December 19, 2018

Sophomore Parent/Guardian:

George Rogers Clark High School will be providing an official ACT for all sophomore students this school year. This ACT will be a **national test score** and **will count** for college admission and scholarship opportunities. Students who have an IEP, PSP, or 504 plan will be tested at the end of February, and the remainder of sophomores will take the ACT on March 12, 2019.

The current rate for a national ACT on a Saturday test date is \$50.50, however there will not be a charge to students for this ACT. Also, registration will be automatic for all sophomores enrolled at GRC on the test date.

Please make plans now to ensure that your sophomore will be present on test day for this great opportunity. Please plan any doctor, orthodontic, etc. appointments for a day other than Tuesday, March 12, 2019. We are only able to offer this ACT on March 12th and are not able to provide any make-up test dates, so sophomores who are absent on test day will miss out!

If you have any questions regarding this testing opportunity, please contact our testing coordinator, Eric Osborn, at eric.osborn@clark.kyschools.us.

Respectfully,

David Bolen
Principal
