

Goal Identification and Progress Self-Assessment

Vision	
<p>What is your district's and school's vision? <i>Ask: "Where do we aim to be?" or "Where do we want our students to be? Who do we want them to become?"</i></p>	
<p>How close are you to that vision? <i>Ask: "Where have we made significant progress? Where are we lagging?"</i></p>	
Mission	
<p>What is your district's and school's mission? <i>Ask: "What do we do? What makes us different?" or "What do we want our students to know and be able to do upon graduation?"</i></p>	
<p>Are you progressing toward that mission? <i>Ask: "What are our current strengths? What is holding us back?"</i></p>	
Goals	
<p>What are your district's and school's goals? What metrics are you using to measure progress? <i>Ask: "How do we know we are on the right track? What evidence demonstrates our progress?"</i></p>	
<p>Is your school making progress toward these goals? <i>Ask: "What does our student growth and achievement data show? What have we learned through observational data?"</i></p>
