

EP-970™ Ltd. Inversion Table

The EP-970™ Ltd. is the top-of-the-line model in the Teeter Comfortrak™ series, elevating the user experience to enhance comfort and ease of use. The Deluxe EZ-Reach Ankle System features an extra-long, smooth ratcheting handle that reduces bend and strain when securing the ankles. Acupressure Nodes and Lumbar Bridge Accessories provide healing pressure and support. EZ-Stretch Traction Handles add stretching and decompression options, large Stretch Max Handles provide assistance and enhanced stretching, and the EZ-Angle Tether marks preset angles of inversion.

Unique or Added Value Features

Deluxe EZ-Reach™ Ankle System

The extra-long handle with gravity lock safety reduces the need for bending when securing the ankles. Ergo-Embrace™ Ankle Supports distribute weight comfortably around the foot and heel. Ankle Comfort Dial™ rotates up or down for a customized fit.

EZ-Stretch™ Traction Handles

Three uses in one: the Traction Handles offer added stretching and decompression options, easy oscillation assistance and a simple release option from full inversion.

Stretch Max™ Handles

Extra-long grip surface assists new users, while also providing enhanced stretching options for more experienced inverters. Features embossed inversion angle guide.

EZ-Angle™ Tether

Specialized guide for rotational control features preset markings at 20, 40, and 60 degrees for beginner through advanced inverters.

Built for the Benefits

Comfortrak™ Bed

Smooth, easy-to-clean surface with innovative track design reduces friction to optimize decompression and comfortably flexes with the user.

Better Back™ Accessories Included

Acupressure Nodes for customized pressure-point relief & Lumbar Bridge for support and deeper decompression of the lower back. Easily installs right onto the Table Bed.

Precision Balanced with Option for Inverted Exercises

Designed for smooth, controlled rotation with minimal effort. Optional secure lockout in full inversion for advanced stretches and exercises to build core and leg strength.

Patented Security Features

Auto-locking hinges, cam locks, specialized pivot bearings and heat-treated steel parts ensure durability and reliability.

Stable Base & Quick-Fold Storage

The heavy-duty steel base with scratch-resistant finish features stability feet that help protect floors. Folds easily for storage. No disassembly required.

Reliable, Trustworthy Performance

UL Listed Label demonstrates independent certification to meet the toughest quality standards.
