Official Oct 2015 Ankawa Protest Statement and Permit Request Delivered to the Governor of Erbil by Assyrian Parliamentarians and Community Organizers
TRANSLATION

The Honorable Governor of Erbil:

Subject: Requesting a Permit to Demonstrate

We, the undersigned, are a group of individuals who care about Ankawa, and we request that you grant us the permit to hold a demonstration in the town of Ankawa that will be organized with adherence to the Demonstration Law in the Kurdistan Region No. 11 Year 2010. We also request that you provide the security forces necessary to protect the demonstrators. We would like to make note of the fact that the demands of the demonstration have been highlighted many times by the youth of Ankawa, and before that by NGOs in Ankawa. Also, these demands were presented many times to the relevant authorities, especially the Council of Ministers, but no answer was given to the people of Ankawa regarding these issues. That is why this demonstration is being held.

Thank you.

Below are the details of the demonstration:

- The demonstration will be held between 4:00pm and 8:00pm on Friday, 9 October 2015.
- The direction of the demonstration: It will start in front of the Chaldean Bishop’s office in Ankawa next to Saint Joseph Church and it will continue towards the Ankawa traffic lights near the statue of the Holy Virgin Mary.

The aims and demands:

1. Closing down all the bars, pubs, massage parlors, and brothels that are near the churches, holy places, and near residential areas, especially those located inside hotels. This is to be done as soon as possible and special regulations should be issued to meet this demand of the people of Ankawa.
2. The implementation of administrative reforms in Ankawa, including a change in the mayor of the town and the installment of a replacement who is brave, competent, and cares about Ankawa. We also demand that this change is done as soon as possible.
3. Providing housing units for the youth of Ankawa in the land of their forefathers.
4. Ending the continuous confiscations of land belonging to Ankawa residents, and compensation for those whose lands were improperly seized by the government. We also demand that the lands that lie in the center of Ankawa and were taken unjustly by powerful officials in the government to be returned to the Ankawa municipality and later be used to benefit the town’s youth.
5. Employing a number of young people from Ankawa in the security, police, and traffic police sectors in Ankawa because they are more suitable to protect their own town.
6. The compensation of farmers from Ankawa whose lands were confiscated by the government for the purpose of building Erbil International Airport.
7. Putting to trial all the corrupted KRG officials who contributed to the forced change in the
demography of Ankawa and stole lands and public properties in the town.
8. We demand that Ankawa be treated like the other surrounding towns in Erbil with regard to
taxation and not to be taxed as part of Erbil’s center.

At the same time, we emphasize the following:

- We are committed to the laws and regulations and the values of peace, love, and respect.
- We highly value the historical relation between us, the people of Ankawa, and the other
components of the region.
- We encourage cooperation between all the different components of the Kurdistan Region so
that this region will become a place where we can all live together in peace.
