Highway Resurfacing in Northern BC

Crews will start work in the coming weeks resurfacing provincial roadways, making the drive safer and smoother for people who travel these routes. "Our government is investing more than \$350 million in transportation projects in northern B.C.," said Claire Trevena, Minister of Transportation and Infrastructure. "Our investments in the North are investments in our communities. And they help create good jobs for people, which is especially important now as we move into the recovery phase of COVID-19." These projects represent a combined investment of nearly \$9 million:

Highways 2, 49 and 97 (Dawson Creek area): resurfacing 2.1 kilometres of Highway 2 from the east side of the roundabout and the junction of Highway 97, 15.4 kilometres of Highway 49 from the roundabout to the B.C.-Alberta border, and 2.8 kilometres of Highway 97 from the junction of Highway 2 to the CN Rail crossing. This project also includes resurfacing of numerous side roads in the Dawson Creek area (budget: \$8.8 million).

Highways 39 and 97 (south of Mackenzie): resurfacing 29 kilometres of Highway 97 from Whiskers Point to Parsnip River Bridge and 25 kilometres of Highway 39 from the junction of Highway 97 to Mill Road (budget: \$3.0 million).

The ministry is working closely with contractors and WorkSafeBC to ensure health and safety are maintained for all workers on site. The B.C. provincial health officer has directed construction employers to take all necessary precautions to minimize the risks of COVID-19 transmission and illness to themselves and their employees. Anyone exhibiting COVID-19 symptoms, such as sore throat, fever, sneezing or coughing, will be directed to self-isolate at home for at least 10 days.

- Chetwynd Public Library Facebook Messenger

What can I take out? (Max 10 items per person)

- ☐ Books
- ☐ Audiobooks
- ☐ Magazines
- ☐ DVD's
- ☐ Seeds (from our seed library)

- ☐ We will confirm your order and arrange a pickup time with you.
- ☐ Orders will be placed in paper bags and your name will be clearly marked on each bag.
- ☐ You will find your bag(s) placed on the boot rack to your right, just inside the first set of main entrance doors at the front of the library.
- ☐ We ask that only one family member or designate enters the library to pick up your order.
- ☐ When returning items to the library we kindly ask you to use our outdoor drop box located at the side of the building facing the school parking lot.

Following the guidelines and information available to us at this time, safety procedures have been implemented for safe handling of the materials to help protect both staff and patrons.

Due to interlibrary loans being closed at this time, we are unable to get books in from other libraries.

To apply for this opportunity, please visit:
www.conumacoal.com/careers

Get to know your new neighbourhood

Although it can be stressful and exhausting, moving to a new home is truly exciting. Best of all, it gives you

the opportunity to experience some memorable moments as you discover your new neighbourhood. Once you've unpacked the boxes and connected all the appliances, take some time to explore your new surroundings and find out what's what.

Explore on foot or by bike or car — keep in mind that you're more likely to meet interesting people if you pass them on the sidewalk. Here are some of the things you'll want to scout out:

- Municipal buildings (town hall, administrative offices, etc.)
- Libraries
- Theatres
- Public parking spots
- Swimming pools (indoor and outdoor)
- Parks with children's play modules (swings, slides, etc.)
- Sports fields (soccer, tennis, softball, etc.)
- Skating rinks (indoor and outdoor)

- Leisure centres (for children, adults and seniors)
- Schools
- Service stations
- Community organizations
- Dog parks
- Medical and veterinary clinics
- Pharmacies
- Food stores (grocery stores, specialty foods, bakeries, etc.)
- Police and fire stations
- Gyms
- Places of worship
- Restaurants (fine dining, family dining, fast food, etc.)
- Cafés, dental clinics, hair / beauty salons and convenience stores

Wandering around your new neighbourhood is also a fun way to get familiar with street names and how to get where you want to go. It might even inspire you to make a list of all the places you want to check out in person in the near future.

You've unpacked all your boxes? Now you can check out the neighbourhood.

For the
up-and-coming artist

Position Available: 4th Class Power Engineer

Location: Hasler Flats, Chetwynd BC

Our company is seeking a 4th Class Power Engineer to join our plant operations team

Shift work, 12 hours days and nights.

We thank all applicants but only those selected for an interview will be contacted.

How to prepare your home for a power outage

A variety of natural disasters, from blizzards and ice storms to hurricanes and heat waves, can damage power lines and leave entire cities in the dark. Here are a few ways you can prepare your home for a power outage.

• **Improve insulation.** Add caulk and weatherstripping around doors and windows. During an outage, cover your windows with curtains or a blanket to keep the heat inside during the winter and outside during the summer.

• **Prepare your fireplace.** It should be cleaned at least once a year. A fireplace is a great source of heat, but a

buildup of debris along the chimney walls can cause a fire or backdraft. Don't forget to top up your wood supply before winter.

• **Install carbon monoxide detectors.** If you already have them, make sure they work and that you have extra batteries. Never use a propane stove, barbecue or portable generator indoors.

• **Ready your sump pump.** Make sure it works and install a battery backup system. This will ensure that your basement is protected from flooding during a power outage, especially one caused by a storm with heavy rainfall.

• **Protect your plumbing.** Purchase non-toxic antifreeze to pour down plumbing fixtures during an outage. This will help prevent the drainpipes from freezing. Wrap exposed pipes in towels and let the faucets drip to keep water circulating.

A lengthy power outage may require you to evacuate your home. Before you leave, turn off the main circuit breaker, close the water main and drain your plumbing system.

CHETWYND & DISTRICT REC CENTRE FACILITY HOURS

EFFECTIVE MAY 27TH, 2020
5:00 AM TO 8:00 PM

The gym will be open for two, hours, then down for three hours to allow for thorough cleaning and air exchange. To help make this easier on our patrons, we have moved some equipment to the walking track and arena ice pad. This allows us to rotate through the different areas so there will always be an open option for our patrons during operational hours.

All patrons must respect the minimum 2 meters, or 6 feet, of physical distancing while at the facility.

There will be a reduced number of patrons allowed at any time, ten patrons to start, and this number may be adjust as needed

The drinking fountain has been disable and will also be closed for now- please bring your own

Change rooms and showers will be closed and not available

Clean indoor shoes are a MUST!!
