

SENG Accelerated!

***A one-day learning and connecting event for parents/
guardians of gifted learners.***

BVPAGE presents a one-day accelerated SENG (Supporting the Emotional Needs of the Gifted) Model Parent Group. Trained SENG facilitators will introduce and explore topics from James T. Webb's book, *A Parent's Guide to Gifted Children*. It will be helpful (but not necessary) to read the book in advance. The book is available from Great Potential Press, Amazon or at the JOCO Library. Groups of parents will exchange ideas and experiences in a confidential and supportive environment.
