## Try Before You Buy!

Myra was going to the Christmas office party but needed a new party dress.

In the clothing store she asked, 'May I try on that dress in the window, please?' 'Certainly not, madam,' responded the salesgirl, 'You'll have to use the fitting room like everyone else.'

## Three Great Gifts for the DIY Enthusiast

Do you have someone on your Christmas shopping list who likes to spend their free time building things? If you're stumped about what to get them, here are a few gift ideas that you may not have considered.

**1. Digital tape measure:** a modern version of a classic tool. A digital tape measure can convert measurements from fractions to decimals and inches to centimetres. It also gives precise readings up to one millimetre and will calculate the midpoint of whatever's being measured. Some prototypes also come with a built-in level. A useful tool for many types of projects, this one is sure to quickly become indispensable.

**2. Multi-tool:** a must-have item for the DIYer who prefers to always keep their favourite tools on hand. More than a regular pocketknife, a multi-tool can hold as many as 18 tools. Components might include knives, saws, pliers, cutters, awls and screwdrivers. Most even have a bottle opener

for cracking that beer when the job is done.

**3. Personalized hammer:** almost everybody already owns a hammer, but most don't have one with a personalized handle. Engrave a regular hammer with their name, a special word or an inside joke between the two of you right on the tool's wooden handle. They'll be so touched, they may decide to decorate their workshop with it rather than use it.

Whatever their passion project, the DIYer in your life is sure to appreciate one — or all — of these thoughtful and useful gifts.

#### 2018, A Great Year in Real Estate

It is no secret that 2018 was a great year for our little town. We saw heightened activity in pipeline infrastructure, a solid forestry sector, and active coal mining. All this industry affected all aspects of business in town. We have been filling the vacant commercial spaces in our downtown core. We sold not only residential real estate, but also commercial buildings. We saw investors focus their sights on our community. Our office sold 9 apartment buildings this year, and we are working on selling a few more. It has been a great year to buy and sell in beautiful Chetwynd, BC. If you have any questions in regards to the Real Estate market, drop by Royal LePage and we will be happy to discuss! This coming year is going to be a great year to purchase! We look forward to working with you in 2019!

All the best, *Julia Nelson*

## Province increases fines for off road vehicles to protect species at risk

In a measure to better protect environmentally sensitive habitats and species at risk, the provincial government has introduced increased fines for unlawful use of off-road vehicles and snowmobiles.

Effective immediately, anyone operating an off-road vehicle in sensitive habitats, including all BC Parks and southern mountain caribou habitats, will face a fine of \$575. Previously, the fines were only \$230 or \$345, depending on the violation.
