

----- Recommendation letter for internship -----

Date: DD MM, YYYY

Dear Mukesh Sharma [Change it to your employer's name]

As a college professor, I get request to write Internship recommendation letters on a very regular basis. But I felt compelled to write this letter to you in regards to Rahul Signhania for Web Development Internship project. Rahul's passion for solving problems make him the ideal candidate for your organization.

Rahul started out as a coordinator at the College Entrepreneurship Cell, but he quickly rose to being the Tech Team manager. Rahul has gone to several hackathons and represented the college. The feedback I regularly get from people around Rahul is that his dedication to learn new technologies and his sense of responsibility make him a strong asset to the team.

Rahul is an extremely responsible young man. He never misses his time at extracurricular activities and he also never misses his classes. In my OOP class, Rahul is at the top of the class and has the respect of all of his peers. Rahul's active profile around the campus has also allowed him to be a resource to broadcast students who have tech questions.

I strongly urge you to accept Rahul for your internship and watch this talented young man go to work for your benefit. If you need more details, please call me at +91-9555141142 or email me at neha.pandit@email.ac.in

Sincerely Yours,

Dr.Neha Pandit [Change it to your HOD's name]
