Hillary on Egypt chaos – January, 2011

<http://www.cbsnews.com/video/watch/?id=7241106n>

In my opinion, the concern here is physical management from an emotional perspective.

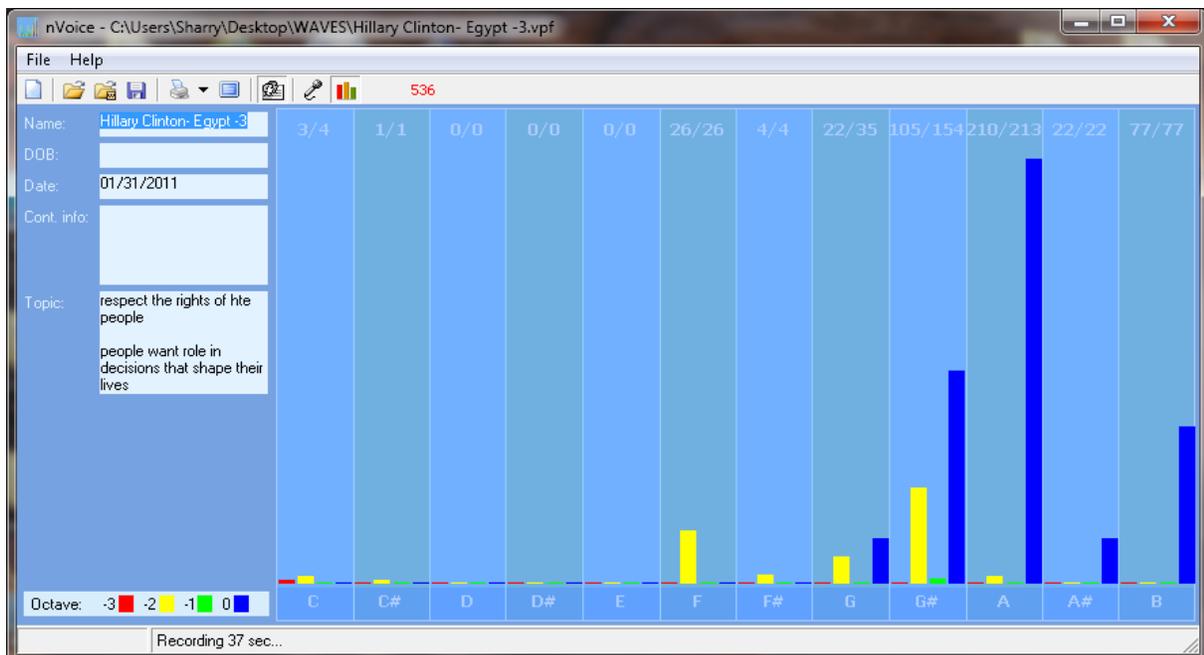

There is a lack of cohesion in the voice except on higher, hidden levels.

Not all of the truth is being told here.

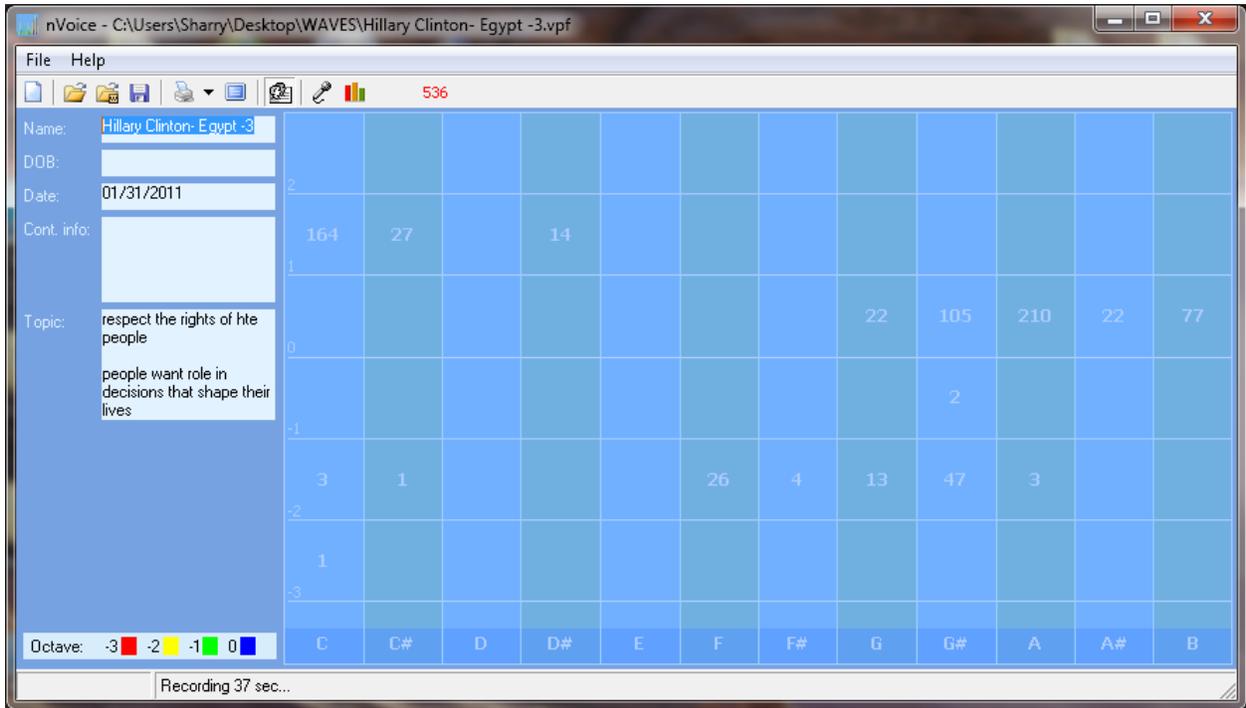

There is a lack of an underlying agenda of caring and an equal lack of words spoken in connection with the feeling.

I think there is concern but also a wait and see attitude about what the people will do and what the world will say. Maybe a dry run for violence in America!

The BLUE note of “A” indicates emotional and spiritual management issues.

What little cohesion there is in this chart is at “G#” – concern for a physical outcome.

Points of Communication, Complications and Complaints

Seeing every side of an issue is important to making the right decision that is for the betterment of all concerned. You can easily put yourself aside for the benefit of others. You can be good counsel for others if you allow them to keep their own systems intact and not insist they follow yours.

You have the ability to organize and prioritize in your head. It may not look that way to others but it is your mode of operation. You like to organize yourself so that everything is at hand and easy to utilize. It is particularly bothersome when people use or borrow your property without permission.

Being appreciated is especially important to you. You sometimes help others to the detriment of yourself. Your emotions run strong and can influence your health.

You don't always know how to fight back to secure what is properly your due. It is hard for you to understand why people take your peaceful nature as being an easy target. As long as a rule doesn't pertain to you or yours personally, you don't often bother to object. You very much appreciate those who come to your verbal rescue.

You like to contemplate an issue before you speak up. You are sometimes reluctant to take the lead. You have good ideas but are sometimes reluctant to speak up. You like the idea of leadership but sometimes take on more than you expected to contribute.

You can easily be distracted from carrying out your plans by a more exciting prospect. You don't seem to have enough time and energy to get everything done that you want to accomplish. You would rather people come to you and ask for help instead of assuming you have the time to assist them.

Points of Cooperation, Learning, Opportunity and Growth

Finding your emotional boundaries is an important aspect of getting what you want for yourself. You don't often plan for the unexpected because you anticipate personal order in your life. If you want others to do more for you, you need to speak up.

You don't mind working to make your environment a place of enjoyment and peace. Working physically toward spiritual balance needs to be a part of your life. What others have is not a concern for you.

Having time for inner thought is important to you. You often put others ahead of yourself. Inner dialogue is important to seeing who you want to be. Calling on the help of spirit can make your life lighter.

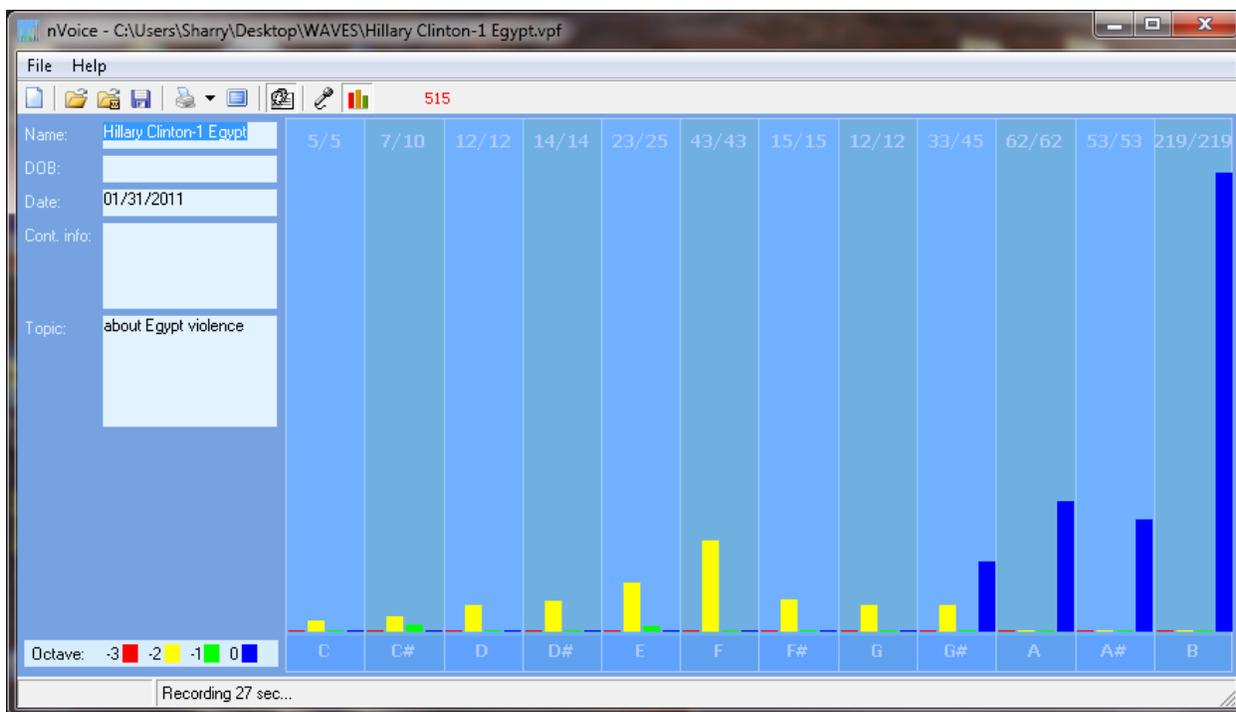

You like to get things done but need a plan first. You don't like people interfering with the way things need to get done. You don't mind helping but you don't want to be kept to a schedule or plan that is not your own.

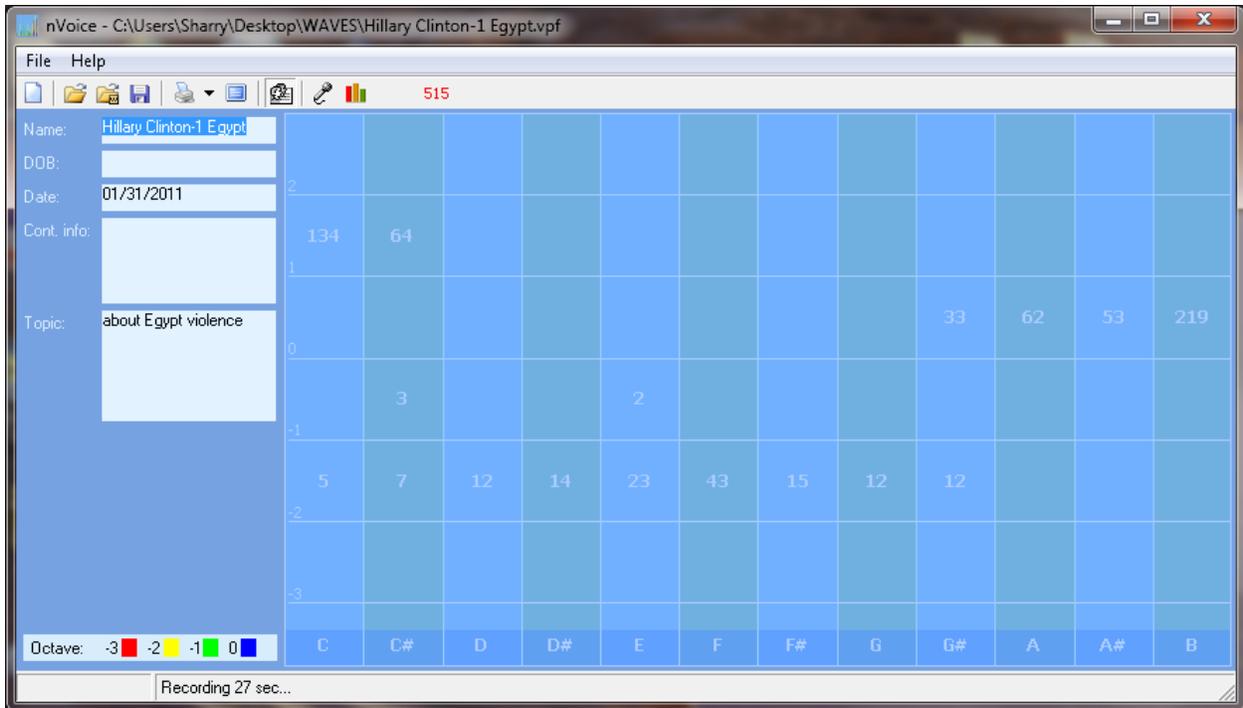

You strive to bring together what others think of you with what you think of yourself. You can second guess yourself in a heartbeat. You let others convince you that your feelings are in error because you care about them and their opinions.

There are indications that issues with cellular oxygenation may need monitoring. Identifying which foods are most compatible with you is important to your digestive health. The process of digestion needs to be considered via enzyme evaluation.

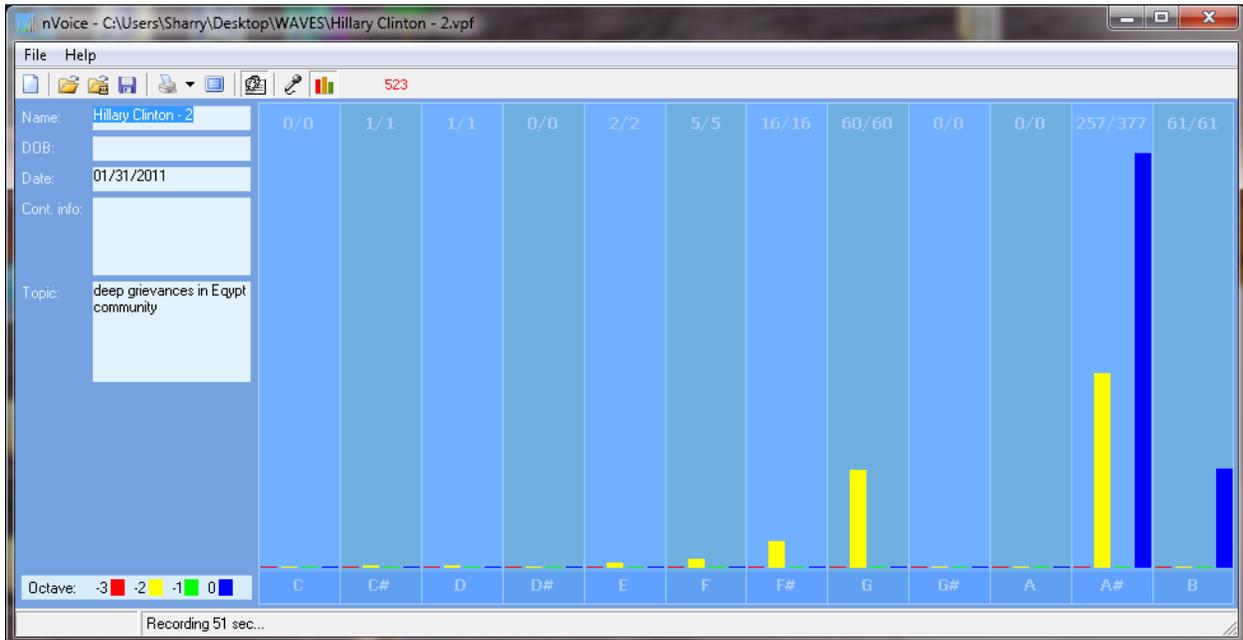

Your self-power will increase when you begin to demand equal treatment. Your desire to help others can override your ability to accept from others. Your position is sometimes a lonely life.

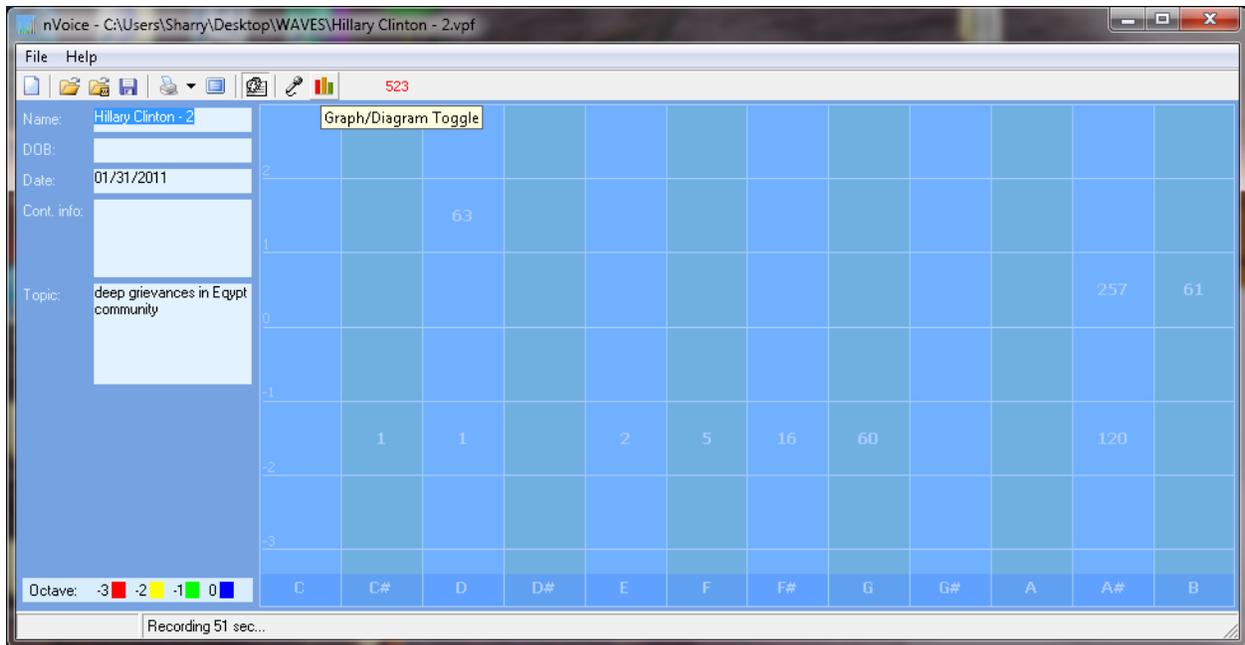

In my opinion, the violence has been thought about on many levels. The cohesion of "G#" is shown again here by the notes of YELLOW and BLUE appearing in the same column. The large sound of BLUE in the note of "B" indicates either an extreme love of humanity (and selflessness) or martyrdom.

Split at "G#" and "A" indicates a higher purpose is being concerned.
