

EZ-Up™ Gravity Boots

EZ-Up Gravity Boots are FDA-cleared and offer a lightweight and portable inversion solution that can be used with select Teeter Inversion Tables* with Adapter Kit and Teeter EZ-Up Rack, or even on secure, appropriately-sized bars** at the gym. In addition to standard inverted decompression and stretching, the EZ-Up Gravity Boots allow you to comfortably perform inverted exercises including core strengthening and leg workouts.

Unique or Added Value Features

Unparalleled Comfort

Super-soft 5/8" foam liners are a special blend to give maximum comfort with minimal compression.

Strong, Durable Materials

Boot hooks and calf loops are made of 40% glass/nylon alloy for unmatched strength and durability, plus the pliable yet highly durable DuPont™ Hytrel™ shell weighs just 2 lb.

Dual, Self-Locking Buckles

The unique double-lock system secures the boots around the ankle/lower calf for a customizable, comfortable fit.

Optional Teeter Inversion Table Adapter Kit

Upgrade any compatible* Teeter Inversion Table for use with the EZ-Up Gravity Boots. Simply convert the standard ankle clamps with the Adapter Kit!

Built for the Benefits

Reliable, Trustworthy Performance

Teeter Gravity Boots are FDA-cleared Class 1 medical devices indicated for back pain and related conditions, such as herniated disc, degenerative disc disease, sciatica and more! Trust Teeter for unmatched quality with 35-year legacy and industry leading 5-year full warranty.

Calf Loops

Wrapping behind each leg to create a small bend in the knees, the optional Calf Loops help to reduce the load on the knee joints and tops of the feet.

Fit for All with XL-Size Available

One-size-fits-most design adjusts to a majority of leg/ankle sizes (up to 16 in. calf circumference). The XL Gravity Boots option is 1" larger in diameter and 1½" taller than standard Gravity Boots. Calf Loops only accompany the standard size Gravity Boots, as the extra height of the XL Gravity Boots provide the same function during inversion.

EZ-Up Gravity Boots XL

Use with the EZ-Up Chin-up Bar (sold separately) or at the gym!**
