1 Direct-drive and integrated design, easy to operate

Humanization intelligent panel, integrated thread cam, advanced machining accuracy, long life timing belt bring stable product quality

2 3 level adjustable LED light

Adjustable LED light can use for all kinds of work environment

3 1.Long life span and power saving

Adopted with ZWB servo motor, high efficiency, power saving

4 1.HVL new logo hand wheel

Beautiful appearance with strong air flow, extend the components maturing, increase the control box life time

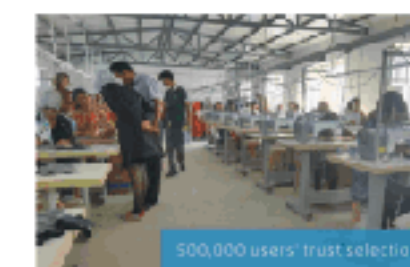

Power saving leader

Intelligent production line

Professional power saving motor manufacturing center

500,000 users' trust selection

- 1.Machine running-in test: 500 hours.
- 2.Control box switch test: 30,000 times.
- 3.LED light switch test: 5 million times.
- 4.Voltage range test: 165V-280V for 200 hours.
- 5.Machine high & low temperature test: -20°C-50°C 500 hours.
- 6.Lightning Test: 3000V.
