I'm a document.
You can easily add your own PDF, Word, Excel, and other documents. Just follow our steps below.

Create your own pdf and then:
1. In the editor, click on the image or button you want to use.
2. Click on “Link to” and choose “Document“.
3. Double click the empty field below “Add/ Change Document”, upload “your document and click“ OK

You can see how your users will see your link in Preview Mode
