Blackstone Gas Company, Cape Light Compact, Columbia Gas of Massachusetts, Eversource Energy, Liberty Utilities, National Grid and Unitil, herein known as the "Program Administrators (PAs)," through their contractual vendor, herein known as the "Rebate Administrator," will pay rebates to eligible Program Administrator customers or designated payees of customers for the installation of a qualified Clothes Washer within the respective Program Administrator's service territory.

Customer Eligibility: You must be a residential electric customer of a participating PA installing equipment between January 1, 2018 and December 31, 2018. Equipment must have been installed in a one to four family home with an active residential Program Administrator Electric account. The Rebate Administrator must receive application and required documents listed within 60 calendar days of installation. The service offers a rebate to customers who replace an existing, qualifying inefficient clothes washer with a new, efficient unit that has an IMEF of 2.76 or greater and an IWF of 3.2 or lower. Customers must request a Mass Save® Home Energy Services Program Site Visit prior to replacing the appliance and be deemed eligible by the program in order to qualify for this rebate. No rebate is available for replacement of any existing clothes washer that has not been evaluated and approved through a Site Visit. In no event will a rebate exceed the purchase price paid for a new clothes washer. If the clothes washer is eligible for a replacement rebate, you may purchase the new unit wherever you choose. You are NOT eligible for any other Mass Save rebates for the same clothes washer.

Rebate Application: The Customer is responsible for completing all required information on the Rebate Application. Rebate applications will not be processed if they are not properly filled out.

Applications must include:

- Clothes Washer Replacement Rebate Form completed and signed by the Customer/Owner
- A DATED store receipt, noting the make and model of the clothes washer as well as the purchase date
- Non-owner occupied customers (e.g. landlords) must provide proof of primary residence in the form of utility bill, cable bill, etc.

The offer to provide a clothes washer replacement rebate will expire 60 calendar days from the date of the Site Visit.

Post-Installation Verification: Prior to offering any rebate, the Program Administrators reserve the right to conduct an onsite verification that the equipment was installed according to the guidelines of the program. It does not include any kind of safety review and should not be relied upon as one. If the Program Administrators determine that the equipment installed does not meet the program specifications as described in the application, the Program Administrators reserve the right to refuse to pay the rebate.

No Warranties: The Program Administrators and Rebate Administrator do not make any representation of any kind regarding the results to be achieved by the equipment or the adequacy of such equipment. The Program Administrators and the Rebate Administrator expressly disclaim any and all warranties or representations of any kind, whether oral, statutory, expressed, or implied, including, without limitation, warranties of merchantability, usage, suitability, or fitness for a particular purpose. Contact your product manufacturer for details regarding equipment performance and manufacturer warranties. The Program Administrators and the Rebate Administrator do not endorse, guarantee or warrant any particular manufacturer, product or installation.

Changes in the Rebate Offer: These Terms and Conditions may be changed or the offer may be terminated by the Program Administrators at any time without notice.

Installation/Delivery: The Program Administrators and the Rebate Administrator are not responsible for any damage that may be caused by or arise out of an installation of any equipment. The Customer must select retailers and delivery companies who carry appropriate insurance coverage and licenses.

Liability: The Program Administrators and the Rebate Administrator are not liable for any Customer damages that may occur as a result of the termination of this program beyond the amount of the rebate.

No Tax Liability: The Program Administrators and the Rebate Administrator are not responsible for any tax liability that may be imposed as a result of receipt of the rebates.
