

Child Protection Policy for Rhythm Junkeys Dance Troup

Statement

The Rhythm Junkeys Dance Troup has a duty of care to ensure the safety and wellbeing of all its students/children whilst taking part in classes with the Rhythm Junkeys Dance Troup. The Rhythm Junkeys Dance Troup, will provide, as far as is reasonably practicable, an environment that is safe and with minimum risk to all who take part.

A child is defined as a person under the age of 18 (The children Act 1989)

Policy Aims

The aim of the Rhythm Junkeys Dance Troup Child Protection Policy is to promote good practice:

☐ Providing children and young people with appropriate safety and protection whilst in the care of The Rhythm Junkeys Dance Troup.

☐ All staff/volunteers to make informed and confident responses to specific child protection issues.

Promoting Good Practice

Child abuse can arouse strong emotions in those facing such a situation. It is important to understand these feelings and not allow them to interfere with your judgement about the appropriate action to take.

Abuse can occur within many situation including the home, school and outside environments. Some individuals will actively seek employment or voluntary work with young people in order to harm them. A teacher, official or volunteer will have regular contact with young people and be an important link in identifying cases where they need protection. All suspicious cases of poor practice should be reported to The Principal.

Good Practice Guidelines

All personnel should be encouraged to demonstrate exemplary behaviour in order to

protect themselves from false allegations. The following are common sense examples of how to create a positive culture and climate.

Good practice means:

- Always working in an open environment avoiding private or unobserved situations and encouraging open communication.
- Treating all students equally with respect and dignity.
- Always putting the welfare of each student first.
- Building balanced relationships based on mutual trust.
- Making dance fun and enjoyable.
- Ensuring any form of manual/physical support required should be provided openly.

It is difficult to maintain hand positions when the child is constantly moving, students should always be consulted and their agreement gained, prior to any support. Some parents are becoming increasingly sensitive about manual support and their views should always be carefully considered.

- Keeping up to date with technical skills, qualifications and insurance.
- Involving parents/carers wherever possible. For example, encouraging them to take responsibility for their children in the changing rooms. If groups have to be supervised in the changing rooms, always ensure parents, teachers and volunteers work in pairs.
- Being an excellent role model – this includes not smoking or drinking alcohol in the company of the students.
- Giving enthusiastic and constructive feedback.
- Recognising the developmental needs and capacity of students – avoiding excessive training and not pushing them against their will.
- Securing parental consent to act in loco parentis, if the need arises to administer emergency first aid and/or other medical treatment.
- Keep a written record of any injury that occurs, along with the details of treatment given.

Practises to be avoided

The following should **avoided** except in emergencies. If a case arises where these situations are unavoidable (eg. The child sustains an injury and need to go to hospital, or a parent fails to arrive to pick up a child at the end of a session), it should be with the full knowledge and consent of the Principal or the child's parents.

- Spending excessive amounts of time alone with children away from others.
- Taking or dropping off a child to an event, unless written agreement is given and accepted between parent and staff.

Practises never to be sanctioned

You should **NEVER**

- Engage in rough physical or sexually provocative games, including horseplay
- Allow or engage in any form of inappropriate touching
- Allow children to use inappropriate language unchallenged
- Reduce a child to tears as a form of control.
- Allow allegations made by a child to go unchallenged, unrecorded or not acted upon.

Do things of a personal nature for students that they can do for themselves.

NB It may sometimes be necessary for staff or volunteers to do things of a personal nature for children, particularly if they are young. These tasks should only be carried out with the full understanding and consent of parents and the students involved.

There is a need to be responsive to a person's reactions. If a person is fully dependent on you, talk with him/her about what you are doing and give choices where possible. Particularly if you are involved in any dressing or undressing of outer clothing, or where there is physical contact, lifting or assisting a child to carry out particular activities. Avoid taking on the responsibility for tasks for which you are not appropriately trained.

Incidents that must be reported/recorded

If any of the following occur you should report this immediately to another colleague and record the incident. You should also ensure the parents of the child are informed:

If you accidentally hurt a student

If he/she seems distressed in any manner

If a student misunderstands or misinterprets something you have done

Use of Photographic/filming equipment at events

There is evidence that some people have used performance events as an opportunity to take inappropriate photographs or film footage of young people. The Rhythm Junkies Dance Troup will always request written parental consent before any photographs or filming takes place, unless contract has been previously signed by parent/Guardian.

Video as a teaching aid: this considered a legitimate teaching aid, which has been agreed by parents/Guardians on signing contracts.
