14. There was a motion by Retherford, seconded by Yates, to adjourn at 10:00 p.m. Majority of Ayes by voice vote. Motion carried.
OTHER REPORTS AND DISCUSSIONS:

**ADDITIONS**

1. Supt. Boucher added item 4.2 to the agenda that was an addition to the bill list.

**FINANCE COMMITTEE REPORT**

2. Various items were discussed at the Finance Committee meeting that included:
   (1) $418,429 has been received in revenue since July 1st but the state still owes the district $458,541; (2) no 2009/10 money has been received yet for the Early Childhood grant; (3) the consolidation incentive money must not be considered an ever-present part of the budget so we must not view it that way; (4) a monthly chart of the gas and electrical bills for each building was reviewed; and, (5) we can always count on state aid payments and local tax money as a source of income.

**GRADING SCALE**

3. President Shoemaker is seeking a legal opinion on the grading scale and the assignment of pluses and minuses to the already board established grading scale without them. The administration realized the scale did not contain these and reacted to the oversight prior to the start of school. After informing the board of their direction and without any board comments, they moved forward with their plus and minus scale to the already established board scale. Some board members thought the intent of the plus and minus scale was there but had not put it in the form of a motion. More information will be available at the next board meeting.

**BOARD ELECTION TIMELINES**

4. The timelines for the April 5, 2011 board election were discussed. September 21st is the first day candidates can pick up petitions. December 13, 2010 is the first day candidates can file their paperwork with the board designees at the district office and December 20, 2010 is the last day to file. Three seats will be vacant for four-year terms.

**PARENT NOTIFICATION SOFTWARE**

5. A few parents have complained about getting automated phone calls that are not early dismissals, weather-related dismissals, or late starts. These calls involve announcements of parent-teacher conferences, informational meetings, etc. It was the general consensus of the board that if parents do not want calls, they can inform the office. They will receive all calls or none at all. Supt. Boucher will report back at the next meeting if the notification system can pick and choose various households for different types of calls.

**FACILITY UPDATE**

6. Architect Bill Hawkinson will do a punch list of the roofing project to make sure all elements of the job have been completed to his satisfaction before final payment will be made to the roofing company. There has been water in the weight room at the high school. Bill Hawkinson will submit a report regarding the number of windows at the junior high that will need to be tuck-pointed/caulked. There is still $200,000 in special education grant money that needs to be spent before June 30, 2011. A chair lift has been one option. The architect has suggested the board be thinking about projects for next year so preliminary work can be started.

**VO-TECH BLDG.**

7. After touring the high school Vo-tech building, the board thought there should be some dirt grading done around the building.

**ADM. REPORTS**

8. Besides their written reports the administrators made the following comments. New Boston principal Robinson said their school yard needs to be mowed more
often due to sand burrs; and, some of the windows in the building need to be sealed. Apollo principal Fleuette commented the recently held open house had good attendance. Intermediate principal Nelson stated he has been gathering more quotes for patching the parking lot. Jr. High principal Reed has been in contact with Mr. Chausse about striping the parking lot. High school principal Albert needs direction on their building’s custodial need.

Dwight Shoemaker, President, Bd. of Education

Trisha Hank, Secretary, Bd. of Education

ATHLETIC TRAINER 13. There was a motion by Willits, seconded by Ball, to hire Monica Dennison as our certified athletic trainer for varsity football games at $50 per game for the 2010/11 school year. Roll call: 7 Ayes, no Nays. Motion carried.

HIRE WINTER COACHING STAFF 14. There was a motion by Retherford, seconded by Forret, to approve hiring the coaching staff for winter sports (high school and junior high school basketball & wrestling) as presented. Roll call: 7 Ayes, no Nays. Motion carried.

HIRE PART-TIME CUSTODIAN 15. There was a motion by Yates, seconded by Ball, to hire Dennis Dodson as part-time custodian (4 hrs./day) at the junior high school at $9 per hour for the 2010/11 school year. Roll call: 7 Ayes, no Nays. Motion carried.

ADJOURN 16. There was a motion by Retherford, seconded by Forret, to adjourn at 11:15 p.m. Majority of Ayes by voice vote. Motion carried.

OTHER REPORTS AND DISCUSSIONS:

ADDITIONS/DELETIONS 1. Supt. Boucher added the following items to the agenda: 1) facility update and 2) student issue to closed session.

PATRIOTIC EMPLOYER AWARD 2. Bob Schwieder from Employer Support of the Guard and Reserve (ESGR) made a Patriotic Employer Award presentation to Supt. Boucher. This award is for employers who support their employees who have military commitments. Rob Reed had nominated Mr. Boucher to receive the award. In turn, Mr. Boucher also credited and thanked the board of education for their support.

PAY TO PARTICIPATE DONATION 3. Carol Beeding presented a check for $648 to the district’s athletic participation fee program. Half the money was raised by a local car club through a 50/50 raffle activity during Antique Days and the other half was a matching donation program through Royal Neighbors of America. Board President Shoemaker gratefully accepted the donation and thanked the group for their willingness to help the students.

CURRICULUM UPDATE 4. Curriculum director Doug Nelson handed out information on the progression of wars taught from 5th through 12th grades. Some of the curriculum also deals with current events that might include updates on current worldwide military conflicts. President Shoemaker requested curriculum updates be brought to the second meeting of each month. Other curriculum-related information included: 1) more projectors are needed at the junior high; and, 2) there are 15 smart board types of equipment in the district.

FACILITY & ROOF UPDATES 5. Architect Bill Hawkinson has been completing the punch list for the roofing projects. The roofing company will be reseeding some of the ground at Apollo and the high school. He has also met with Kenny Tharp and they have looked over the window sills very carefully at the junior high and feel the proposed $6000 bid would be the best way to go about the project. Facility Updates: (1) a new computer is needed to run the heating and cooling system at the intermediate school; (2) a natural gas leak was discovered at Apollo but was fixed after discovering the controller had gone bad; (3) a mower needs to be housed at New Boston for easier access; (4) the window sills at the junior high need to be fixed so Tharp’s bid should be considered and acted upon; (5) large gravel has already been spread at the Joy bus garage and now they are waiting for it to settle before
the small rock is applied; and, (6) there are three more rooms left to hang window blinds at the junior high.

ICE MACHINE

6. After deliberating the use of the ice machine, the board decided to purchase 2 machines, one for the high school and one for the junior high. The administrator’s are to get bids and present them at the next board meeting for final approval.

ADM. SALARY COMPENSATION REPORT

7. A report was presented regarding administrator’s salary and compensation dealing with health/life insurance, mileage reimbursement, and cell phone.

GRADING SCALE DISCUSSION

8. The board again discussed the grading scale with pluses and minuses and calculating grade point average (GPA). Board President Shoemaker handed out a listing of schools in the area showing their scale. Alwood and Sherrard do not use pluses or minuses but Rockridge does. Some district’s use them for daily grades but are not used to calculate the GPA. Retherford and Yates felt the need to use the + and – to attribute toward GPA. Retherford read the following GPA and grading scale he agreed to: A (95-100) with a GPA of 4.0; A- (93-94) with a GPA of 3.67; B+ (91-92) with a GPA of 3.33; B (86-90) with a GPA of 3.0; B- (83-84) with a GPA of 2.67; C+ (81-82) with a GPA of 2.33; C (76-80) with a GPA of 2.0; C- (74-75) with a GPA of 1.67; D+ (72-73) with a GPA of 1.33; D (66-71) with a GPA of 1.0; D- (64-65) with a GPA of .67; and F (63 and below) with no grade point average.

ADM. REPORTS

9. The principals gave oral reports on the following: (1) Ms. Albert stated they have been working on their RTI plan and the teacher advisory group has been working well helping students; (2) Mr. Reed commented the Student Assistance Team has been identifying needy students, helping them, and watching their progress; (3) Mr. Nelson said the 5th and 6th graders have been taking the MAP tests; (4) Mr. Fleuette reported the Apollo students have already taken the MAP tests and are excited about the results. Now they are looking at the lower end students and working with them. (5) Mrs. Robinson thanked the board for hiring the extra library aide. Their MAP testing is going well. New forms are developed for determining special education eligibility and will be used for interventions. A new online internet speech therapy company (Telecare) will be used that will involve student participation. New Boston recently heard “Cynergy” perform which is part of the Quad City Performing Artists.

CONSENT AGENDA
1. There was a motion by Ball, seconded by Willits, to approve the following items on the consent agenda.
   Roll call: 6 Ayes, no Nays. Motion carried.

TERMINATE ENGINEERING COMPANY
2. There was a motion by Willits, seconded by Yates, to terminate the structural engineering study of monitoring movement of the north addition at the high school by McClure Engineering. Majority of Ayes by voice vote. Motion carried.

ICE MACHINE
3. There was a motion by Ball, seconded by Yates, to approve purchasing an ice machine for $2500 from AA Refrigeration (Moline, IL) to be used at the high school. Roll call: 6 Ayes, no Nays. Motion carried.
BUS DRIVER TRAINING 4. There was a motion by Willits, seconded by Forret, to approve the bus driver training cost agreement of understanding subject to contract language revisions. Majority of Ayes by voice vote. Motion carried.

INTO CLOSED SESSION 5. There was a motion by Retherford, seconded by Forret, to go into closed session at 8:07 p.m. to discuss personnel and negotiations. Roll call: 6 Ayes, no Nays. Motion carried.

INTO OPEN SESSION 6. There was a motion by Ball, seconded by Forret, to go into open session. Roll call: 6 Ayes, no Nays. Motion carried.

HIRE COACH 7. There was a motion by Forret, seconded by Ball, to hire Adam Link as 8th grade boy’s basketball coach for the 2010/11 school year. Roll call: 6 Ayes, no Nays. Motion carried.

RESIGNATION 8. There was a motion by Retherford, seconded by Yates, to accept the resignation from Shane Nelson as junior high cook effective October 6, 2010. Majority of Ayes by voice vote. Motion carried.

HIRE COOK 9. There was a motion by Forret, seconded by Willits, to hire Velma Stineman as head cook at the high school at $8.30 per hour effective September 20, 2010 for the 2010/11 school year. Roll call: 6 Ayes, no Nays. Motion carried.

HIRE CUSTODIAN 10. There was a motion by Retherford, seconded by Yates, to hire Travis Vipond as high school custodian at $9 per hour effective October 14, 2010 for the 2010/11 school year. Roll call: 6 Ayes, no Nays. Motion carried.

ADJOURN 11. There was a motion by Retherford, seconded by Yates, to adjourn. Majority of Ayes by voice vote. Motion carried.

OTHER REPORTS AND DISCUSSIONS:

BOARD COMMENTS 1. Board member Willits expressed the board’s condolences to Kathy Albert and her family for the loss of her father-in-law. He also conveyed the board’s thoughts and prayers to Nancy Robinson and her family through their difficult times. President Shoemaker thanked the board and staff for the fruit basket he received while in the hospital. It was noted the Allendale invoice on the bill list was to pay tuition for a student in a residential facility.

BUILDING/FINANCE 2. The following are reports regarding the buildings. Our architect is satisfied with the work Kenney Tharp has completed on the window sills at the junior high school. Board president Shoemaker would like a summary of what has been done at the junior high for future reference. The New Boston and the junior high buildings have no leaks to report. There still is a leak in the weight room at the high school so the architect is trying to determine a solution. The roofing contractor R.A. Oldeen Company will be re-doing the grass at the high school and Apollo. The following comments were about finance. Supt. Boucher stated the state still owes our district $393,279 from last year. Board president Shoemaker would like the Finance Committee to meet October 21st, 6:30 p.m., at the district office to further discuss our financial situation. Board member Retherford would like to know last year’s percent that was levied. The upcoming levy for next year has to be submitted in December.
REPLACEMENT OF SUBURBAN

3. Rob Reed and Ernie Dillie have been looking for used replacement vehicles for the suburban and old driver’s education car. They feel two Suburbans would be appropriate but cannot be older than 10 years due to state regulations regarding hauling students. The board would like them to shop locally (within 100 mile radius) and choose 3 – 5 vehicles with warranties to bring back to the board for consideration.

PARAPROFESSIONAL JOB DESCRIPTION

4. A draft copy of the paraprofessional job description was presented and will be adopted with changes at the next board meeting.

PRESCHOOL DESIGNATION

5. The state is allowing our district to have our preschool morning program to be “blended” (10 regular education students and 3 special education students) and our afternoon program to have “preschool-for-all” (20 students in classroom with 6 having an IEP). Most programs around the state have 20 students in their programs and are considered preschool-for-all.

FAIR LABOR STANDARDS ACT

6. The Fair Labor Standards Act applies to hourly workers. Employees are listed as either exempt or non-exempt. A listing was reviewed. Further action may be required at the next meeting.

ADM. REPORTS

7. Apollo principal Fleuette reported they would be sponsoring a parent/student movie night where the proceeds would be used to help the music department. High school principal Albert stated RTI (response to intervention) is being implemented, the student assistance program is working well, and the building leadership team has been working together effectively. Intermediate principal Nelson reported the MAP testing went smoothly with Jeni Ewing being the test proctor. The results will enable the teachers to identify those students who need help. Junior high principal Reed reported their MAP testing went well and enabled them to collect student baseline data for review. The 3rd floor blinds have been installed. On November 10th, a Veteran’s ceremony is being presented to area veterans at the junior high school. The band, chorus, student council, and student body will be participating in this recognition.

DECEMBER BOARD MEETINGS

6. There was a motion by Retherford, seconded by Yates, to designate two dates in December for board meetings: December 1st and December 15th at 6:30 p.m. Majority of Ayes by voice vote. Motion carried.

INTO CLOSED SESSION

7. There was a motion by Retherford, seconded by Ball, to go into closed session at 8:35 p.m. to discuss personnel and negotiations. Roll call: 7 Ayes, no Nays. Motion carried.

The board went into open session at 10:15 p.m. with all 7 members present.

TEACHER EVALUATIONS

8. There was a motion by Retherford, seconded by Yates, to authorize Nat Zunkel to conduct teacher evaluations at the high school (up to but no more than five) for the 2010/2011 school year. Majority of Ayes by voice vote. Motion carried.

HIRE COACH

9. There was a motion by Hank, seconded by Forret to approve hiring Becky Ince as head girls basketball coach for the 2010/11 school year and reassign Steve Moseley as assistant girls varsity basketball coach at the same rate of pay as the head coach for the 2010/11 school year. Roll call: 6 Ayes, 1 Nay. Motion carried.

PART-TIME CUSTODIAN WORKING DAYS

ADJOURN

13. There was a motion by Willits, seconded by Retherford, to adjourn at 10:20 p.m. Majority of Ayes by voice vote. Motion carried.

OTHER REPORTS AND DISCUSSIONS:

ADDITIONS/DELETIONS

1. Supt. Boucher added (15.9 Resignation) to the agenda items.

PUBLIC COMMENT

2. Barb Chiles commended Cross Country coach Greenspan and the boys and girls who advanced on from the sectional competition.

CORRESPONDENCE

3. A sympathy thank you from the family of Nancy Robinson was read.
FINANCE/LEVY

DISCUSSION

4. Board President Shoemaker passed out information from the assessor’s office regarding equalized assessed valuation of property in preparation for determining our levy. Last year’s EAV was $125,640,862 compared to this year’s projection of $149,927,797. The increase is due to higher farmland, commercial and residential property assessments. The levy is due the last Tuesday in December. The FY10 audit was reviewed. The ending revenue was $12,701,000 with $13,095,000 in expenses. Some of the findings included: (1) inadequate segregation of duties; (2) food sales were not identified as breakfast, lunch, or ala carte; and, (3) working cash loans are to be repaid with the first available tax money. It was also noted that unemployment claims could be paid from the tort fund. The auditors did find $33,000 in Personal & Corporate Property Replacement Tax that had not been paid to the district from the state so a call was made to initiate payment. It was also noted the superintendent did not have a signed contract. The board also reviewed the food service report from last year that showed a $67,161 deficit. They agreed we should not be losing that much money feeding students.

SUBURBAN PURCHASE

5. Board President Shoemaker expressed his concern the purchase of the Suburban was based on the “go ahead” from the finance committee. He felt the whole board should have voted on the purchase. Some members of the committee felt it was the intent of the whole board to allow the committee to consent due to the time factor in purchasing a used vehicle.

ILLINOIS SCHOOL REPORT CARD

6. Each principal reviewed their building’s annual report card. The report cards give information about student demographics, district statistics, and student achievement information. These reports are available on the state board of education website and include all school districts in the state. Apollo and New Boston made AYP (annual yearly progress) but the other three buildings did not due to factors involving specific sub groups that scored below average. The administrators and staff will be focusing on individuals to bring up their ISAT scores that will in turn bring up the sub group scores. Constant assessment of students is needed from the beginning to the end of the school year to review their progress.

FAIR LABOR STANDARDS ACT

7. Information is still being gathered regarding district employees who are employed in the district in different positions (for example, non-certified employees who work a 40 hour week and also coach or take tickets during that week also). A decision needs to be made on how to handle these situations. Scenarios have been sent to our attorney for his review.

CURRICULUM UPDATE

8. Mr. Nelson updated the board on curriculum. He stated RTI (response to intervention) is being implemented by the staff at all grade levels. The steps involved are assessing the students, identifying those who need help, intervention steps taken, and then monitoring student’s progress. Intervention can be used in a large group setting (Tier 1), small group setting (Tier 2), and individualized help (Special Education). The key is to find problems early and not wait until the students fail.
ADM. REPORT 10. Mr. Reed stated they were conducting MAP testing this week. The Veteran’s Day recognition will be held November 10th starting with a breakfast at 8:30 a.m. and program at 9:00 a.m. All veterans are invited to attend. There was less than 50% attendance at the parent-teacher conferences. Kathy Olson recently was awarded a grant from the Illinois Retired Teachers and will purchase a document reader to help with writing skills.

ADM. REPORT 11. Mrs. Robinson thanked the New Boston staff for their support during her recent absence. Their building has been conducting MAP testing and will be sending home results. There was 90-95% parental attendance for parent-teacher conferences. The internet speech process has been working well.

ADM. REPORT 12. Mr. Fleuette commented they had been doing various activities during Red Ribbon Week (drug-free schools program) including a K-9 police dog assembly.

ADM. REPORT 13. Mr. Nelson reported their school would be having a Family Reading Night on November 9th. The recently held parent-teacher conferences went very well. Their school also had a K-9 police dog assembly as part of Red Ribbon Week.

The Board of Education of Mercer County School District #404, Mercer, Henderson, & Rock Island Counties, Illinois, convened at a meeting at the District Office, 1002 SW 6th Street, Aledo, IL, on Wednesday, November 17, 2010, at 6:30 p.m.

On roll call, the following members answered present: Retherford, Forret, Yates, Shoemaker, Ball, and Willits.

Absent: Trisha Hank

**CONSENT AGENDA**

1. There was a motion by Ball, seconded by Forret, to approve the following items on the consent agenda.

Roll call: 6 Ayes, no Nays. Motion carried.

**SEX EQUITY PLAN**

2. There was a motion by Ball, seconded by Yates, to approve the school district Sex Equity Plan as presented. Majority of Ayes by voice vote. Motion carried.

**PARAPROFESSIONAL JOB DESCRIPTION**

3. There was a motion by Ball, seconded by Retherford, to approve the paraprofessional job description as presented. Majority of Ayes by voice vote. Motion carried.
BID WORKER’S COMP. 4. There was a motion by Willits, seconded by Retherford, to bid the workers’ compensation insurance for a 6 month renewal from January until July 1, 2011. Majority of Ayes by voice vote. Motion carried.

CONVENTION DESIGNEE 5. There was a motion by Retherford, seconded by Forret, to approve Dwight Shoemaker as the board designee to vote at the school board convention November 19-21, 2010. Majority of Ayes by voice vote. Motion carried.

LIFT/ELEVATOR AT HIGH SCHOOL 6. There was a motion by Retherford, seconded by Ball, to approve architectural drawings to be made for a lift at the high school. Roll call: 6 Ayes, no Nays. Motion carried.

INTO CLOSED SESSION 7. There was a motion by Willits, seconded by Retherford, to go into closed session to discuss personnel and negotiations at 8:02 p.m. Roll call: 6 Ayes, no Nays. Motion carried.

INTO OPEN SESSION 8. There was a motion by Retherford, seconded by Forret, to go into open session. Roll call: 6 Ayes, no Nays. Motion carried.

COACHING RESIGNATION 9. There was a motion by Yates, seconded by Willits, to accept with regrets the resignation from Steve Moseley as high school girls basketball coach for the 2010/11 school year. Majority of Ayes by voice vote. Motion carried.

COACHING RESIGNATION 10. There was a motion by Retherford, seconded by Yates, to accept with regrets the resignation from Cassidy Staker as assistant high school girls basketball coach for the 2010/11 school year. Majority of Ayes by voice vote. Motion carried.

HIRE HALF-TIME AIDE 11. There was a motion by Willits, seconded by Yates, to hire Cimion Norwich as half-time aide at New Boston at an hourly rate of $8.25 for the remainder of the 2010/11 school year. Roll call: 6 Ayes, no Nays. Motion carried.

HIRE COACH 12. There was a motion by Forret, seconded by Ball, to hire Heather Douglas as assistant high school girls basketball coach for the 2010/11 school year per teachers contract ($3192). Roll call: 6 Ayes, no Nays. Motion carried.

ADJOURN 13. There was a motion by Willits, seconded by Retherford, to adjourn at 10:25 p.m. Majority of Ayes by voice vote. Motion carried.

OTHER REPORTS AND DISCUSSIONS:

CORRESPONDENCE 1. Two thank you letters were read regarding the veteran’s appreciation ceremony. The letters were from veteran’s Scott Weeks and Frank Mullen who thanked the junior high staff and students for their thoughtful presentations both musically and spiritually. Board president Shoemaker also extended a thank you to Kay Forret who spearheaded the appreciation ceremony and to principal Rob Reed and organizer Kris Berglund for their hard work toward making the ceremony a huge success.

SPANISH TRIP 2. Spanish teacher Dawn Noble presented information to the board regarding a 7-day trip to Puerto Rico for the Spanish II, III, and IV students. Ten students would need to commit in order to make the trip viable. The estimated cost per student would be $1769 and is conducted by a student travel agency. The trip
would be June 15-22, 2011. There would be no expense to the district and the students would be holding fundraisers to help with their expenses. It was the general consensus of the board to make a decision regarding the trip at the December 1st board meeting.

SENIOR TRIP
3. High school teacher Liz Blackwell and senior student Kaitlyn Brown presented information regarding a high school senior trip (Grad Night) to Disney World on May 7, 2011. The park would close at 10:00 p.m. to 4:00 a.m. and during that timeframe high school graduating seniors from all states would have full access. The seniors would have a 2-night stay and the cost would be from $400-$500 including air fare, lodging, and park ticket costs. Right now there is some interest expressed from 30-40 students from our high school seniors. The board wanted more time to think about this request and will make their decision at the December 1st board meeting.

LEVY
4. Supt. Boucher presented more information regarding the tax levy. According to the assessor, the property values have increased $3 million. The commercial property and farm land values have increased while the industrial and residential properties have decreased. President Shoemaker expressed his support for a 2% levy increase. Members Ball and Retherford supported using the same tax rate as last year (4.26) which would be around 2.66% increase. A levy needs to be adopted by the last Tuesday in December so the board needs to make a decision at the December 1st or 15th board meeting.

SEX EQUITY PLAN
5. Supt. Boucher has been examining board policies, state laws, and other schools sample plans to establish a quick and easy process to conduct a sex equity inquiry to see if there is any gender discrimination among students. Student surveys can be conducted to evaluate any possible discrimination.

PARAPROFESSIONAL JOB DESCRIPTION
6. A paraprofessional job description had been presented to the aides who thought maybe the description was too general and needed to be more building specific. The board will take this into consideration and make a decision regarding the job description.

WORKER’S COMP. INSURANCE
7. Our insurance consultant has found that our current worker’s compensation insurance is overpriced and has found cheaper insurance with a company for a 6 month plan so that we can get on the same schedule as the rest of our insurance with renewal dates being July 1. After discussing this, the board decided to go out for bids.

FAIR LABOR STANDARDS ACT
8. The board resumed discussion regarding our non-exempt employees (FLSA) and how we may handle the situation regarding ticket takers. If possible the boosters could keep the ticket sales money and pay for the ticket takers out of that money. The money that is left over would then be donated back to the school district at the end of the year. The board wanted Supt. Boucher to review this with our attorney before making a decision.

ELEVATOR UPDATE
9. Our architect is in the process of developing plans for installing a lift at the high school. Grant money has already been earmarked ($130,000) for a project of this magnitude and must be spent by the end of this fiscal year. It was suggested the architect take a look at possibilities at the junior high building also to make it handicap accessible for the second and third floors.
ADM. REPORT 10. Principal Robinson reported the fall fundraiser will be finishing up and parents will be picking up orders next week. There has been some internet problems but this is being solved. Their enrollment is 209 students.

ADM. REPORT 11. Principal Nelson said there were 183 parental representations at the parent/teacher conferences out of 198 students. The top three finishers (Ethan Adolphson, Matt Lloyd, Maura Karr) in the Geography Bee will be advancing to the next challenge.

ADM. REPORT 12. Principal Reed indicated the Veterans Day ceremony went very well and thanked the whole staff for their team effort. Their enrollment is 215-220 students.

ADM. REPORT 13. Principal Albert stated the high school musical was excellent. The music theory class will be presenting a concert. The upcoming PSAE testing will be correlating state and national standards.

The Board of Education of Mercer County School District #404, Mercer, Henderson, & Rock Island Counties, Illinois, convened at a meeting at the District Office, 1002 SW 6th Street, Aledo, IL, on Monday, November 29, 2010, at 7:00 p.m.

On roll call, the following members answered present: Retherford, Forret, Yates, Shoemaker, Ball, and Willits.

Absent: Trisha Hank

Also present: Supt. Boucher; Principals Fleuette, Nelson, Reed, Robinson, and Albert; also technology coordinator Kim Sheese.

Educational consultant Nan Seith presented information about school improvement to those in attendance. Ms. Seith is a former teacher and administrator and, for the past seven years, has worked with school districts to improve instruction.

One of the topics covered by Ms. Seith was Teach for America (TFA), an organization that places recent college graduates who are high achievers yet uncertified to teach. These recruits receive intensive training during the summer months prior to being placed into a carefully chosen school. These teachers must commit to staying with the program for at least two years. The program can be likened to the Peace Corps. Results have shown that, on average, high school students taught by TFA corps members performed better on tests than peers taught by traditional teachers.

Ms. Seith’s presentation then focused on learning engagement - what it is and how to get it. The group then participated in several activities to reinforce some ideas of how to engage the students in learning. Throughout the evening, Ms. Seith answered questions and participated in short conversations about various topics. Listed below are some summary statements that were mentioned in the conversations.

- A sense of urgency must be conveyed in order to affect change in the school.
- Your brain is most active when it is teaching. Students need to experience the role of teaching in classroom activities.
- A key phrase for educators to ask themselves is, “Do I know what they (students) know?”
- A typical junior high or high school student has an attention span of about 15 minutes, so it is important to “change gears” several times during a class period to keep the students engaged.
- Some students will dominate small group activities while others will remain silent. The teacher must be aware of the small group dynamics and hold all students accountable for their participation.
- “A mind that is stretched to a new idea never returns to its original dimension” – Oliver Wendell Holmes

The meeting ended at 9:00 p.m.

CONSENT AGENDA
1. There was a motion by Ball, seconded by Hank, to approve the following items on the consent agenda.
   b. Bill List.
   Roll call: 7 Ayes, no Nays. Motion carried.

VERTICAL PLATFORM LIFT
2. There was a motion by Hank, seconded by Yates, to approve advertising for bids for the vertical platform lift project at the high school. Roll call: 7 Ayes, no Nays. Motion carried.

TAX LEVY
3. There was a motion by Willits, seconded by Ball, to prepare the tax levy rates the same as last year’s rates. Roll call: 3 Ayes, 4 Nays. Motion failed.

WORKER’S COMP. PREMIUM
4. There was a motion by Willits, seconded by Yates, to approve paying the worker’s compensation annual premium of $51,972 and to direct Bushue Human Resources to advertise for bids for a July 1st renewal. Roll call: 7 Ayes, no Nays. Motion carried.

AMEND MOTION FOR GRAVEL PURCHASE
5. There was a motion by Willits, seconded by Hank, to amend a previous motion made August 25, 2010 to purchase 30 ton of CA6 rock but now to purchase 30 ton of 2 inch gravel instead to be spread at the Joy bus garage. Roll call: 7 Ayes, no Nays. Motion carried.

INTO CLOSED SESSION
6. There was a motion by Retherford, seconded by Yates, to go into closed session to discuss personnel and negotiations. Roll call: 7 Ayes, no Nays. Motion carried.
The board went into open session at 9:28 p.m.

**HIRE PART-TIME KITCHEN HELPER**

7. There was a motion by Forret, seconded by Yates, to hire Mark Stanley as part-time kitchen helper at Apollo beginning December 2, 2010 at $8.30 per hour for the 2010/11 school year. Roll call: 6 Ayes, no Nays, 1 Abstain. Motion carried.

**ADJOURN**

8. There was a motion by Yates, seconded by Willits, to adjourn at 9:29 p.m. Majority of Ayes by voice vote. Motion carried.

**OTHER REPORTS AND DISCUSSIONS:**

**BOARD COMMENT**

1. President Shoemaker highlighted some issues presented at the school board convention. He indicated the schools’ “moment of silence” will become law and there will be guidelines to follow. Also noted was the financial situation in the state of Illinois who is $13.5 billion dollars in the “red”. The pension plan will run out of funding in the year 2018. The need for tax increases and cuts are probably inevitable.

**CITY OF ALEDO WATER BILLS**

2. The board was wondering why there was such an increase in the City of Aledo water bills. They indicated the district office look into this and report back.

**VERTICAL PLATFORM LIFT**

3. The architect finished the high school bid specs for a vertical platform lift so Supt. Boucher reviewed them with the board. It would be located in the NW wing back hallway. If the board so desires they can authorize our architect to advertise for bids. Our special education cooperative has been holding money ($270,000) as part of stimulus money that needs to be spent before July 1st of next year. Half of the money has already been allocated to staff salaries and the remaining half will need to be used to fund new projects. Mr. Hawkinson estimates the bids for the lift will be around $80,000. That will leave around $55,000 for other projects that may include hand rails in the JH gym ($10,000) or a handicap bathroom at the high school ($40,000). The architect also looked at the elevator shaft at the junior high to estimate a cost ($150,000) to install an elevator.

**FAIR LABOR STANDARDS ACT**

4. After consulting with a law firm regarding paying overtime to employees who take tickets after hours, they indicated we would not have to pay overtime since the ticket-taking jobs are sporadic, not similar to their day job, and the ticket-takers are volunteering. Some of the same criteria may fit the employees who also coach. President Shoemaker would like a legal opinion regarding coaches.

**BOARD POLICY UPDATES**

5. The board reviewed two new policies regarding “food allergy” and “sexting allegations”. This is the first reading so they can be adopted at the December board meeting.

**FINANCE**

6. Property tax rates were discussed again. If we kept the same rate as last year, it would generate around $131,000. Board members Willits and Ball agreed this would be their choice. President Shoemaker still has his opinion to use a 2% increase that would generate approximately $99,000. The final levy will be adopted at the December 15th board meeting. President Shoemaker indicated that at some point in time we might consider hiring a part-time business manager to
help with time-consuming tasks and would enable Mr. Boucher to concentrate on more academic areas. At some point in time, the board needs to look at the food service budget and try to implement some ways to cut the deficit. In order to generate more revenue for the district, a sales tax might be considered for the spring ballot.

**WORKER'S COMP INSURANCE**

7. It is too late to bid for a December worker’s comp renewal since the company needs a 30-day cancelation notice prior to the renewal date of December 1, 2010. We can now bid for the property casualty and worker’s comp packages for a July 1, 2011 renewal date. Before the January 1st start-up date, the board would like Bushue Human Resources to confirm in writing that District 404 is currently operating within the “grandfather” provisions of the recently adopted federal healthcare plan.

**ADM. REPORT**

8. New Boston principal Robinson reported on the last school improvement planning day where the New Boston and Apollo teachers met to discuss curriculum and also talk about the RTI referral process. The Thanksgiving dinner and festivities went well. The holiday program will be next Friday (Dec. 10th). Right now the enrollment for New Boston is 214.

9. Apollo principal Fleuette reported their holiday program would be Thursday (December 9th). Apollo’s enrollment is 325.

10. Intermediate principal Nelson reported their school’s Thanksgiving dinner was excellent. Electricians have been working to fix the outside lights. The “brain box” to run the heating/cooling system is completely dead so we will have to purchase a new one. The school’s enrollment is 198.

11. Jr. High principal Reed reported their Thanksgiving dinner was also successful. The band and chorus holiday program will be Sunday (Dec. 5th) at 2:00 p.m. An ice machine is still needed so the board indicated to purchase one since it had already been discussed. There are more lights needed around the bus garage so the board gave Ernie permission to install one on a pole. The enrollment at the junior high is 217.

12. High school principal Albert indicated on their recent school improvement planning day their teachers received more technology training. The recently held music theory concert was again successful. On Sunday (Dec. 12th), the high school band and chorus will be presenting their holiday concert at 2:30 p.m.

HIRE COOK
15. There was a motion by Ball, seconded by Retherford, to approve hiring Randi Moulton as a cook for 6 hours a day but no benefits to begin duties December 16, 2010. Roll call: 7 Ayes, no Nays. Motion carried.

PARAPROFESSIONAL LABOR CONTRACT
16. There was a motion by Ball, seconded by Retherford, to approve the paraprofessional labor contract agreement through June 30, 2014. Roll call: 7 Ayes, no Nays. Motion carried.

HIRE BUS DRIVER
17. There was a motion by Retherford, seconded by Yates, to approve hiring Deanna Minteer as a full-time bus driver effective immediately at the board established rate of pay for the 2010-11 school year. Roll call: 7 Ayes, no Nays. Motion carried.

RETIREMENT
18. There was a motion by Ball, seconded by Yates, to approve with regrets the retirement request from Apollo teacher Sandy Brown effective the end of the 2015-16 school year. Roll call: 7 Ayes, no Nays. Motion carried.

TAX LEVY
19. There was a motion by Retherford, seconded by Yates, to approve the 2010 tax levy in the amount of $5,100,292. Roll call: 7 Ayes, no Nays. Motion carried.

INTERFUND LOAN
20. There was a motion by Willits, seconded by Yates, to authorize an interfund loan if needed from Working Cash Fund to Bond and Interest Fund in the amount of $18,000. Roll call: 7 Ayes, no Nays. Motion carried.

ADJOURN
21. There was a motion by Willits, seconded by Retherford, to adjourn at 10:12 p.m. Majority of Ayes by voice vote. Motion carried.

OTHER REPORTS AND DISCUSSIONS:

ADDITIONS/DELETIONS
1. Supt. Boucher added the following items to the agenda: 17.7 Hire bus driver and 19. Interfund Loan. Board president Shoemaker requested to move item 6 (tax levy) to item 18 to review figures before voting on the levy.

BOARD COMMENTS
2. Board member Willits praised the junior high students and staff for their send off assembly for principal Reed who will be defending and preserving what we hold dear in our country. Board member Retherford also stated Mr. Reed had been awarded the Black Hawk Division Principal of the Year honor.

ACADEMIC STATUS REPORT
3. Supt. Boucher made a power point presentation regarding the academic status of our district and a plan of action for moving forward. It will be done in 2 parts, one at this meeting and another at the January meeting. He showed comparisons with our ACT scores and the states’ plus comparing other districts in our area. The district score is 20.6 in comparison with the average state score of 20.5. The
school improvement plans are practical and real. The elementary schools have excellent scores while the intermediate and junior high scores have issues that are solvable. Our district’s Fine Arts (music & art) curriculum is excellent and noteworthy among our area districts. The junior high and high school have diverse course offerings with 40 new courses added since consolidation. We do have challenges at the high school level where our meets/exceeds students are a low percentage so we need to work on getting them to a higher exceeds level. A master plan for coordinating all programs needs to be developed. Some points to consider are student’s home situation and the student’s own responsibility. We must find ways to overcome challenges. Staff group work on these remedial plans may be challenging but they must work together and listen to each other’s point of view. In January, Supt. Boucher will report on effective school improvement.

BOARD POLICIES

4. The board reviewed for the second time policies regarding food allergies and “sexting” before adopting the policies.

PAYROLL COMPANY

5. After consolidation, the payroll and bookkeeping duties were endless so another person was hired to lessen the burden. It was also thought that a payroll company be hired but after vigilant hours of learning by Sherie Sackville, our bookkeeper Nancy Adolphson did not feel the urgency of payroll outsourcing. In fact, the company would not perform as many duties as Sherie does now and her time would not cost the district as much as the payroll company. The board would like a letter be sent to the payroll company letting them know our thoughts and would like to rescind the motion in August to enter into an agreement for their services.

FINANCE

6. Board president Shoemaker would like the district’s financial planning referred to the Finance Committee and possibly look into developing our budget on the accrual basis instead of cash basis. The annual food service cost analysis was discussed and the board felt the need to address some of the issues to lower the costs of the program for next school year. The 1% county sales tax idea was again discussed to generate more revenue but needs to be voted upon at an election in the form of a referendum on the ballot. Knox County and Warren County have passed this sales tax already.

SOUND EQUIPMENT

7. Over the years, the graduating classes have left behind sums of money they raised while they were students at the high school. This money has accumulated to $23,000. One of the needs at the high school right now is for a new sound system in the gym. Other needs may be new auditorium curtains or more video cameras. Band director Rusty Ruggles has gathered several bids for a new sound system. Before the board considers such a purchase, they would like a legal opinion if we have the right to the $23,000. Besides the bids, the board would also like to have references for the companies who have bid on the sound system.
ADM. REPORTS  

8. Interim Jr. High principal Kathy Olson thanked the board for the opportunity to serve as administrator while Mr. Reed was deployed. Intermediate principal Nelson commented the holiday concert tonight was only 40 minutes long and was excellent. Apollo principal Fleuette praised their concert that was held last week. New Boston principal Robinson stated their behavior office referrals have increased this year so they are trying new strategies to meet the needs. They have added 6 new students in December with 3 having IEP’s.

REMAINING CLASS FUNDS

5. There was a motion by Willits, seconded by Shoemaker, to direct the superintendent to contact the past 7 graduating high school class presidents to let them know the district’s plans for expending the graduating class funds for school projects. Roll call: 2 Ayes, 4 Nays. Motion failed.

SOUND SYSTEM AT HIGH SCHOOL

6. There was a motion by Hank, seconded by Retherford, to accept the bid of $14,765 from Music Factory for a new sound system at the high school. Roll call: 6 Ayes, no Nays. Motion carried.

INTO CLOSED SESSION

7. There was a motion by Retherford, seconded by Yates, to go into closed session at 8:06 p.m. to discuss personnel. Roll call: 6 Ayes, no Nays. Motion carried.

RESULT

The board went into open session at 9:48 p.m.

RESIGNATION

8. There was a motion by Retherford, seconded by Ball, to accept with regrets the resignation from Kyle Matlick as high school custodian and also his coaching responsibilities as JV boys basketball coach and assistant girls softball coach. Majority of Ayes by voice vote. Motion carried.

HIRE CUSTODIAN

9. There was a motion by Retherford, seconded by Ball, to hire Dennis Dodson as full-time high school custodian beginning January 18, 2011. Roll call: 6 Ayes, no Nays. Motion carried.

RESIGNATION

11. There was a motion by Retherford, seconded by Yates, to accept the resignation of Donna Frye as aide at New Boston. Majority of Ayes by voice vote. Motion carried.

RESIGNATION

12. There was a motion by Ball, seconded by Retherford, to accept the resignation of bus driver Doug Nelson effective January 7, 2011. Majority of Ayes by voice vote. Motion carried.

RESIGNATIONS

13. There was a motion by Retherford, seconded by Ball, to accept the resignations of Don and Alice DeWitt as bus drivers for the district. Majority of Ayes by voice vote. Motion carried.

RESIGNATION

14. There was a motion by Willits, seconded by Yates, to accept the resignation from Karen Peterson as full-time bus driver and retain her as a substitute driver. Majority of Ayes by voice vote. Motion carried.

CHANGE RETIREMENT DATE

15. There was a motion by Retherford, seconded by Ball, to accept the request from Apollo custodian Dave Schwartzkopf to retire May 12, 2011 which is earlier than his original request of June 30, 2011. Majority of Ayes by voice vote. Motion carried.

ADJOURN

16. There was a motion by Yates, seconded by Retherford, to adjourn at 9:56 p.m. Majority of Ayes by voice vote. Motion carried.
OTHER REPORTS AND DISCUSSIONS:

ADDITIONS/DELETIONS
1. Supt. Boucher added another item to the agenda: 11.6 retirement amendment.

PUBLIC COMMENT
2. Barb Chiles congratulated the eight Mercer County High School students whose names appeared on the Illinois State Scholars list and stated that was a great accomplishment.

FINANCE
3. The board discussed how the remainder of the stimulus money could be spent after awarding the bid of $56,700 to Horan Construction for the platform lift at the high school. There will be approximately $130,000 left to spend by July 1, 2011. Projects discussed were: bleacher handrails at the junior high; an elevator at the junior high; handicap bathroom at the high school; cement pad at the Apollo softball diamond; and, an identification chart for new windows at the junior high. The board decided to have the board building committee meet to discuss these ideas in more detail and bring back recommendations for the whole board to consider. The building committee (Yates, Hank, & Retherford) will meet January 19th at 5:00 p.m. The board also discussed the one-cent sales tax. Shoemaker, Hank, & Ball felt now was not a good time to ask our community for more money since the Illinois state income tax was going to be raised. Retherford and Willits thought the voters should make that decision so putting it on the ballot would enable the board to see if the voters were in favor or opposed the sales tax. Supt. Boucher indicated to the board that he could have a financial consultant from the ISBE come to a board meeting and present information about the finances of the district. If the board has specific questions, these could be addressed. One topic was the budget and the use of an accrual basis instead of a cash basis.

Supt. Report on Academic Status

PART TWO
4. Supt. Boucher made the second power point presentation regarding the academic program of our district. He summarized his first presentation by stating the comparison with the state and neighboring districts. We have been showing a steady improvement since 2006; our fine arts program is strong; our elementary program is excellent; but, we do need to work on math, English, and science to make improvements. The second report dealt with the future and how the district might strive for improvement. There are many factors that could raise academic achievement. Choosing curriculum that has the most impact, using it in the appropriate time allotted, and covering all the material is a key factor toward achievement. Goals need to be established for all students at all levels of learning and then follow-thru should be emphasized. Parents and community members need to be involved. Staff members can use different learning strategies and manage their classrooms with a balance of dominance and cooperation. The curriculum design should have multiple exposures to content area. A plan of action for our academic program might include: developing a mission statement, establishing clear and simple goals, developing guaranteed and viable curriculum, and establishing a district-wide improvement plan. For example, one goal may be to consider a requirement of 4 years of high school math to graduate even though the state requirement is 3 years. The National Learning Standards will set a bar to meet from elementary to high school at equal levels of achievement. Our district will need to plan how we are to accomplish this.
ENERGY GRANT
5. The State has come out with a grant that pays some of the cost for energy efficient construction projects. Roof projects qualify. Our architect wrote for a grant and if approved we can expect to receive $250,000 of the $713,000 projected cost for the remaining roof projects. The scope of the work would finish all of the roofing areas at Apollo and would cover the high school band/chorus rooms, auditorium, and cafeteria. The only thing left at the high school would be the north addition, the gym, and the vocational building.

FOOD SERVICE
6. The health department has been working with our food service director to improve our menus. The board thought visiting other schools might help to gain new ideas for meal planning. Supt. Boucher contacted many other districts to see if their food service was over-budget. He did find that most districts do not include partial secretarial salaries in the food service area and our district does so that would account for some of the deficit.

ADM. REPORTS
7. Principal Fleuette reported that one of Apollo’s custodians (Steve Peterson) had recently purchased a lift machine at an auction for $50 that will be very useful and is asking for reimbursement. He also indicated their building will start MAP testing again. This is part 2 of a 3 times a year testing cycle (fall, winter, spring) that helps them see if progress is being made. Principal Robinson indicated their building has been having problems with the internet which Frontier is trying to alleviate. They are also planning to conduct MAP testing. Principal Nelson reported that Illinois is setting its Learning Standards to align with the national core level. Schools will now have a path to follow for curriculum, books, and other alternatives. Principal Olson stated the ice machine has been delivered and is ready to be installed by Mr. Giles. Their enrollment is now 215. Kris Berglund (student council advisor) is spearheading the junior high food drive. Principal Albert indicated the double doors had been installed. The roof leaks at the high school wrestling building so Riddell Roofing will be contacted. So far, 15 students have signed up for the ACT prep course.

On roll call, the following members answered present: Retherford, Forret, Yates, Hank, Shoemaker, and Willits.

Absent: Ball

Also present: Supt. Boucher; Principals Fleuette, Albert, Robinson, and Olson; faculty member Rusty Ruggles; no reporters; also, Barb Chiles, Jessica Sackville, Pastor Dietmeier, Bruce Paul, Dwight Reynolds, Andy Frye, Kim Lloyd, Cassie Lloyd, Keith Chandler, and secretary Connie Hilligoss.

**CONSENT AGENDA**

1. There was a motion by Hank, seconded by Willits, to approve the following items from the consent agenda:
   b. Bill List.
   Roll call: 6 Ayes, no Nays. Motion carried.

**HIGH SCHOOL HANDBOOK**

2. There was a motion by Retherford, seconded by Hank, to approve the 2011/12 high school handbook as presented. Majority of Ayes by voice vote. Motion carried.

**INTO CLOSED SESSION**

3. There was a motion by Retherford, seconded by Forret, to go into closed session at 7:41 p.m. to discuss personnel. Roll call: 6 Ayes, no Nays. Motion carried.

The board went back into open session at 8:30 p.m. with all present.

**ADJOURN**

4. There was a motion by Retherford, seconded by Yates, to adjourn at 8:31 p.m. Majority of Ayes by voice vote. Motion carried.

**OTHER REPORTS AND DISCUSSIONS:**

**ATHLETIC FIELD PROJECT UPDATE**

1. Andy Frye and Rusty Ruggles updated the board on the athletic field project. There now is $900,000 in pledges from businesses and other individuals who have approached Community Projects for Mercer County. Now the committee will go out and solicit for funds. They have worked with Bill Hawkinson (district architect) and an engineering firm (Bruner, Cooper, & Zuck) to gather
information for proceeding down the proper channels for this magnitude of a project. The group will be sending out surveys next. The board wants to make sure the project follows rules & regulations that school district’s must follow.

BUILDING COMMITTEE 2. The Building and Grounds Committee met to develop a plan for the rest of the AARA money. The plan was to move ahead with the high school bathroom and junior high bleacher’s handrail project. If money is left over, a handicap parking pad will be installed at the Apollo softball diamond. More ideas included repairing outside bleachers at the junior high and purchasing computers for special education classrooms.

HS COURSE APPROVAL 3. The board reviewed the proposed high school course handbook for 2011/12. Principal Albert indicated the faculty had input for changes and the state board of education mandated other written changes. The courses reviewed were English, physical science, math (geometry & algebra), and vocational. In the physical science course an idea would be to teach at higher and lower levels to keep all students engaged in learning. There is also a possibility of co-teaching English & Math by alternating classroom instruction. When Mercer County School District consolidated a dual credit in welding & woodworking was added. Online classes were also offered but there has not been a great desire among students to sign up.

FINANCE 4. Supt. Boucher reported the state has not yet paid $600,000 in reorganization money, $200,000 special education money, $270,000 in transportation funds, $119,000 for early childhood, and $95,000 stimulus money. The board would like to have a representative from the state present financial information at a board meeting so they can ask questions and review the process.

ADM. REPORTS 5. Principal Robinson reported New Boston has been losing students; and, the student body was entertained by the Rhumba Tap Group. Principal Fleuette stated Apollo has been implementing a “moment of silence” before school; and, the annual 4th grade invention day will be this Friday. Principal Olson praised the 7th and 8th graders for having 93 out of 215 students on the honor roll. Principal Albert stated Riddell Roofing would check out the leaking high school wrestling roof when the snow melts a little more. Supt Boucher reported that a recent new preschooler has a hearing loss so they are working with BHased; a speech candidate who worked with Mr. Steele was recently interviewed and could be possibly hired this fall; the City of Aledo has contacted us regarding a school to work partnership with them; architect Bill Hawkinson has looked at the elevator shaft at the junior high and may have some ideas; and, Libby Bruner is attending the leadership academy sponsored by the YMCA.

The Board of Education of Mercer County School District #404, Mercer, Henderson, & Rock Island Counties, Illinois, convened at a meeting at the District Office, 1002 SW 6th Street, Aledo, IL, on Wednesday, February 9, 2011, at 6:30 p.m.

The following members answered present: Retherford, Forret, Yates, Hank, Shoemaker, Ball, and Willits.

Absent: None

Also present: Supt. Boucher; Principals Fleuette, Albert, Robinson, and Olson; faculty member Rusty Ruggles and Anita Heard; reporters Cathy Decker and John Hoscheidt; also, Barb Chiles, Marta Tucker, Kim Lloyd, Cassie Lloyd, Barney Lloyd, Todd Bieri, Angela Claver, Vicki Bieri, and secretary Connie Hilligoss.

CONSENT AGENDA
1. There was a motion by Hank, seconded by Willits, to approve the following items from the consent agenda:
   Roll call: 6 Ayes, no Nays. Motion carried.

JAZZ BAND & GENERATIONS TRIP
2. There was a motion by Hank, seconded by Ball, to approve the Jazz Band and Generations every four-year trip. This year they will be going to Philadelphia in June. Roll call: 7 Ayes, no Nays. Motion carried.

APOLLO ROOF
3. There was a motion by Forret, seconded by Hank, to authorize our architect to draw up roof replacement plans for Apollo at his discretion. Roll call: 7 Ayes, no Nays. Motion carried.

CLOSED SESSION
4. There was a motion by Willits, seconded by Forret, to go into closed session at 7:20 p.m. to discuss personnel. Roll call: 7 Ayes, no Nays. Motion carried.

The board went into open session at 8:39 p.m. with all members present.

SPRING COACHES
5. There was a motion by Retherford, seconded by Yates, to hire all spring coaches as presented. Roll call: 7 Ayes, no Nays. Motion carried.

HIRE BARB LOVING
6. There was a motion by Forret, seconded by Retherford, to hire Barbara Loving as part-time custodian at the junior high, $9 per hour, 4 hours per day, for 190 days per year. Roll call: 7 Ayes, no Nays. Motion carried.
7. There was a motion by Willits, seconded by Retherford, to not renew high school principal Kathy Albert’s contract for the 2011-12 school year. Roll call: 7 Ayes, no Nays. Motion carried.

8. There was a motion by Willits, seconded by Ball, to deny the request from Marcia Krstic to retire in the spring of 2015 with 2009/10 school year being the base year. Roll call: 6 Ayes, 1 Nay. Motion carried.

9. There was a motion by Yates, seconded by Shoemaker, to adjourn at 8:49 p.m. Majority of Ayes by voice vote. Motion carried.

1. The following items were added to the agenda: 10.1 TIF handout and 10.2 ISBE financial consultant. The Principal of the Year Award will be postponed until a future board meeting.

2. High school parents Todd Bieri and Angela Claver expressed their support for high school principal Kathy Albert and her desire to help students with various needs. High school student Vicki Bieri also presented a petition in support of Mrs. Albert with 138 student signatures.

3. Board president Shoemaker questioned the Google invoice for $2200 & was informed it was an annual fee for archiving and a search feature for all district emails. Board member Retherford stated the recently held school board candidate forum sponsored by the district’s 3 unions was very informative but sparsely attended. There will be another forum sponsored by WRMJ on March 21st.

4. Rusty Ruggles and Anita Heard presented information to the board regarding the every four years trip for the jazz band and Generations groups. Educational Tours Inc. has been conducting the tours for many years. This year the two groups (40 students & 10 adults) will be going to Philadelphia from June 5-9. The trip is financed by fund raising activities and booster club donations. Their trip is both educational and fun.

5. Supt. Boucher talked about finance and our annual financial profile score from ISBE. Our districts’ score was 3.1 out of a possible 4.0 points that puts us in the “review” category (recognition). There are five areas they look at when giving a score (fund balance to revenue ratio, expenditure to revenue ratio, days cash on hand, percent of short-term borrowing ability remaining, and percent of long-term debt margin remaining).

6. It was the general consensus of the board to set the graduation date for May 22, 2011, 1:00 p.m., in the high school gym.

7. We are still waiting on a letter from the state regarding the status of the $250,000 grant. The board will give permission to our architect to draw up plans to complete sections of the Apollo roof and possibly remaining sections of the high school roof. The drawings for the high school ADA bathroom were reviewed and the remaining stimulus money will be used for this along with indoor handrails in the junior high gym.
8. Principal Albert recommended May 22\textsuperscript{nd} as the graduation date. Principal Olson said the 8\textsuperscript{th} graders have been taking the Explorers test. Principal Fleuette indicated the Country Bank employees had contributed money toward Apollo’s Care fund and their school has been doing MAP testing. Principal Robinson also stated New Boston has been administering MAP testing and looking at data.

On roll call, the following members answered present: Retherford, Forret, Hank, Shoemaker, and Ball.

Absent: Willits and Yates (arrived at 7:31 p.m.)

Also present: Supt. Boucher; principals Fleuette, Nelson, Albert, Robinson, and Olson; faculty members Mike Chausse, Kay Hucke, Stacey Day, and, Jenny Robinson ; no reporters; also, Pastor Dietmeier, Ryan Struble, Marta Tucker, Jim Rillie, Janelle Reed, Rock Island County Regional Supt. Jim Widdop, IPA representatives Mark Hepner, Patrick Helling, Mike Nitzel, Egan Colbrese, and secretary Connie Hilligoss.

CONSENT AGENDA 1. There was a motion by Hank, seconded by Forret, to approve the following items from the consent agenda:
   b. Bill List.
   Roll call: 6 Ayes, no Nays. Motion carried.

PRESCHOOL GRANT 2. There was a motion by Forret, seconded by Hank, to submit a preschool grant joint application for 2011/12 with United and West Central under the administration of the regional office of education. Roll call: 5 Ayes, one Nay. Motion carried.

LETTER TO STATE REPRESENTATIVES 3. There was a motion by Hank, seconded by Yates, to authorize the superintendent to send letters to our district state representatives to let them know our negative thoughts about the governor’s proposal to cut transportation funding from the 2011/12 budget. Majority of Ayes by voice vote. Motion carried.
SENIORITY LISTS

4. There was a motion by Hank, seconded by Ball, to approve the 2011 staff seniority lists for both certified and non-certified personnel as presented with the correction in the non-certified aide category that changes the start date of Larson to 8/25/09 so in turn this moves her position above Kernan. Majority of Ayes by voice vote. Motion carried.

CLOSED SESSION

5. There was a motion by Retherford, seconded by Yates, to go into closed session at 8:45 p.m. to discuss personnel. Roll call: 6 Ayes, no Nays. Motion carried.

The board went into open session at 9:50 p.m.

RETIREMENT RECONSIDERATION

6. There was a motion by Forret, seconded by Yates, to deny Marcia Krstics’s request to reconsider her retirement request as submitted using 2009/10 as the base year. Roll call: 5 Ayes, 1 Nay. Motion carried.

RETIREMENT

7. There was a motion by Ball, seconded by Retherford, to accept with regrets the retirement request from music teacher Susan Kenney at the end of the 2015/16 school year. Roll call: 6 Ayes, no Nays. Motion carried.

RETIREMENT

8. There was a motion by Forret, seconded by Ball, to accept with regrets the retirement request from special education teacher Kasi Scott at the end of the 2015/16 school year. Roll call: 6 Ayes, no Nays. Motion carried.

HIRE SPEECH THERAPIST

9. There was a motion by Forret, seconded by Yates, to approve hiring Kelsi Schnack as the Apollo speech therapist for the 2011/12 school year on the salary schedule (Masters degree, no years experience) plus 10 extra days each year. Roll call: 6 Ayes, no Nays. Motion carried.

RESIGNATION

10. There was a motion by Yates, seconded by Retherford, to accept the resignation from New Boston aide Doris Leopard effective February 14, 2011. Majority of Ayes by voice vote. Motion carried.

REDUCTION IN TIME

11. There was a motion by Retherford, seconded by Yates, to reduce the work schedule of paraprofessional Colette Sunken effective March 24, 2011 to a half-time one-on-one paraprofessional position. Roll call: 6 Ayes, no Nays. Motion carried.

INCREASE TIME

12. There was a motion by Retherford, seconded by Yates, to increase the work schedule of half-time paraprofessional Cimion Norwick to include parent training coordinator at New Boston making her position full-time effective March 25, 2011. Roll call: 6 Ayes, no Nays. Motion carried.

MATERNITY LEAVE

13. There was a motion by Retherford, seconded by Yates, to approve the 6-week maternity leave request from Apollo PreK teacher Asya Fisher beginning approximately April 25, 2011. Majority of Ayes by voice vote. Motion carried.

ADJOURN

14. There was a motion by Retherford, seconded by Yates, to adjourn at 10:00 p.m. Majority of Ayes by voice vote. Motion carried.
OTHER REPORTS AND DISCUSSIONS:

ADDITIONS/DELETIONS 1. The following items were added to the agenda: 13A. Cursive Writing and 8A. Discussion of governor’s proposed budget cuts.

CORRESPONDENCE 2. A thank you note was read from the Hyett family for the memorial money.

PRINCIPAL OF THE YEAR AWARD 3. The Black Hawk Division of the Illinois Principal Association has chosen Rob Reed to receive the Principal of the Year Award. Rob’s wife Janelle accepted the award on his behalf. Four principals (Patrick Helling, Mark Hepner, Mike Nitzel, Egan Colbrese) and Rock Island Regional Supt. Jim Widdop were present to show their support for Mr. Reed. They commented Mr. Reed has been a positive role model for students and has strong leadership skills.

NEW HIGH SCHOOL COURSE 4. High school math teacher Stacey Day along with other high school teachers (Kay Hucke, Jenny Robinson, Mike Chausse) were present to inform the board about a possible new high school course for next school year that should improve test scores. The math and English departments have been meeting to develop a plan to put a new course into the curriculum. The class would cover math and English concepts with the purpose of preparing students to take the ACT and PSAE in the spring. The course could be a zero hour or 10th hour course. Another consideration would be to eliminate study halls for Sophomores, Juniors, and Seniors. The advisory block could be extended at the end of the day or the course could be taught during a prep period. To free up teachers, it was suggested that lunch duties be supervised by non-certified staff. There could be scheduling problems so this would also need to be reviewed. Board president Shoemaker suggested a syllabus of the course be established. The teachers are still debating curriculum content so they would like to come back to the next board meeting with a recommendation.

PRESCHOOL GRANT 5. Next year’s preschool grant application was discussed. Next school year the state will not be funding all districts so the grant will be more competitive. To increase our chance of funding, we need to consider having a joint application with West Central and United. There would be no change in our staff, pay rates, number of programs, etc. The only change would be in the administration of the grant from our local coordinator (Linda Beguelin) to the regional office of education. The board thought the joint application was a good idea.

FINANCE 6. Finance was discussed and in particular the governor’s proposal for school districts. The transportation grant would not be fully funded so more revenue would need to come at the local level. To somewhat compensate for this the governor is proposing the foundation level for general state aid would be increased. He is also pushing for consolidation of the 868 school districts in the state. Another consideration would be to close 45 regional offices throughout the state. The board authorized Supt. Boucher to write a letter to our district representatives (Pat Vershoore and Michael Jacobs) stating our negative opinion regarding the proposed transportation funding. The board also reviewed charts supplied by ISBE consultant Mark Anderson comparing our district with two other nearby districts in the areas of salaries, benefits, services, supplies, and
capital outlay in three main funds Education, Building, and Transportation. It showed the three districts spend close to the same percentages for salaries and benefits in the Education fund (84.6% District A, 82% District B, & 80% for our district).

**BUILDING & GROUNDS**

7. The prototype for the junior high gym handrails has been fitted and now bids for the 24 handrails will be accepted. A wheelchair platform in the junior high gym was also discussed. There has been a leak on the new high school roof so the company will return to alleviate the problem.

**BLACK HAWK AREA SPECIAL EDUC. DIST.**

8. Our assistant from BHASED has conducted the annual needs assessment for our special education programs. It is suggested that a half-time person be added at New Boston but this could handled by rearranging staff at the junior high.

**ADM. REPORTS**

9. Mrs. Albert reported that this week is FFA week and today was “drive your tractor to school” day. Mrs. Olson said the junior high Explorers recently attended the annual Science Olympiad at WIU. Mr. Nelson explained the ISAT testing window has been changed to March 7-18 due to snow days. He also talked about the book Nineteen Minutes that incorporates bullying consequences and is being read by the high school health class. There is some controversy with the book’s content including profanity and sexual content. A parental permission slip is provided so there is an option for students not to read this particular book. Mrs. Robinson stated on the last school improvement planning day both elementary buildings met and discussed core standards. There will be an upcoming assembly on Friday about bullying. Mr. Fleuette reported Family Science Night would be March 29th and Apollo’s preschool screening will be February 24th.

**CURSIVE WRITING**

10. Board president Shoemaker wanted to know if our schools still teach cursive writing. Both principal Robinson and Fleuette stated it is taught in the 2nd and 3rd grade levels.

OTHER REPORTS AND DISCUSSIONS:

BOARD COMMENTS
1. Steve Willits commended the junior high wrestlers for a job well done and also the high school scholastic bowl team for winning the regional competition.

BILL LIST
2. The board questioned the bill for removing the lights at the high school gym. Mr. Boucher explained these were old non-working lights that did not get removed when new lights were installed. President Shoemaker commented on the $600 cell phone bill. He also stated from a report the cash flow in February was $502,000 in revenue and $600,000 in expenses.

HIGH SCHOOL MATH & READING CLASS DISCUSSION
3. Stacey Day and Mike Chausse were again at the meeting to present material and answer questions involving the new high school math/reading class. The goal is to get student skill levels up to receive higher test scores on the Prairie State Achievement Exam. Those students who pass the pre-test as sophomores may opt out of taking the class as juniors but would encourage juniors and seniors to take electives instead of study halls. The teachers indicated they would be willing to eliminate one minute from each period to add 8 minutes to the advisory period at the end of the day making it 32 minutes long. To analyze how the class is working, two years is needed to determine results whether to continue the class. Officially, the name of the class would be Standardized Test Prep.

TIF ORDINANCE AMENDMENTS
4. At the March 21st City of Aledo council meeting, the council will be discussing amendments to the TIF ordinance. Some of the proposals include setting up adjacent TIF areas and rights to issue TIF bonds for upgrading projects. The board agreed to send a letter to the City opposing such proposed changes to the
TIF program that may affect the school district’s loss of immediate revenue from property taxes on land in a TIF district.

CRISIS PLAN
5. The administrators, police chief, and county sheriff, worked together to revise the district’s crisis plan that deals with various situations and how to deal with them in the schools. This is a document that is refined every year due to various situations that may change or new crisis situations that may develop.

TRANSPORTATION
6. The district has not received any transportation funding from the state for the 2010/11 school year. Governor Quinn is proposing a $95 million dollar statewide cut in transportation for 2011/12 that calculates to approximately 83% cut in our funding. He has also proposed an increase in the general state aid but we would have to use some of that money to help fund our transportation if his plan passes. In the meantime, the board needs to consider some other alternatives for transporting our students that may involve some cuts in bussing routes, central location pick up, extra trips, etc. Supt. Boucher is gathering information to send a letter from the board of education to our area representatives to strongly oppose any cuts in transportation for the welfare of those districts especially rural who transport a vast majority of students.

FACILITIES
7. Different facility projects were discussed including building window well covers for the high school weight room, update on the Joy building widows, tree trimming project at the junior high that has been completed, update on platform lift at high school, wheelchair area in the junior high gym, and the roofing project areas at Apollo that may be completed (above office, kindergarten rooms, above gym).

FINANCE
8. Different financial issues were discussed including receipt of our third property tax payment that is short $94,000 due to delinquency and tax challenges, contacting 3 or 4 financial gurus who could address the board regarding finances, and reviewing the bookkeeper’s report on monthly salaries for all job classifications. Board member Willits thought we needed to look at the budget on an accrual basis.

BOARD POLICIES
9. The first reading of a new set of IASB policies was discussed. Supt. Boucher highlighted some of the policies: 4:15 Identity Protection, 2:140 Electronic communication between board members, and 5:150 Personnel Records. The board policies will be adopted at the March 23rd board meeting.

JR. HIGH HEALTH & P.E.
10. Mr. Nelson presented information about teaching health during P.E. class. The junior high principal, P.E. teacher, and science teachers have met regarding teaching health during P.E. class. They are recommending to have most health objectives taught in 7th grade science with the rest being taught by the P.E. teacher for one week each semester.

ADM. REPORTS
11. Mr. Fleuette reported they have been taking ISAT tests and family Science Night is March 29th. Mrs. Robinson said they have also been taking ISAT’s; their building had a SAFE mode drill; the school raised $300 in the math-a-thon for St. Judes; they also raised $1000 for jump rope-a-thon for heart; and, a benefit for a PreK student will be held at the VFW. Mr. Nelson reported the intermediate
school has been taking ISAT tests. Mrs. Olson reported the science Explorers will be heading to state on April 15th; a new water fountain replacement will cost $529; and, if possible the junior high needs a cheap new washing machine or a good used one. Mrs. Albert reported the FFA banquet will be held March 10th and the Public Speaking Contest was already held Feb. 23rd where Rachel Hawk placed first in “Prepared” and Adam Lloyd placed second in “Creed”.

ADJOURN
13. There was a motion by Yates, seconded by Willits, to adjourn at 10:05 p.m. Majority of Ayes by voice vote. Motion carried.

OTHER REPORTS AND DISCUSSIONS:

BOARD COMMENT
1. Board member Willits commented he has had some calls from high school senior parents who are upset there will be no scheduled study halls for their children next school year especially when they are involved in sports and do not have time for homework. More discussion will take place after more agenda items have been discussed.
SCIENCE EXPLORERS  

2. Jr. High science teachers Barb Reick and Shelly Reusch along with the student explorers class presented various science projects they had done for regional competition where they earned 3rd place. The group has qualified to go to state competition on April 16th at the University of IL. There are 15 students on a team who compete in 23 events. The following are different areas of competition: anatomy, bottle rocket launch, shock value, crime busters, powders, towers, battery buggy, junkyard challenge, and optics. Mrs. Reick and Mrs. Reusch thanked the parents, teachers, administration, and board for their support. Tom Tucker, Ann Meminger, and Richard Zimmerman also helped the students with their projects. The board commended the explorers for a job well-done and wished them success at state competition.

BOARD COMMENT  

3. Board president Shoemaker inquired about the letter the district has sent to the City of Aledo stating their concern regarding the TIF amendments. He would also like an opinion from our attorney to present to Bushe Human Resources stating we are in compliance with the laws regarding health insurance.

RECI PROCAL REPORTING AGREEMENTS  

4. From time to time, the police and sheriff departments exchange information with the district that help us deal with situations more effectively about students. The written agreements were reviewed and will be signed by all three parties.

BOARD POLICIES  

5. The board reviewed board policies regarding electronic communication between board members, personnel records storage, compliance with drug-testing laws, nursing mothers, and other policies not mentioned. The board inquired if we had a policy on sexting and were informed we do.

FINANCE  

6. Supt. Boucher reported on revenue that has been received since the last meeting. Along with general state aid, we have received $56,000 for special education reimbursement, $9,000 for preschool, $18,000 for federal lunch, $16,000 for Title 1, $11,000 for Title 2, $118,000 for regular transportation, and $22,000 for special education transportation. Supt. Boucher showed the board how the proposed 1% sales tax question to the public will appear on the April 5th ballot. The board discussed if they should encourage voting yes to this question but agreed to let the public vote without pushing the issue. President Shoemaker requested the principals prepare a list of capital outlay items ($1000 and up) by June 1st to help in preparation of the FY12 budget. The finance committee will be meeting March 30th, 5:00 p.m.

DISCUSSION OF NEW HS COURSE  

7. Due to senior parents contacting the board about seniors not having a choice for a study hall, the board re-addressed the advisory period and new reading & math course. The freshman and sophomores can have study halls and if juniors have met certain criteria they may opt for a study hall. The requirement for seniors to take electives and no study halls has met some resistance especially for student athletes. The board discussed an appeal process for seniors. After much discussion the board decided they should move forward with the new class and see what develops next year. The class can be re-evaluated and tweaked if necessary.

ADM. REPORTS  

8. Mrs. Robinson commented on the following: ISAT testing is done; preschool screening is over; the school has conducted a Safe mode drill with law
enforcement authorities; and, both elementary buildings are working together to align the curriculum. Mr. Fleuette stated at the recently held kindergarten roundup 52 students are expected to enroll next school year; and, science night will be March 29, 2011. Mr. Nelson indicated the health department is presenting a program called Heart Smart; and, as part of the Intermediate school’s benchmark expectations they are trying to establish a smoother transition from the elementary to intermediate and intermediate to junior high schools curriculum to enable students an uninterrupted learning experience. Mrs. Olson stated the junior high wrestlers placed 4th in state; the building had a code red fire drill; selected students recently attended the Prairieland Choral Festival; and, 8th grade promotion is set for May 24th at 2:00 p.m. Mrs. Albert reported the lift project will begin March 31st; and, the variety show will be March 26th at the high school.

INTO CLOSED SESSION 7. There was a motion by Retherford, seconded by Yates, to go into closed session at 7:53 p.m. to discuss personnel. Roll call: 7 Ayes, no Nays. Motion carried.

The board went back into open session at 9:45 p.m. with all members present.

ADJOURN 8. There was a motion by Willits, seconded by Retherford, to adjourn at 9:46pm. Majority of Ayes by voice vote. Motion carried.

OTHER REPORTS AND DISCUSSIONS:

BOARD COMMENT 1. Board president Shoemaker welcomed newly elected board members Barb Chiles, Bill Smock, and Marta Tucker who will be seated at the April 27th board meeting. He also introduced Gavin Sronce who will be next year’s high school principal after the board votes at tonight’s meeting.

FINANCE 2. President Shoemaker and Supt. Boucher met with Sarah Bohnsack (CPA) who is preparing a spreadsheet for the board to help them see our monthly finances showing payroll, supplies, and capital outlay per building. Our current budget shows revenues and expenditures on a cash basis so the spreadsheet will be based upon an accrual system that will help show if we are living within our revenue. Supt. Boucher also reported we received $110,000 more this year in Corporal and Personal Property Replacement Taxes that has been deposited in the Transportation Fund. Board member Retherford asked if we had received the grant approval yet for replacing roof sections at various buildings. We have not received confirmation yet but our architect has bid specs ready. The new board will need to deal with this so it will be put on the next board agenda for discussion. If we do not receive the grant, the board will have to decide how to pay for the project.

CLEANING BUILDINGS 3. A board member has asked that the issue of cleaning buildings be put on the agenda. They feel the high school cleanliness is deteriorating and needs to be upgraded. Supt. Boucher indicated one of our current custodial supply vendors will be conducting a workshop on how to clean, wax, and use products so this should be a useful tool for newer custodians and review for custodians who have been working a long time.

POST GRADUATE EDUCATION EVALUATION 4. Board president Shoemaker would like the board to discuss the possibility of a post graduate education evaluation process that might involve interviewing college/trade school students on how high school prepared them for their future. One suggestion was to send letters to post graduates and invite them back for interviews. Board member Forret suggested each board member talk to one or two post graduates and ask questions regarding their district education. The board could then discuss responses and develop a plan that would help our district better prepare students for future endeavors.
ADM. REPORTS

5. Besides their written reports the principals also added verbal comments. Mrs. Robinson reported there would be a school improvement day on Friday; the health department made a presentation on pandemic flu; there have been 32 kindergarten students registered so far; the hot water heater issue is due to city water conditions; and, hopefully the gym can be painted this summer. Mr. Fleuette indicated they had conducted a lock down drill; the annual spring fling will be held on Friday; and, MAP testing is also given in the spring. Mr. Nelson said the intermediate building had recently conducted a lock down drill also. Mrs. Olson reported Kale Moreland and Bailey Swanson were award winners and will attend the Prairieland Conference meeting with Mr. Dennison and her in May. This Friday the science explorers will be going to state competition so an assembly is being planned for their send off.

BOARD COMMENTS

6. The board requested the principals let them know any big ticket items for next year’s budget. They are aware the high school parking lots and the junior high parking lot need repaving. The board does not want “big ticket” items to be introduced mid-year so now is the time to make a decision on items needed for next school year.

12. There was a motion by Yates, seconded by Tucker, to adjourn at 10:33pm. Majority of Ayes by voice vote. Motion carried.

OTHER REPORTS AND DISCUSSIONS:

BOARD MEETINGS

1. The board was divided on whether or not to meet once or twice a month. Some felt that there was too much to accomplish in one meeting, and others felt that it could be done, as other schools much larger than ours do. It was decided by majority vote to go to one meeting a month, but special meetings and or committee meetings will be added when necessary.

TRANSFER OF LAND

2. Chris DeFrieze, Mayor elect of New Boston, would like the School District to give the City of New Boston the baseball field across the street from New Boston Elementary. Right now, the City takes care of all the out buildings and fencing, and pays for power, and water, etc. for the diamond. The school district mows the outfield during the school year. The Ball diamond is in desperate need of new lights, and in order to qualify for grants offered by Musco Lighting, the City needs to be in full ownership. There was some confusion on who actually owns the ground outside of the fence. Barb Chiles researched this and found that the deed from 1958 is in the School District’s name. It was decided that more research needs to be done on liability insurance, usage rights, cost estimates, surveying and transfer of ownership. This topic will be put on the next agenda.

ENERGY AUDIT

3. An Energy Audit was done for the Intermediate School. The audit had 7 recommendations to help save energy.

   1. Occupancy Controls in each room – These consist of Auto shut off sensors that would detect movement in the room, and would shut off lights if no one was in there after a certain amount of time.
   2. Replace bulbs to 28 wattage as they burn out.
   3. Air handling units – Right now the heat or cooling is either on or off. These units would be like “dimmer switches” in each room to control how much heated or cooled air blew into the room.
   4. We have two 100 gallon water heaters. Turn the one off that is hooked to the locker room showers and is no longer in use.
   5. Install controls on water heater to go down at night, weekends, or summer months.
   6. New code states that we must have fresh air coming in all the time, which means that you could be heating zero degree air coming in from outside in colder months. They recommend Carbon Dioxide sensors to lessen fresh air coming in and heating it.
   7. Seasonal and nightly setbacks.
Barb Chiles recommended that we have a committee meeting with faculty regarding ways to save energy locally. She suggested placing signs above light switches that say “turn off the lights” for a start. Bill Smock suggested visiting other school districts that utilize the above mentioned sensors to see how well they actually work.

**FINANCE**

4. Dwight Shoemaker and Superintendent Boucher met with Sarah Bohnsack (CPA) to see her preliminary work on preparing our budget on an accrual basis. A tentative meeting for May 4th was planned for a committee meeting with her to go over numbers. Marta Tucker posed a few questions on the cost of this work, whether or not an accrual system is used in other school districts, and if this process was voted on by the board. Mr. Shoemaker did not know the hourly cost of the CPA, but insists that this is necessary due to all the retirees that we have coming up with bonuses. President Ball said that he likes the idea of having the budget laid out on this spreadsheet to easily see where our finances stand, but a committee needs to be established first since the board has reorganized. It was then decided that more research was needed before we proceed any further on this matter. There will be no meeting scheduled at this time.

President Ball read off figures from the School District’s budget history. He noted that we have saved 1.2 million dollars since consolidation, and that it was definitely the right direction.

**REGISTRATION FEES**

5. Previously, it was thought that the Food Service Program was running in the red $91,000, but after research with other districts, it was shown that the budget is unclear due to job descriptions and whose salaries are actually considered to be coded Food Service. Depending on how this works, the debt could only be $21,000. The board would like to keep the fees for registration and meals the same, but we need to check with the bread and milk suppliers to make sure they are not going to raise prices substantially. This will be discussed at May Board meeting.

**ROOFS**

6. $328,000 is needed total for all Apollo roof repairs. Sarah Bohnsack, the CPA assured us that we had the money to do this. The architect has bid specs ready, so we need to find out how long we can wait before bidding the project. We did not get the grant that we were expecting. This issue will be put on the May agenda.

**ADMINISTRATIVE REPORTS**

7. Besides their written reports, the principals also added verbal comments. Mrs. Robinson reported that MAP testing has begun; they had the CATCH Carnival with great attendance – approximately ¾ of student body, sponsored by the Soybean Association where a “Food Play” was presented with jugglers and student participation. Mr. Fleuette reported they also had started MAP testing. Mrs. Olson reported the Junior High Science Explorers medaled in 4 events at State; the drinking fountain had been ordered; and the PLC Choral Festival, hosted by MCJH, was a big success and well attended. Mrs. Albert indicated that EXPLORE, PLAN, and PSAE testing had taken place at the High School and all went well; Seniors worked in groups on different activities throughout the day; Juniors were provided breakfast to give them a better start to testing; Awards night is coming up and two board members are needed for graduation to hand out
diplomas. Several volunteered. Mr. Nelson was absent because he was announcing at our High School Track invitational.

NBE BATHROOM RENOVATIONS 3. Renovations for the 3rd floor bathroom at New Boston Elementary will proceed after approval by tearing out dividers and adding different partitions. The work will be completed by Doug Giles and will make the bathroom ADA accessible. The work should take around 2 days after supplies arrive.

REGISTRATION FEES 4. Registration fees will remain the same for the 2011/2012 school year, but will
FOR 2011/2012

Neighboring schools will be asked for their fee lists to see how ours compare. The matter will be revisited in the future.

Registration fee delinquency was discussed, and the hardship it creates with low income families. There were differing opinions on whether or not to raise the fees, and it was mentioned that there are a great number of families who still haven’t paid for this current year. It was requested that a count of those unpaid fees be prepared for the next meeting.

LUNCH PRICES

5. Mr. Shoemaker would like a committee to research the lunch prices to see if we need to raise them to cover the increase in food prices. The 5210 plan will also be researched.

BUDGET AMENDMENT

6. The Board discussed amending the current budget presented to accommodate spending changes. This amended budget will then go on display for 30 days before the final budget is voted on and approved. - Wellness: Shoemaker, Forret, Chiles

ADMINISTRATIVE REPORTS

8. Besides their written reports, the principals also added verbal comments.

Mr. Fleuette reported the second graders attended ACE at the fairgrounds, despite the unseasonably cold weather. He brought in Lost and Found clothing to pass around to those without jackets. A question was asked about the temperature cut off for outdoor recess, in which Mr. Fleuette answered 20 degrees.

Mrs. Robinson reported the fire alarm is working after a day of repair and noisy testing of the mechanism. Food Play from the Illinois Soybean Association was a big success, as well as the CATCH Carnival.

Mr. Nelson gave Kudos to Mrs. Riddell for using strategies learned at a recent conference in her class. He expressed regrets that she would be transferring to Apollo next school year. Mr. Nelson also wanted the Board to consider a part time custodian for the MCIS due to the resignation of John Koresko.

Mrs. Olson reported the success of the Junior High Fine Arts Festival that was held at the Junior High recently. Attendance was good, and the talent was exceptional! She praised Kelly Meece and the art students for the local ads

OTHER REPORTS AND DISCUSSIONS:

PRE-MEETING TOUR
1. Mr. Boucher and the Board members toured the Junior High prior to the meeting.
2. Barb Chiles congratulated Dylane Riddell and Miranda Biddle for placing 11th & 16th at the State track meet in the discus and 3200m. Congratulations also went out to their coaches Deb VanderHeyden, Rita and Dan Greenspan. Mick Louck and members of the boys track team also went to State. Those involved were Andrew Christie, Sam Whan, Payton Holmes and members of the 4 x100 and 4x200 relay teams.

Two teachers, Michelle Aldinger and Kelly Matlick, earned their Masters Degrees.

Bob Stockham received a “Lifestyle Change Award” from the American Heart Association. He earned the most money on the recent Heartwalk.

3. Dates were presented for BOE conferences. Doug Ball relayed information on past conferences he has attended. He noted that it was a good decision that these conferences were put off last year due to financial prudence, but they should be considered this year. Marta Tucker would like to be as involved as possible with the State Board. Dates will be discussed, and reservations will be made as soon as schedules can be worked out.

4. The utility bill from the City of Aledo always comes after the Board meeting, but is due before the next meeting is held. The Wal-Mart bill has the same issue. To avoid late fees, the board voted to approve these bills early.

5. A Special Board Meeting was scheduled for June 6th, 2011 at 5pm at the District Office to meet with Attorney Beth Jensen and approve Apollo Roof bids. The negotiations committee will then meet with the teachers at 6:30pm.

INCREASE COOK HOURS 24. There was a motion by Yates, seconded by Tucker, to add one hour daily to Julie Oary’s work day as cook.
Roll call:  6 Ayes, no Nays.  Motion carried.

ADJOURN 25. There was a motion by Shoemaker, seconded by Smock, to adjourn at 10:52pm.
Majority of Ayes by voice vote.  Motion carried.

OTHER REPORTS AND DISCUSSIONS:
BUDGET HEARING

1. There budget is the same as September except for individual budgets might have swapped dollar for dollar. All funds are in the black. The revenue is higher than expected. $300,000 for payroll is left to pay on this budget, which will make $12,554,000 as of June 30th.

There was discussion about how to cover Transportation, since the State has cut funding. Money will have to come out of the Education fund, and the CPPRT money, which normally went to the Education fund, will now go to Transportation. FY end shows $500,000-$600,000 in the black.

BOARD COMMENTS

2. Dwight Shoemaker commented that there are less jobs in Illinois which means less corporate taxes. Higher tax rates mean less jobs and less money for schools. He wants voters to be educated on these facts.

Former graduate interviews are being scheduled in order to find out how prepared they were for college and/ or the work force. There was discussion on relevance, due to the fact that we are a new district, and the graduates would be from the former Aledo or Westmer School Districts. Marta Tucker and Barb Chiles commented that they would rather wait and interview Mercer County graduates in a few years. Don Yates and Dwight Shoemaker are still in favor. It was agreed to have someone come in for the meeting on June 22nd 7pm at the High School–closed session.

Tentative interview topics
   - Introduction
   - College or Work
   - Major
   - Classes taken in High School
   - What were you prepared for
   - What were you not prepared for
   - Ideas for improvement
   - Questions

RECOGNITION

3. Kathy Olson was recognized for a job well done, as it was her last meeting as Interim Principal for the Junior High.

Connie Hilligoss was also recognized as it was also her last meeting before her retirement. She will be missed, to say the least.

COORESPONDANCE

4. Rowena Parsons sent a card to the District thanking them for the Memorial sent after the loss of her mother.

Sharon Chandler sent a thank you card to the District for her retirement present.

Bill Fleuette and family sent a thank you card for the support of the District after the loss of his sister.
AMENDED BUDGET
5. Doug Ball commended those involved in preparing the amended budget on a job well done.

ATHLETIC FIELD RENOVATION
6. Rusty Ruggles reported on the status of the Athletic Field Renovation. The timeline is on hold for now because there is not enough time to finish the next stage before winter. There is enough money right now to go ahead with the lights, but the lighting project has to be engineered along with other projects. Fundraising is still going on and going well.

TECHNOLOGY LEASE
7. Kim Sheese, along with Bob Beguelin and Geoff Long, spoke about the need for technology upgrades and using money from the levy on technology leases. Kim reported that there are 500 computers in the district, and 99 of those are between 4-11 years old. 71 of the 99 are 6-11 years old. The Junior High and New Boston Elementary need additional student computers in classrooms. A computer rotation needs to be in place to keep them from becoming antiquated.

The Tech team would like to replace all teachers’ desktop computers at Apollo, NBE, and MCJH as well as providing an additional student computer in each classroom in the 3 buildings. The plan is to use the $60,000 from the Lease money as a down payment for the new computers and make smaller payments later.

Doug Ball and Dwight Shoemaker commented that they would like more information on the quantities requested and different options in the lease durations, etc.

A full cycle of the technology purchase plan with quantities will be laid out at the July meeting. Bids will be accepted for the computer purchases.

NEW BOSTON FIELD
8. The City of New Boston is asking the District to deed the ball diamond land to the City in order to qualify for a lighting grant from Musco Lighting. The District will pursue a lease agreement between the District and the City of New Boston to accommodate both parties. Mr. Boucher will contact Musco lighting to see if a grant could be worked out with the district.

Mr. Boucher has notified the Insurance Representative about insuring the field.

MILK BIDS
9. The lowest milk bid was from Anderson Erickson Dairy Company. The bid will be accepted, contingent on cooler usage. Currently, our coolers are provided by the company we purchase our milk from, Prairie Farms. Mr. Boucher will find out if this bid from A&E includes coolers.

MEAL/MILK PRICES
10. There was discussion on meal/milk prices with a comparison on neighboring schools. It was mentioned that gradual small increases are better than large
increases all at once. It was decided that meals should be increased by 10 cents and milk 5 cents.

PURCHASES OVER $1,000

11. The Administration was instructed to present any items over $1,000 on a wish list for the 2011/2012 school year that would be included in the budget.

- **Apollo**
  - new ceiling panels (sections at a time)
  - baseboards
- **MCIS**
  - cracks in sidewalk
  - chairs for Music Room
  - New reading series
- **NBE**
  - window seals
  - gym repainted
  - new floor scrubber
  - carpet replacement (long term)
- **JH**
  - Bleachers
- **HS**
  - security cameras (5% done)
  - Auditorium ceiling painted
  - Auditorium curtain replacement
  - fix leak in weight room / carpet
  - window screens
  - locker room vent
  - rocks in parking lot

HANDBOOK APPROVAL

12. Updated Student Handbooks for the new school year 2011/2012 were presented with small changes for approval.

ADMINISTRATIVE REPORTS

13. In addition to their written reports, the principals also had verbal comments. Nancy Robinson reported the trim work was not yet completed on the bushes outside the school. NBE made AYP due to “Safe Harbor” criteria. Mrs. Robinson and Mr. Fleuette worked together on Academic Expectations Brochures that line up with Report cards to be passed out at registration and placed on the web. Mr. Fleuette added that MAP Math was slightly below average.

Mr. Nelson and Mrs. Olson had no additions or corrections, but mentioned that Keith Chandler is doing a good job with the landscaping. He is finished at the Junior High.

UPCOMING MEETING DATES

14. **June 22nd, 2011** special meeting at the High School – closed session at 7pm with a 6:30pm building tour prior.

**July 6th, 2011** special meeting – closed session, TBA.

**July 13th, 2011** regular meeting at 7pm at the District office.
Prior to the meeting, there was a building tour of the High School.
