

SKIING&SNOWBOARDING IN BULGARIA - DELUXE WINTER ADVENTURE (7, 4 OR 3 NIGHTS)

02-09 MARCH 2019

Sun, snow, delicious Bulgarian food, comfy and luxurious accommodation with heated swimming pool and sauna, plenty of skiing and snowboarding and heaps of fun in Bansko, **the best ski resort in Eastern Europe!**

The 4* resort is located in the Pirin Mountains, away from the touristy, loud and busy part of Bansko town, up in the white mountains with amazing views and out in nature.

One of the most intriguing attractions in Bansko that makes it unique from other Balkan ski resorts is the UNESCO old town center. Here you can explore the cobbled streets which are filled with beautiful architecture. This area is also home to 'The Holy Trinity Church', which is one of the largest churches in Bulgaria. The old town also has plenty of traditional shops and restaurants for you to visit. If you're looking for something different, then head to new town. The new town is always lively as it has a variety of bars, nightclubs, shopping areas and restaurants.
