## IT IS NEVER TOO LATE TO GET YOUR FLU VACCINE!

Northern B.C. experiences increase in flu activity

A late start to the flu season in northern B.C. has led to an increase in the number of people with flu symptoms over the past few weeks. In light of this, Northern Health is reminding people that it is never too late to get the flu vaccine.

The best way to reduce your risk of **OR** avoid getting the flu is prevention! Here are some tips to help protect yourself and your loved ones:

- **Get the flu shot** - Protective effects from the flu shot occur approximately two weeks after receiving it. The BC Centre for Disease Control has noted the main strain of flu is included in this year's vaccine, meaning people will be better protected if they are vaccinated.

- **Practicing frequent and proper hand hygiene** - Use alcohol based hand sanitizer regularly and make sure to wash your hands appropriately (wet your hands, scrub with soap for 20 seconds, rinse off your hands, dry your hands thoroughly, and use the paper towel to open and close the door).

- **Observing coughing and sneezing etiquette** - Cough or sneeze into your shoulder, not onto your hand or in the air. Make sure to wash your hands after!

- **Staying home if you're sick** - You don't want to spread the flu to your classmates, colleagues, or friends. Make sure to rest and get better before returning to work or school.

If you have questions about your illness, please contact your family physician, call HealthLink BC at 8-1-1, or visit [healthlinkbc.ca](http://healthlinkbc.ca). Influenza symptoms can include fever, headache, muscle pain, runny nose, sore throat, extreme tiredness, and cough. Even healthy people can get sick from the flu.

Hundreds of people in B.C. die each year from influenza or complications from influenza, like pneumonia. Influenza in people 65 years of age and older, and in other high risk groups can experience more serious health concerns. It is not just about protecting yourself from the flu, but also the most vulnerable.

Spring is  
nature's way of  
saying, "Let's  
party!"
