Fantastic News for Chetwynd & District Rec Centre

Northern Development today announced the approval of \$1,872,266 for 10 projects throughout its service region that seek to strengthen their communities and the economy.

At its April 22 meeting, Northern Development's board of directors approved many projects through the Economic Diversification Infrastructure Program.

\$204,177 was approved for the District of Chetwynd for the Chetwynd and District Recreation Centre Indoor creative hub. This project will see the installation of a new indoor children's play facility within the Chetwynd and District Recreation Centre, in partnership with the Peace River Regional District. The project will include the supply and installation of a new high-end play structure, a parent welcoming area, climbing wall enhancements, rubber flooring and indoor play equipment. The indoor play area will be added to the entrance of the facility and offer many opportunities for play and engagement.

Joel McKay, CEO of Northern Development Initiative Trust says, "During these uncertain times, the Trust is fortunate to be able to provide funding to communities and organizations in our region for valuable community projects. From airport and museum upgrades, to innovative food networks and nursery expansions, each project provides both economic and public benefits for those who live and work in Northern B.C."

Peace River closure begins in June

As part of the Site C project, BC Hydro will be installing two debris management structures across the Peace River in advance of river diversion this fall.

For safety reasons, starting mid-June, a 4 km section of the Peace River near Fort St. John will be permanently closed to boaters.

Portage program: To move boaters around the construction area, a Portage Program for non-motorized boats will operate between the Halfway River boat launch and the Peace Island Park boat launch from June 15 to September 15. Reservations are required seven days in advance of pickup.

For more information visit:
siteproject.com/boating or call

State of Emergency Extended

The provincial state of emergency is being extended for the third time, to support the extraordinary measures taken by the Province under the Emergency Program Act to keep people safe during the COVID-19 pandemic.

"British Columbians have shown great leadership in our efforts to flatten the curve, but we can't take our foot off the gas now," said Premier John Horgan. "As we look toward the future and our 'new normal,' we must remember what got us to this point and continue to stay the course now to keep our communities and our loved ones safe."

Mike Farnworth, Minister of Public Safety and Solicitor General, has officially extended the state of emergency through the end of the day on May 12, 2020
