

Connect Day Instructions—February 18th, 21st, 25th

We are so excited that you are going to be joining our team by leading a connect group. Coming up in just a few weeks is Connect Day! This is where you have the opportunity to set up a display using ½ of 6 foot table in the café foyer for our Crossroads body to know what groups are available to them.

Members of our body will stroll through Connect Day to see what groups will be offer, where they will be located, and look for a topic or age group that that they may want to join. These three service days (February 18, 21, 25) will give you a chance to talk with those browsing and recruit for your group as well. Sometimes people choose a group based on location or topic but often time it is based on chemistry or connection so we encourage you to host your display as much as possible.

Your Display should answer the following questions:

- **What/Why:** Why are you hosting this group? What is the topic?
- **Who:** Who is leading the group? (some use a picture for this) Who are you targeting age range or gender? (if appropriate)
- **When:** What day and time will you meet? And when will you be starting?
- **Where :** What is the location of your group? (this can be done on a handout or business card or simply stated in the display)
- As well as any **details** you want them to know: (No children please, bring a finger food, or where they can purchase the book or study guide you will be using) Be as creative as you would like with your display. Many people have use a poster board or project board to get their details out. The sky's the limit.

Displays should be in place by 8:30 am on Sunday, Feb 18th. Displays should also be taken down after 2nd service on Feb 25th.

If you need help with ideas don't hesitate to ask.
