

COMPASSION

Compassion is a trait JEMS teaches throughout the year. Having compassion leads to action and this is modeled in teaching students to understand others and take action in making contributions to our community

JUNIOR LEVELS

In giving back to the community, our students learn through experiencing an annual charity carnival to put compassion into practice.

PreJJ

I help my Family and Friends

J1 - J3

I show kindness with my Hands and my Heart

CORE LEVELS

Compassion in action is an important part of putting our empathy to good use

The differences between Sympathy, Empathy and Compassion are important concepts for students to learn about that allow them to identify how we can make a difference for others in our community.

The annual JEMS Charity Carnival provides an opportunity for students to put their compassion into action by using their creativity towards managing booths at the fundraiser.
