

Title: Choosing the Right screen for the application

Date: Wednesday October 9th

Time: 3:00 pm - 3:45 pm

Room: To be determine

Topic:

We will explore what you need to consider when choosing the best Projector and Screen for an application. Discussion points include Content creation, Ambient light, image size, contrast enhancement, and type of product. Maybe you only need a flat panel monitor or you need a projector and Screen. You will come out of the presentation with a better understanding how to best fit your need.
