

High School Students - Make your summer GREAT!

Here are some ideas, below.

Choose activities that interest (and are appropriate for) you!

Find a job * Find an internship * Take a class online (Khan Academy is one idea for this) * Do your summer work for school * Attend art camp, band camp, sports camp, or STEM camp * Start a business * Tutor (paid or volunteer) * Volunteer * Learn CPR and First Aid * Train for and compete in a 5k running race * Exercise 3 times per week * Write and publish an eBook (or a book) * Attend a summer program at a college * Start a bullet journal (any notebook can work for this, look on Pinterest for ideas) * Write down your goals * Make a vision board on Pinterest * Clean up your social media profiles (are they private? Ask your parents to help you decide what's appropriate and what's not EVEN IF your account is private) * Write thank you notes, two per month, to people who may or may not be expecting them from you. * Help kids or people less fortunate than you. * Work to create less trash, and recycle more. * Start a blog. * Help a parent or guardian with a project. * Learn how to cook one new meal for your family. * Attend a talk or other event at your local library. * Go to a farmer's market with a shopping list from your family. * Clean out your closet and take what you don't want to Goodwill. * Subscribe to a channel that interests you on YouTube. * Visit one or more colleges. * Interview at one or more colleges (rising seniors) * Take the strengths assessment at viacharacter.org * Do something helpful for a grandparent or other senior citizen. * Do something to help your hometown. * Read a book on note-taking and study habits. * Read for fun.
