

COLLECTION FOR KEVIN MOLINA CARDONA'S FAMILY

No parent should have to endure the loss of their child. Its one of the most painful and life changing experiences anyone can ever have. Unfortunately, for Kevin Molina Cardona's parents, they must suffer this excruciating pain. While on summer vacation in El Salvador with his family Kevin contracted an illness that took his young life suddenly. At just 13 years old, Kevin leaves behind a mother, father and younger brother. He's also leaving behind his friends on and off the soccer field where Kevin enjoyed much of his free time. As a school community, our hearts break for his family. No words can describe how saddened and humbled we are by this tragedy. In a sometimes-chaotic world an experience like this makes you realize what's important; our children, our family, our friends and our community. With the support of our community we can make a contribution and in this way show Kevin's family that we loved him and will remember Kevin for the fun-loving child he was. It's with that caring in mind that the IS 25 PTA would like to take up a collection with a goal of \$5000 to help the Molina family with the unexpected costs that come with burying a child. No donation is too small and all donations will go directly to his parents. Please feel free to send letters and cards of condolence as well. As you can imagine this family will be grieving for a long time, having the support of Kevin's friends and school community behind them will bring them some comfort.

Love and good wishes, The I.S. 25 PTA

Please return your donation to school, in an envelope marked "Kevin Molina Family Donation" by Wednesday November 30, 2016. Suggested donation is \$25.
