

# West Covina Improvement Association

## An Invitation To The Community:

The West Covina Improvement Association (WCIA), as part of its continuing efforts to keep the residents informed about critical issues confronting the Community, will be hosting a presentation by Brian Jobst, Livable West Covina, regarding the former BKK Landfill site.

Brian's statement concerning this matter is:

**“At over 600 acres, BKK is one of the largest open tracts of lands in San Gabriel Valley. The presentation discusses what every resident should know about BKK – its Past, its Present, and Future Opportunities and Risks. The BKK landfill is unique and special place. Buried there are huge volumes of toxic hazardous waste and trash. Above ground, parts of the land teems with wildlife and native California plants.”**

WCIA has thus far finalized dates for two presentations by Brian.

29 November 2018 6:30 pm – 8:00 pm (Thursday)

West Covina Historical Museum 336 S. Glendora Avenue

13 December 2018 6:30 pm – 8:30 pm (Thursday)

L.A. Co. Library, West Covina Branch Civic Center

Carolyn Arndt,

President
