**Title: Changing workspace and business challenges**

**Date: Wednesday October 9<sup>th</sup>**

**Time: 1:00 pm - 1:45 pm**

**Room: To be determine**

### **Topic:**

The way we interact in the Modern Workplace has changed significantly over the last number of years and continues to evolve. Enabling UC in the Modern Workplace has become a more and more challenging prospect with the proliferation of huddle rooms, bring-your-own-device, open office spaces and changing workplace demographics. The introduction of Millennials to the workforce is a UC Enablement challenge all on its own! Come join us to hear about where Poly (Polycom and Plantronics) can help your organization realize the goal of enabling UC efficiently while considering all the ongoing challenges.

### **Kevin Birss Bio**

Kevin Birss has over 25 years in the IT Industry focused on UC and enhancing the end-user experience. As a Consulting Architect with IBM his primary focus was enabling UC and Networking solutions focused on driving a strong business case for large Financial Services Institutions. For the last 10 years, he has been working at Poly (Polycom) supporting systems integrators in creating strong end-user focused UC solutions.
