## BUSINESS BIO - RED LION

I interviewed Ken Chan earlier this week at the Lion Inn & Suites here in Chetwynd. Ken has owned and operated the Red Lion restaurant since 2010 and in the last year renovated and opened an Inn on 52nd St. Ken's inn has been voted #1 hotel by "Guest Choice" already this year. He is pictured right with his award. Chan received his chef license in China when he was 17. Since then he has worked in restaurants in China and then Toronto when he first moved to Canada. Ken attempted to start many businesses around the age of 30 after receiving his degree as an Electronic Engineer in Technologies in Toronto, from selling fashion clothes to starting a kitchen cabinet factory. With the competition and high rent costs, his small businesses had a hard time keeping afloat. Ken saw an ad to buy the Red Lion and decided right away to try his luck in a small town, so he and his wife, Lily, moved to Chetwynd. When he bought the restaurant he also inherited the long time chef, which was a great way to keep the menu that had made the restaurant so successful previously.

The Red Lion restaurant has been a successful business for many years in Chetwynd and was even voted "Best Business" in 2015. Since buying the restaurant, he has added a few things to the menu and still continued to provide the same dining experience that Chetwynd has come to love.

Be sure to say "Hi" to Ken if you see him while you're enjoying one of the Red Lion's fabulous meals at the restaurant or brand new suites at the inn.

I was having trouble with my computer. So I called David, the 11 year old next door whose bedroom looks like Mission Control, and asked him to come over.

David clicked a couple of buttons and solved the problem.

As he was walking away, I called after him, "So, what was wrong?"

He replied, "It was an ID ten T error."

I didn't want to appear stupid, but nonetheless inquired, "An ID Ten T error? What's that? In case I need to fix it again."

David grinned, "Haven't you ever heard of an ID ten T error before?"

"No", I replied.

"Write it down," he said, "and I think you'll figure it out."

So I wrote down: I D 1 0 T  
I used to like that little boy.
