## CONGRATULATIONS TO CHETWYND SECONDARY'S GRADUATING CLASS OF 2017

The graduating students, and their families, celebrated their long academic journey at their convocation this past Saturday at the Chetwynd Rec Centre. The students did a great job decorating the curling arena for their big day, with pillars, twinkling blue lights and a decorated gazebo.

Chetwynd Secondary's Principal, Mr. Mason, began the ceremony by introducing the 45 graduating students of 2017. After greetings from Councillor Brownlee of the District of Chetwynd, Mrs. Andrea Smith from the Board of Trustees, and Ms. Leslie Lambie from School District 59, Ms. Andree-Anne Rivard spoke some encouraging words to the students. Class Representatives, Brianna Young and Garyn Waldie, and Valedictorian Liam Movold also had a few words for their teachers and fellow students.

As these students are set free into the real world, we are hopeful that you have learned the skills to prosper and thrive as adults. Whether it's further schooling that awaits you, or you plan on taking some time off to travel, enjoy every minute of it. Because after graduating, life will fly by. Next thing you know you will wake up to find out it's your 10 year reunion.

Congratulations to all the graduating students of 2017, and the best of luck on your future ventures. *Kelsey Roberts, reporter Coffee Talk Express*

May is gone and  
 June is here.  
 Wonderful - this  
 time of year.

**Double CHEESE Double BACON BURGERS**  
  
 And double napkins, probably. PAPA MAMA GRANDPA  
  
 How do you top a burger that's made with 100% pure beef raised without the use of hormones or steroids? Generously, that's how. Like with a double helping of cheese and naturally smoked bacon. Because when you've made Canada's best tasting burger, there's nowhere to go but up.  
 RAISED WITHOUT the use of HORMONES OR STEROIDS

## BC TRIVIA

While the BC Interior is known for being hot and dry, only a tiny part of it actually qualifies as a desert. The Okanagan Pocket Desert is a continuation of the Sonoran Desert, and the plants and animals found there are the same as those that inhabit the higher elevations of the Mexican portion of this desert. It is one of Canada's most endangered ecosystems and home to sage, prickly pear cactus and several species of rare animals; 22 percent of BC's endangered birds, mammals, reptiles and amphibians live there.

## BC TRIVIA

BC is home to about a quarter of the world's remaining temperate rainforests. While they once blanketed the mainland's coastal shores and much of Vancouver Island, only a few areas have never been logged.

The Kitlope Valley, which lies between Bella Coola and Kitimat on the northwest coast, is the world's largest untouched ancient rainforest.

~ Book of BC Trivia  
- Andrew Flemming

**BC TRIVIA**

*The largest octopus in the world lives off the coast of British Columbia. The Pacific octopus can weigh up to 70 kilograms and stretch 7 metres from one of its eight arms to another. There are up to 200 suckers the size of tangerines on each arm. The giant also has the biggest and best brain of all the invertebrates; researchers estimate its intelligence is on par with a housecat.*

~ Book of BC Trivia - Andrew Flemming
