## £490m UP IN SMOKE

Northern Ireland is reeling from the Renewable Heat Incentive 'Cash for Ash' scandal which has seen £490 million of **your money** committed in an appallingly wasteful and careless manner.

*This could have been spent on:*

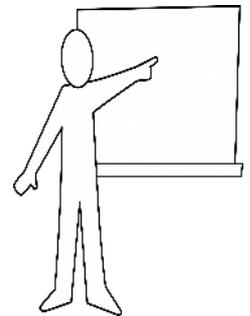

### Health

A serious funding crisis; patients on trolleys and waiting lists unacceptably long, extra funding is desperately needed.

### Education

With half a billion pounds, we could repair or rebuild our crumbling schools, support our students, and pay teachers more for the valuable job they do.

Stewart Dickson MLA,  
8 West Street, Carrickfergus,

# What I have been doing for you:

## Broadband

Promoting faster and more reliable internet access in East Antrim.

## Glenarm GP Service

Working hard to keep Antrim Coast Medical Practice open.

## York Street Interchange

Pressing the Minister for Infrastructure for greater action on developing the critical York Street Interchange.

## Social Value Act

Working to bring forward a Social Value Act for Northern Ireland so Government works with the voluntary sector to best deliver services.

Social Enterprise NI

**Since May 2011, I have been working hard to represent all the people of East Antrim. The above are only a small sample of what I have achieved in the last eight months. Moving forward into an election however, with no budget and having to pay out £85,000 every day for the botched RHI Scheme, making progress in Northern Ireland will be more difficult than ever if things do not *change* in Stormont.**

**Let's make 2017 a year for positive change.  
But, if you want change, you have to vote for it.**

**Vote for a party you can trust,**

**Vote Alliance.**
