SITE C CONSTRUCTION TO CONTINUE – PREMIER HORGAN

The BC Government has decided to go forward with the Site C Dam project.

The controversial construction project's future has been mired in uncertainty since the NDP took power in July. According to a release, the

government says to do other than continue the project would put British Columbians on the hook for an immediate and unavoidable \$4-billion bill, with nothing in return. Premier Horgan says Site C should never have been started, but cancelling it would add billions to the province's debt. He also said the previous Liberal government recklessly pushed the project past the point of no return.

The premier says the government will implement a new Site C turnaround plan to contain project costs while adding benefits. These will include a new Project Assurance Board, which will oversee future contract procurement and management with a mandate to deliver the project on time and on budget, and new community benefits programs for assisting local communities and increasing the

number of apprentices and First Nations workers hired to the project.

 BURGERS**

 And double napkins, probably. PAPA GRANDPA MAMA

How do you top a burger that's made with 100% pure beef raised without the use of hormones or steroids? Generously, that's how. Like with a double helping of cheese and naturally smoked bacon. Because when you've made Canada's best tasting burger, there's nowhere to go but up.

My mother cast one of her students as the innkeeper for the Christmas pageant. All the third grader had to do was tell Joseph, "There is no room at the inn."

But during the performance—after Joseph begged for a room for his pregnant wife—the boy didn't have the heart to turn him down.

"Well," he said, "if it's so urgent, come on in."

Unexpected guests were on the way, and my mother, an impeccable housekeeper, rushed around straightening up. She put my father and brother to work cleaning the guest bathroom. Later, when she went to inspect it, she was surprised that the once-cluttered room had been tidied up so quickly. Then she saw the note on the closed shower curtains. It read "Thank you for not looking in the bathtub."

PUBLIC NOTICE

Wyndwood Project Pipe Hauling Will Be Taking Place in Your Area

Please be advised that Enbridge will be using a laydown yard west of the airport in Chetwynd to temporarily store and stage sections of pipeline that will be used in a nearby natural gas pipeline project.

The sections of pipe will begin to be transported to the laydown yard for storage in October 2017 with hauling to and from the yard continuing until February 2018. The hauling will occur from 7 a.m. to 5 p.m.

In addition, sections of pipe will be leaving the laydown yard to a nearby construction site. This activity may continue into the first half of 2018.

As a result of this hauling activity, residents can expect increased traffic, which will include large, slow moving vehicles resulting in potential traffic delays.

At Enbridge safety remains our number one priority. We apologize for any disruptions this activity will cause and will be implementing a traffic management plan. This may include the use of signage and other methods to minimize disruptions.

If you have any additional questions or concerns, do not hesitate to contact the following representative:

Jason Gowda - Land Agent
jason.gowda@enbridge.com
Phone: **250-219-2464**
