Dividend 15 Split Corp. Increases Preferred Share Rate

Toronto, Ontario – September 19, 2019 / Globe NewsWire: Dividend 15 Split Corp. (the “Company”) previously announced on February 21, 2019 it will extend the termination date of the Company a further five year period from December 1, 2019 to December 1, 2024.

In connection with the extension, the Company will amend the dividend entitlement of the DFN.PR.A Preferred Shares (“Preferred Shares”) for the five year renewal period effective December 1, 2019, to pay a fixed cumulative preferential monthly dividend at an annual rate equivalent to 5.5% based on the \$10 repayment value. The Preferred Share distribution rate is based on current market rates for preferred shares with similar terms. Preferred shareholders have received a total of \$8.11 per share in distributions since inception. The dividend policy for the DFN Class A Shares (“Class A Shares”) will remain unchanged.

In relation to the term extension and the Preferred Share rate increase, the Company has an additional retraction right for those shareholders not wishing to continue holding their investment, allowing existing shareholders to tender one or both classes of Shares and receive a retraction price based on the November 29, 2019 net asset value per unit. Alternatively, shareholders may sell their shares for the market price at any time, potentially at a higher price than would be achieved through retraction, or shareholders may take no action and continue to hold their shares.
