

20th International Conference on

Emerging Materials and Nanotechnology

June 25-26, 2018 Vancouver

British Columbia, Canada

Speakers @ \$499
Delegates @ \$299

Keynote Presentations

Emerging Materials 2018
20th INTERNATIONAL CONFERENCE ON
EMERGING MATERIALS AND
NANOTECHNOLOGY
JUNE 25-26, 2018 VANCOUVER
BRITISH COLUMBIA, CANADA

Keynote Speakers

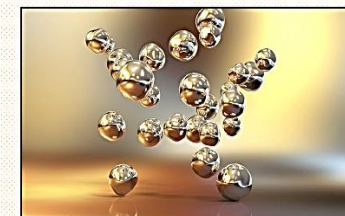

- Aman Ullah
University of Alberta
Canada
- Buta Singh Sidhu
MRS Punjab Technical
University, India
- Aharon Gedanken
Bar-Ilan University, Israel
- Jan J. Dubowski
Université de Sherbrooke, Canada

Conference Highlights:

Emerging Technologies in Material Science
Advanced Emerging Materials
Material characterization and application
Materials and Devices
Emerging Material in Nanotechnology
Next-generation materials
Metals, Mining and Metallurgy
Biomaterials and Bioinspired material
Coating and surface engineering
Materials for energy storage
Polymer and ceramic nanotechnology

20th International Conference on
Emerging Materials and Nanotechnology
June 25-26, 2018 | Vancouver, Canada

Theme: Cutting Edge Excavation of
Research on Emerging Materials and
Nanotechnology

Speaker Slots Available
Contact: Isabella Campbell

Conference Series LLC Ltd
47 Churchfield Road, London, UK, W3 6AY
