

A Social Story: Going Trick-or-Treating on Halloween

October 31st is Halloween. On this day, children dress up in costumes and go trick-or-treating.

Before we go trick-or-treating, I will put my costume on.

I will go trick-or-treating with an adult I trust. We will walk from house to house and I will listen to the adult, so that I can stay safe!

There are lots of costumes, decorations, and sounds on Halloween. Some of these might be scary to me.

If I'm frightened, I will tell the adult I'm with. I don't have to go to any house that makes me feel too scared.

When I go to a house, I will ring the doorbell, or knock if there isn't one. I may need to wait a moment for someone to answer the door.

When someone comes to the door, I will say "Trick or Treat!" The person will give me a treat to put into my treat bag.

After I receive a treat, I will say "Thank you!" even if it is a treat I don't like.

When I get home, I will look at all the treats I got! Halloween is fun!
