

# grenian

BUILDING TOMORROW

Grenian is an independent specialist in natural insulation products. We offer natural insulation solutions for the building envelope from established manufacturers such as Sheep wool insulation and Homatherm.

In addition comprehensive technical support is available in the form of accredited thermal, condensation and acoustic calculations.

**Available products include:**

- » 100% Sheep wool insulation rolls
- » Cork insulation
- » Homatherm wood fibre insulation batts
- » Homatherm rigid woodfibre insulation boards
- » Homatherm blown cellulose insulation
- » Homatherm cellulose batts
