

JOIN THE TEAM

Alberta Farm Animal Care (AFAC) is unique in Canada. We are a not-for-profit organization founded and funded by the live stock sectors in Alberta in 1993. **AFAC works with the livestock sector**, and members and partners across the value chain, to **develop and provide the most current animal care information** for livestock producers. In addition, we are a third-party voice for the sector providing information to the public – from school kids to parents – with the goal of building trust through **honest conversations about animal agriculture** in Alberta.

Vision: Alberta Farm Animal Care works to ensure farm animals in Alberta are respected, well-cared for and experience a high state of welfare through collaboration with and support of our members and partners.

Collaborate

Better together. Connect industry partners in discussions, research and resource development for the benefit of all.

Work together on research projects that serve multiple players in a sector. Build related extension resources collaboratively to be shared with the entire industry.

Come together for the annual Livestock Care Conference to hear about and discuss issues from different sectors.

Outreach

Partners with other organizations in Agriculture Education presentations and events for school kids and families throughout the province.

Speak to post-secondary students and share the information and resources available to them as they enter the industry.

Develop resources and information to support transparent conversations about livestock welfare with producers and the public.

Producers helping producers

Advisory Council meetings bring the industry together to discuss timely issues, offer direction to the organization.

Meet the Experts program provides AFAC and industry partners an opportunity to meet and mentor the next generation of livestock producers.

ALERT line is a confidential line for livestock welfare information, questions and concerns. The 24/7 toll-free line also supports the Emergency Livestock Handling Equipment Trailer network.

Member Levels and Benefits
