

Leila Sujir's Elastic City Spacey, architectural S3D video projection onto the Roman Baths, Illuminate 2015, January 3-10

## CALL FOR PARTICIPANTS WORKSHOP\_8

# ELASTIC S3D SPACE: EMBODIED VIRTUAL SPACE OBSERVABLE THROUGH THE USE OF STEREOSCOPIC TECHNIQUES

**October 3, 2015**  
**10am - 7pm**

Grey Nuns Residence  
Concordia University (E-104)  
1190 Rue Guy  
Montreal, H3H 2L4

This research exchange brings together researchers, artists and industry experts to share their research exploration on stereoscopic technologies, their effects and possibilities. The event invites international experts to convene with Canadian artists and researchers, while welcoming emerging artists and researchers who are curious about the technology and its effects. We will explore practical issues, ideas, directions and goals for stereoscopic research projects. This exchange gathering will work as a preparation where tests, demos and experiments will be started.

If you are interested to participate, please send a short bio and letter of intent and any support material (images or links) to : [elastic.3d.space@gmail.com](mailto:elastic.3d.space@gmail.com) - **deadline September 23<sup>rd</sup>**
