

THE CAKE CUTTER AND SERVER

By the OXO Company

**SAVE 52
HOURS OF
YOUR TIME**

**IT'S 25 CM LONG
AND FIVE CM WIDE**

The Cake Cutter and Server is 25 cm long and five cm wide. It is made of non-rusting stainless steel.

TWO IN ONE

Because it's a two in one deal, that means less dishes to wash and more time to eat cake! Talk about convenient.

**IT'S
SANITARY**

1,500 bacteria living on our hands

Throughout the whole process, users never have to use their hands or touch the cake, preventing the spread of 1,500 bacteria.

On average, people spend five hours a week washing dishes. That's 260 hours a year. With this tool, cut those hours down to 208.

EASY TO USE

Does the dirty work for you

Simply press down on cake and squeeze the two sides of the handles to lift up the cake and serve it in one easy stroke.
