IT TAKES A COMMUNITY

Tansi Friendship Centre recently received a wonderful donation of fresh food from Don Titus, BC Eggs (organized through the Prince George Salvation Army and generously delivered by Papason Trucking) and Gerry's Fresh Mart for the Food Bank, as well as support for all of the Tansi programs from TD Canada Trust, Surerus

Murphy JV, Scotiabank and several individuals who donated egg cartons. Tansi staff, with the help of a few volunteers, are currently feeding approximately 75 people twice weekly. about 75% of these meals are delivered to those unable to leave their homes during the COVID-19 Pandemic. This shows how amazing the community of Chetwynd really is in coming together to help those in need.

Clayton Middlemiss 1943-2020

Clayton Middlemiss, a long-time resident of Chetwynd, British Columbia, passed away on May 6, 2020 at 76 years of age. He was born July 25, 1943 in Meadow Lake, Saskatchewan.

Clayton will be remembered for lending a helping hand when needed, and always having a good story to tell. He had a love of trucking and forestry during his life.

He will be fondly remembered by his children Trevor Middlemiss, Trent (Barb) Middlemiss, and Tracy (Heath) Thomas; grandchildren Kelsi, Paige, Shanice, and Trevin; brothers Don (Sharon) Middlemiss and Dale (Louise) Middlemiss; nephews Brian, Ed, Joe, Dwayne, and Mark; and nieces Wendy, Brenda, Shandis, and Sherry. He was predeceased by his loving wife Delarea Middlemiss, parents Dorothy and Walter Middlemiss, and brother Walter Milburn Middlemiss.

A memorial service will be held in Chetwynd at a later date. For friends so wishing, donations may be made in memory of Clayton to the Myasthenia Gravis Society of Canada, 2805 Kingsway, Vancouver, BC, V5R 5H9.

Our paramedics

Heroes on the medical frontline

In an emergency, the medical care a patient receives on the way to the hospital can determine whether they live or die. This is the responsibility that falls on the shoulders of paramedics across the country.

When they're called upon to help someone, they must be prepared for anything. During a single shift, they might go from the scene of a devastating car crash to helping a woman give birth in her home. Regardless of the circumstances, paramedics must learn to contain their emotions and focus on the patient in front of them.

Composure and quick thinking are crucial when delivering emergency medical care. Paramedics must be able to assess each patient's condition and make decisions about the appropriate treatment, sometimes within seconds. In addition to extensive training, this job requires substantial mental and physical resilience.

Over the years, the emergency medical services profession has evolved. What began as a taxi service to the hospital has become a veritable emergency room on wheels. Paramedics don't simply perform CPR and bandage wounds; they're highly trained medical professionals with the expertise to administer intravenous medication, use advanced diagnostic equipment and perform minor surgical procedures — all from the back of a moving ambulance.

Long Weekend 2020 will be unlike any other

By Mike Bernier, MLA Peace River South

As we head into the Victoria Day long weekend, we can't predict if the weather will be warm and sunny, cold and rainy, or a bit of both.

But we can predict that this May long will be different than any other kick-off to summer we've been through. A lot of our treasured activities – getting a big group together for a BBQ, travelling a long way to see friends, and overnight camping in our provincial parks – just aren't part of this coming weekend. Restrictions that have been in place are still in place.

We need to stay safe this weekend by keeping up our physical distancing, by washing our hands, and by avoiding crowds. When we do that, we make sure we're able to move into what's being called Phase 2 so we can keep flattening the curve and keep opening things up.

This long weekend is really the transition to the next stage and into recovery for our local business operators, local families, and for the wider economy. After this weekend, we can expect to see a wider variety of operations reopening, such as dentists and physiotherapists, hair salons and barbers, offices, and even restaurants, cafes, and pubs.

In every case, it will be a new normal, with physical distancing and safety measures required to get the doors open and people inside safely. What's opening, when, and why is all mapped out in the Restart BC Plan, which you can link to from my Facebook page at <https://www.facebook.com/MikeBernierBC>.

I've talked to a lot of local employers who will be spending this week and part of the weekend getting ready for the reopening – setting up to welcome back customers and reclaim just a bit of normal.

All of us have another opportunity to help the recovery by shopping local. The Dawson Creek Business Resilience Team, which I'm part of, made the call last week to help boost the local reopening by spending at local stores. For those who can, getting out to support a local restaurant take out, grocery store, or retailer is going to help make our businesses strong again. That will make our communities stronger.

Together, let's use this weekend to celebrate the incredible efforts that have gone into flattening the curve, and the exciting times ahead we're going to reach by working together.

If you have any ideas or questions, please contact me through my office at mike.bernier.MLA@leg.bc.ca, through my Facebook page at MikeBernierBC, at (250) 782-3430, or 1 (855) 582-3430.

For the most up-to-date non-medical information, including the latest travel restrictions, and provincial and federal programs, call 1 888 COVID-19 or visit www.gov.bc.ca/COVID19.

RN / RPN Return of Service Scholarship

Annual Application Deadline
June 30th

PRRD RN/RPN Return of Service Scholarship

The Peace River Regional District Board recognized the need for more health care professionals in the region and has developed a Health Care scholarship program. These scholarships and bursaries will assist in the recruitment of new health care professionals to the region and encourage health care professionals in the region to expand their skills.

Six scholarships of \$5,000 are available to individuals enrolled in a RN/RPN degree program. First priority for this scholarship is given to graduates from the Peace River Regional District.

Completed applications are to be returned by email to the Regional District at prrd.dc@prrd.bc.ca by **June 30th** of each year.

Spring Cleanup: June 1 - 14th

The Peace River Regional District Spring Clean Up program will be happening this year from June 1 to 14. Tipping fees will be waived for sorted, self-hauled waste that comes from your property. Make sure to check what waste is accepted before hauling. During Spring Cleanup, some PRRD Transfer Stations and Landfills will have extended hours! Check prrd.bc.ca/landfill-transfer-station/ for the full list of hours.

Please remember to practice social distancing while at the landfills and transfer stations, so that together we can flatten the COVID-19 Curve. Thank you for working with us during this time.

2020 Cleanup Coupons

Each year, the Peace River Regional District mails out free cleanup coupons that let residents take up to four free loads per year at any PRRD landfills or Tier 1 and 2 transfer stations. Make sure you check what items are accepted at your nearest landfill/transfer station before taking your load.

Who gets cleanup coupons?

Cleanup Coupons are available for all residential properties within the PRRD, which includes both rural and municipal residents. Each coupon value is equal to \$13.75 and entitles disposal of up to 250 KG or 2m³ of eligible residential waste. There is a limit of one coupon per household per visit.

When can I expect to receive my coupons?

Cleanup Coupons have now been sent by mail to all households in the PRRD who used their cleanup coupons the year before. Coupons for this year can be used from May 1st, 2020 to April 30th, 2021.

What do I do if I did not receive my coupons?

If you did not receive your cleanup coupons, you can request that they are mailed to your address. Due to the current COVID-19 pandemic, coupons are not able to be picked up at PRRD Offices and must be requested by mail.

Development Services Public Notices

The PRRD Development Services Department has added new procedures for applications to continue moving forward while still maintaining transparency and dialogue during these times of social distancing.

How to Review Proposed Developments in Your Area:

- Public Notices will be posted on the windows of both PRRD Offices.
- Applications for development are posted on the PRRD Website Active Developments Engage Page (Make sure you check out the new and improved Active Development Page!) at prrd.bc.ca/engage.
- Paper copies can be requested by contacting 250-784-3200 or emailing prrd.dc@prrd.bc.ca for curbside pickup between 8:30am – 4:30pm, Monday-Friday at PRRD Offices.

Pests that can be repelled with plants

Did you know there are a variety of plants that naturally repel insects? Here's how to ward off a few common backyard pests using flowers and herbs.

ANTS

In addition to feeding on sugary fruits and vegetables, ants farm tiny leaf-eating insects called aphids. To repel ants, plant tansy, lemon balm, mint, mug wort or chrysanthemums. Catnip also works well but may attract feline visitors.

MOSQUITOES

To keep these bugs at bay, grow scented plants like lavender, lemon balm, lemon verbena or basil. Mosquitoes also dislike the smell of citronella geraniums, which can brighten your garden with splashes of pink, red or purple.

JAPANESE BEETLES

These metallic-looking bugs aren't picky about what they eat, but they're especially fond

of roses, string beans and raspberries. To ward off Japanese beetles, plant tansy, catnip, chives or marigolds. The smell and taste of the leaves on these plants will repel them.

Finally, while flies are relatively harmless, they can be a nuisance. You can ward them off with herbs such as basil, lavender and rosemary.

4 landscaping tips for a beautiful yard

Planting flowers and shrubs can enhance your property's curb appeal and provide you with a backyard oasis. Here are four tips to help you beautify your garden and lawn.

1. Consider flowering times. Choose plants that bloom at different times between late spring and early fall. This way you'll have flowers to enjoy all summer long.

2. Pay attention to soil type. When selecting plants, opt for species that grow well in the type of soil on your property. This will help your garden flourish and make it easier to maintain.

3. Think about the sun. While some plants thrive in direct sunlight, others prefer shade. Select vegetation based on the amount of light your yard gets.

4. Factor in yard work. All lawns and gardens require some upkeep, but certain trees, bushes and flowers need more care than others. Make sure to choose plants based on the amount of time you have to weed, prune, water and rake.

Finally, if you want to add planters or build a deck, find out what maintenance is required. Ask about weather-resistant options at your local hardware store.
