## COMMUNITY HEALTH BLITZ

Chetwynd Society for Community Living had its 7th annual Health Blitz this past Thursday at the Rec Centre. Children and parents stopped in to browse the many health related and school aged booths that offered a bunch of great information and many resources, for those unaware of the service offered here in Chetwynd. The kids enjoyed themselves with many activities to keep them busy, including a bouncy house, a flower planting table, canvas painting, face painting, popcorn, and various other crafts and booths.

The event was held with help from AB Crafts, Chetwynd Public Library, Aboriginal engagement success by six, Your Dollar Store With More, District of Chetwynd, Valley Pure Water, Community Arts Council, Chetwynd Success by Six and the Chetwynd District and Rec Centre, as well as a thank you to the many volunteers.

Over dinner, I explained the health benefits of a colorful meal to my family. "The more colors, the more variety of nutrients," I told them.

Pointing to our food, I asked, "How many different colors do you see?"  
"Six," volunteered my daughter. "Seven if you count the burned parts."

During a visit to a mental asylum, a  
visitor asked the Director what the  
criteria is that defines if a patient  
should be institutionalized. "Well,"  
said the Director, "we fill up a  
bathtub. Then we offer a teaspoon, a  
teacup, and a bucket to the patient  
and ask the patient to empty the  
bathtub." Okay, here's your test: 1.  
Would you use the spoon? 2. Would  
you use the teacup? 3. Would you use  
the bucket? "Oh, I understand," said  
the visitor. "A normal person would  
choose the bucket, as it is larger than  
the spoon." What was the director's  
response?

"No," answered the Director. "A  
normal person would pull the plug."
