

Festival Clinic and Concert Itinerary

March 7th, 2018

The festival clinic is a check-in with an esteemed guest in order to gain a different perspective on our pieces and our interpretation. This is a highly educational experience for these ensembles and required to attend. Following the clinic time, students will be showcasing the progress of their festival sets at a casual concert at 7p at RCHS PAC. This is a preview concert and students will not be in formal attire; more of an open house dynamic.
