

Michelle Hong 孔嫻慧

Co-Founder, Rooftop Republic Urban Farming | 雲耕一族創辦人

Rooftop Republic is about reconnecting people with our food and our communities through urban farming. We believe that understanding how food comes from seed to our plate, and being connected to the people who grow your food, is the starting point of making a positive change towards our planet, our health and our communities. Building these urban farms and gardens is also changing the landscape for the city and its people, injecting life and vibrancy into underutilised urban spaces. We design, build and manage urban farms for companies and individuals alike, and have been able to establish 45 urban farm projects in the three-plus years we've been in operation. We are excited to be creating a rooftop garden for The Landmark Mandarin Oriental, growing herbs and edible flowers.

雲耕一族旨在通過都市耕種重新將人與食物和居住社區連繫起來。我們相信，認識食物由種子到送上餐桌的過程，跟種植食物的人連繫起來，會推動我們進一步積極改善地球環境、自身健康和居住社區。建立這些都市農場和菜園也可以改變這城市的環境及居民，將生氣和活力注入一些荒廢沒用的都市空間。雲耕一族可以為公司企業以至個人等設計、建立和管理都市農場，成立三年多以來，已建立了45個都市農場，包括為置地文華東方酒店設立天台菜園，種植香草和食用鮮花。
