### Location Needed!

#### Looking For:

- At least 10 feet x 11 feet OR a total of at least 110 feet square
- 2 days a week (of your choice) for 1 hour a day for 8 weeks in a row
- A safe, comfortable, and kid-friendly environment
- Chairs or a comfortable waiting/observing area for parents

#### About the Program

I would like to start a summer program for beginning violin students in the Tucson area for children ages 4 – 6. This program consists of group lessons that will teach students not only the basics of playing violin, but the basics of music through listening, singing, creating, dancing, reading, and writing. This will ensure that young students continue to develop their brains and motor functions during the summer away from school while learning and interacting with peers.

#### About Me

I am a senior at the University of Arizona studying music education and violin performance. In the past I taught group classes, private lessons, and conducted a small string ensemble as part of the University of Arizona String Project. I taught in a wide variety of classes ranging in both age and playing experience. Currently, I am a string coach at Tucson High School as part of the UA String Partnership Program and I perform with the Arizona Symphony.
