

DRUG POLICY:

A drug policy has been established by the Clark County Board of Education which states, “Any student who is found to have sold, possessed, or to have used recently, or to have in anyway encouraged the illegal use, sale or possession by another of any alcohol beverages, narcotic/drugs, or any substance represented to be alcoholic beverages, narcotics or drugs, or narcotic/drug paraphernalia shall be suspended until the problem is investigated. If circumstances cause suspicion that an illegal act has been committed, the student shall be referred to the proper law enforcement agency.”
