100 People Event

There were three presentations made on Thursday, November 29 at the "100 People" event, and feedback from the voters is that their final decision was hard to make. All three - Moberly Lake Elementary School- Playground Equipment, Chetwynd Public Library- Young at Heart +55 Annual Seniors Community Christmas Dinner, and the Peacelanders Pathfinder/Adventurer Club - Supplies, Leadership Training and Annual Camp. Each group fit under at least one of the areas of focus which were: Health and Addictions, Recreation Activities for youth, families and/or seniors, and youth and youth initiatives.

The group receiving the most votes for the night was Moberly Lake Elementary School. Each presenter is allowed five minutes to outline their proposal and a three minute question period follows. This time allowed voters to hear clarification that Moberly Lake Elementary is part of School District #59 and that the District does not fund playgrounds. It is up to each individual school to raise the funds. While Moberly Lake Elementary's playground receives extensive use by the surrounding community during non-school hours, it is up to the school staff and PAC to raise the funds, a challenge for such a small school.

To sum up the "100 People Who Care" initiative's first year, two events were held distributing a total of \$10,000 to two community projects. In the first round the money went to the Chetwynd Outdoors Society to help establish the Nordic Centre, and Megan Campbell, representing the Society on Thursday night gave an update of the progress that has been made indicating that "100 People" funds have made a huge difference. Eight groups in all submitted proposals and all for projects and activities that are well worth supporting, and highlighted some of the work that is being done in our area. Both times the money went to long term projects that now, and will continue, to rely heavily on volunteers to fully establish them. Both need to build and keep partnerships and both will leave a legacy of long term use for children, families and/or seniors.

The Chetwynd Social Planning will meet to evaluate and plan for a new event in the new year.

BC Oil and Gas Commission investigating Fort St. John earthquakes

At 6:28p.m. on November 29th, a 4.5-magnitude earthquake shook the community of Fort St. John. A 3.3 magnitude aftershock occurred at 7:06 PM, and a second aftershock with a 4.0 magnitude was recorded at 7:15 PM about 26 km east of Fort St. John.

As reported by the Dawson Creek Mirror, the Commission released a statement today, indicating that operations in the vicinity were shut down and an investigation is underway.

The tremors were felt in many areas throughout the Peace, including Chetwynd, Dawson Creek, Hudson's Hope and even as far away as Pouce Coupe and Baytree, Alberta. Natural Resources Canada received over 300 reports about the earthquake, and the precise cause is still under investigation.

Five unique holiday gift-wrapping ideas

Wrapping Christmas presents often feels like a chore, but it doesn't have to. With a little creativity, you can make gift-wrapping fun — not to mention cheaper and more eco-friendly. Here are a few gift-wrapping ideas to inspire you.

1. Use recycled materials as gift-wrap.

Wrap your gifts in recycled household items such as old newspapers and magazines, discarded maps, left over wallpaper and even gently worn clothes. With some extra effort, your presents will look just as beautiful and far more interesting than if they were wrapped in plain old store-bought paper.

2. Go monochrome. For a sleek, stylish look, consider using shades of the same hue for wrapping paper, ribbon and gift bags. Or,

choose two or three colours to theme your gift-wrapping around (pick a combo other than red and green).

3. Add natural materials as decorations.

Try wrapping presents in brown Kraft paper, tying them with string and decorating the packages with sprigs of evergreen or dried flowers. If you're decking your house with holly or other seasonal greenery, save some of the foliage to use as embellishments for your wrapped gifts.

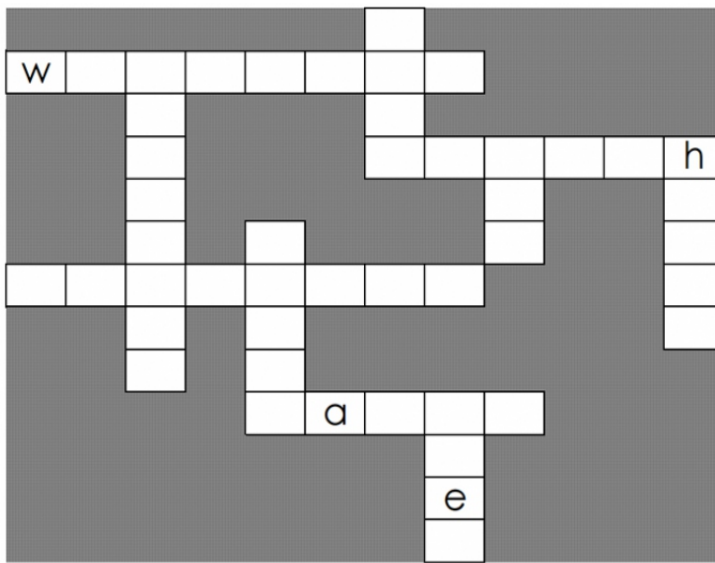

4. Try using furoshiki. Wrapping presents in patterned fabric, or *furoshiki*, is a Japanese practice that offers an esthetically pleasing and eco-friendly alternative to wrapping paper. Fabric can be reused year after year so you don't need to buy, and throw away, copious amounts of wrapping paper each holiday season.

5. Have your kids design the paper. Have your kids decorate large pieces of thin, white paper to use for wrapping presents. The personalized drawings by your children will make the presents that you gift to your family members that much more meaningful.

Motor Vehicle Incident Near Chetwynd

The Chetwynd Fire Department reports in a press release that at about 8:30 pm on November 30, a single vehicle roll over occurred on the Moberly Hill, 8 km from Chetwynd.

RCMP, the Chetwynd Rescue Truck and BC Ambulance attended the scene. Details of the MVI will be released by the RCMP.

Motorists are reminded to be extra cautious as the roads are slippery with temperatures near zero and everyone is reminded to wear your seat-belts.

A special thank you is extended to Caribou Road Services for the service provided during these difficult and challenging road conditions.
