

AV

Legrand AV

Title: The 21st Century Classroom

Date: Wednesday October 9th

Time: 11:00 am - 11:45 am

Room: To be determine

Topic: The concept of education and changes

-We'll talk about the Technology inventory which isn't necessarily a list of the devices so much as its list of the building blocks we have to work with in the classroom for a useful AV system

-Mobile integration (BYOD), one of the most important aspects of classroom integration, students are doing much of their work on Chromebook, Tablets, mobile devices, even smart phones thus we need to understand how this becomes an element of the classroom technology

-The Flipped classroom, how classrooms are really becoming a reflection of the boardroom utilize multi-media technologies to create a more immersive learning experience

- (hearing is believing) sound re-enforcement technologies in the classroom

Troy Wallace Bio

Troy Wallace, RCDD, CTS, brings almost 30 year of Industry experience to Legrand AV Canada, serving as Atlantic Regional Sales Manager and additionally as Canadian National Training Manager. Troy holds a Bicsi RCDD accreditation (Registered Communications Distribution Designer) as well as an Avixa CTS accreditation (Certified Technology Specialist).
