

Celtic Knot Bracelet by Jennifer E Ryan

Celtic Knot Bracelet

First 2 cords are crocheted and then woven together using the diagram on the next page

Finished Measurements:

Bracelet length plus clasp = 7 ½"

Knot = 3" L x 2" W

Instructions:

Crocheted cord – Make 2:

Ch 70

Working in the back bar of each chain, sc in 2nd ch from hook and in each ch across. Fasten off leaving an 8" tail for assembly.

**To make bracelet longer by an inch, increase crocheted cord by 6 chains; To make bracelet shorter by an inch, decrease crocheted cord by 6 chains

Weaving the Knot:

**For step-by-step photos and more tips on weaving the Celtic Knot, visit www.celticknotcrochet.blogspot.com and click on the page on the left named, "Celtic Knot Belt and Bracelet Tips and Photos"

Place diagram on Styrofoam block and secure with pins.

With Right Side facing up, place 1 crocheted cord end on block lining up the 11th sc from end with the red star in diagram and secure with a pin.

Celtic Knot Bracelet

Supplies:

Sassy Skein Key West Karibbean Cotton – 1 skein Kiwi (www.sassyskein.com) or any medium weight yarn

Size F/5/3.75mm hook

Photocopy of Knot Diagram – enlarged so knot is 3" L

Styrofoam or cork block – 5" x 5", at least ½" thick

20-30 sewing pins

Ribbon clamps (2), jump rings (2) and bracelet clasp

Jewelry pliers

Yarn Needle

Celtic Knot Bracelet

Continue to lay cord down in pattern of the knot following the arrows along the blue shaded path. Make sure to pass correctly at all crossings- under or over. Use pins to hold cord in place.

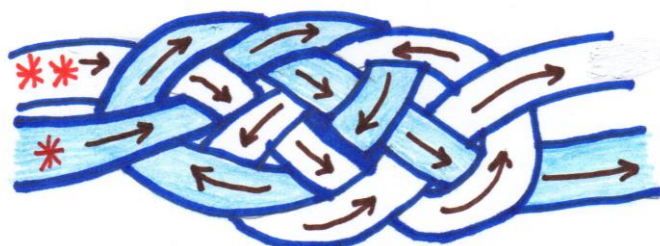

With Right Side facing up, place other crocheted cord on diagram lining up the 11th sc with the 2 red stars and lay cord down along the white path following the arrows. Again, make sure to pass correctly at all crossings – under or over – using pins to hold cord in place.

Adjust all loops and spaces in knot so they are even. Adjust all 4 ends of cords so they are the same length – each have 11 scs from edge of knot.

(Note: For a bracelet that is shorter by 6 chs, you will have 8 scs on either side of the knot; For a bracelet that is longer by 6 chs, you will have 14 scs on either side of the knot)

CELTIC KNOT BRACELET

KNOT DIAGRAM

Finishing:

Overlap ends of cords to form a point using photo as a guide.

Secure both ends with yarn tails and needle.

With yarn needle and yarn tails secure all crossings on the Wrong Side. Weave in all ends.

Attach ribbon clamps, jump rings and clasp to each end of bracelet.

Now it is ready to wear in honor of St. Patrick's Day!
