How do we leverage patterns of relationships to create and sustain a culture of continuous learning?

Agenda

- Establish Purpose
- Build Safety
- Share Vulnerability
- Create Space
- Host Well

Establish Purpose

Start with Why

- A category is not a purpose
- Clarity, discipline, and consistency matter
- Start why, but know how...

Build Safety

Build Safety

- Overcommunicate you are listening
- Spotlight fallibility (sprout speeches, show mistakes)
- Embrace the messenger (hug those who give feedback)
- Preview future connections
- Overdo thank you's

Build Safety

- Be painstaking in the hiring process
- Eliminate bad apples
- Create safe collision-rich spaces
- Make sure everyone has a voice
- Pick up trash

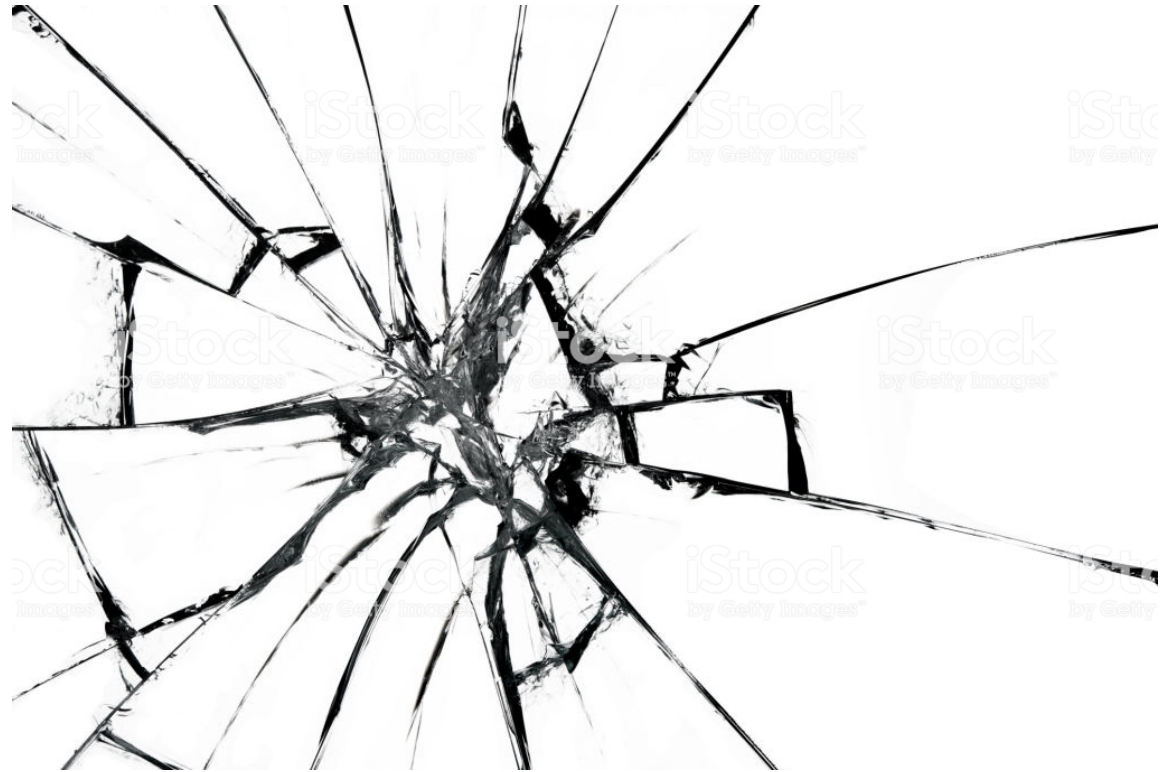

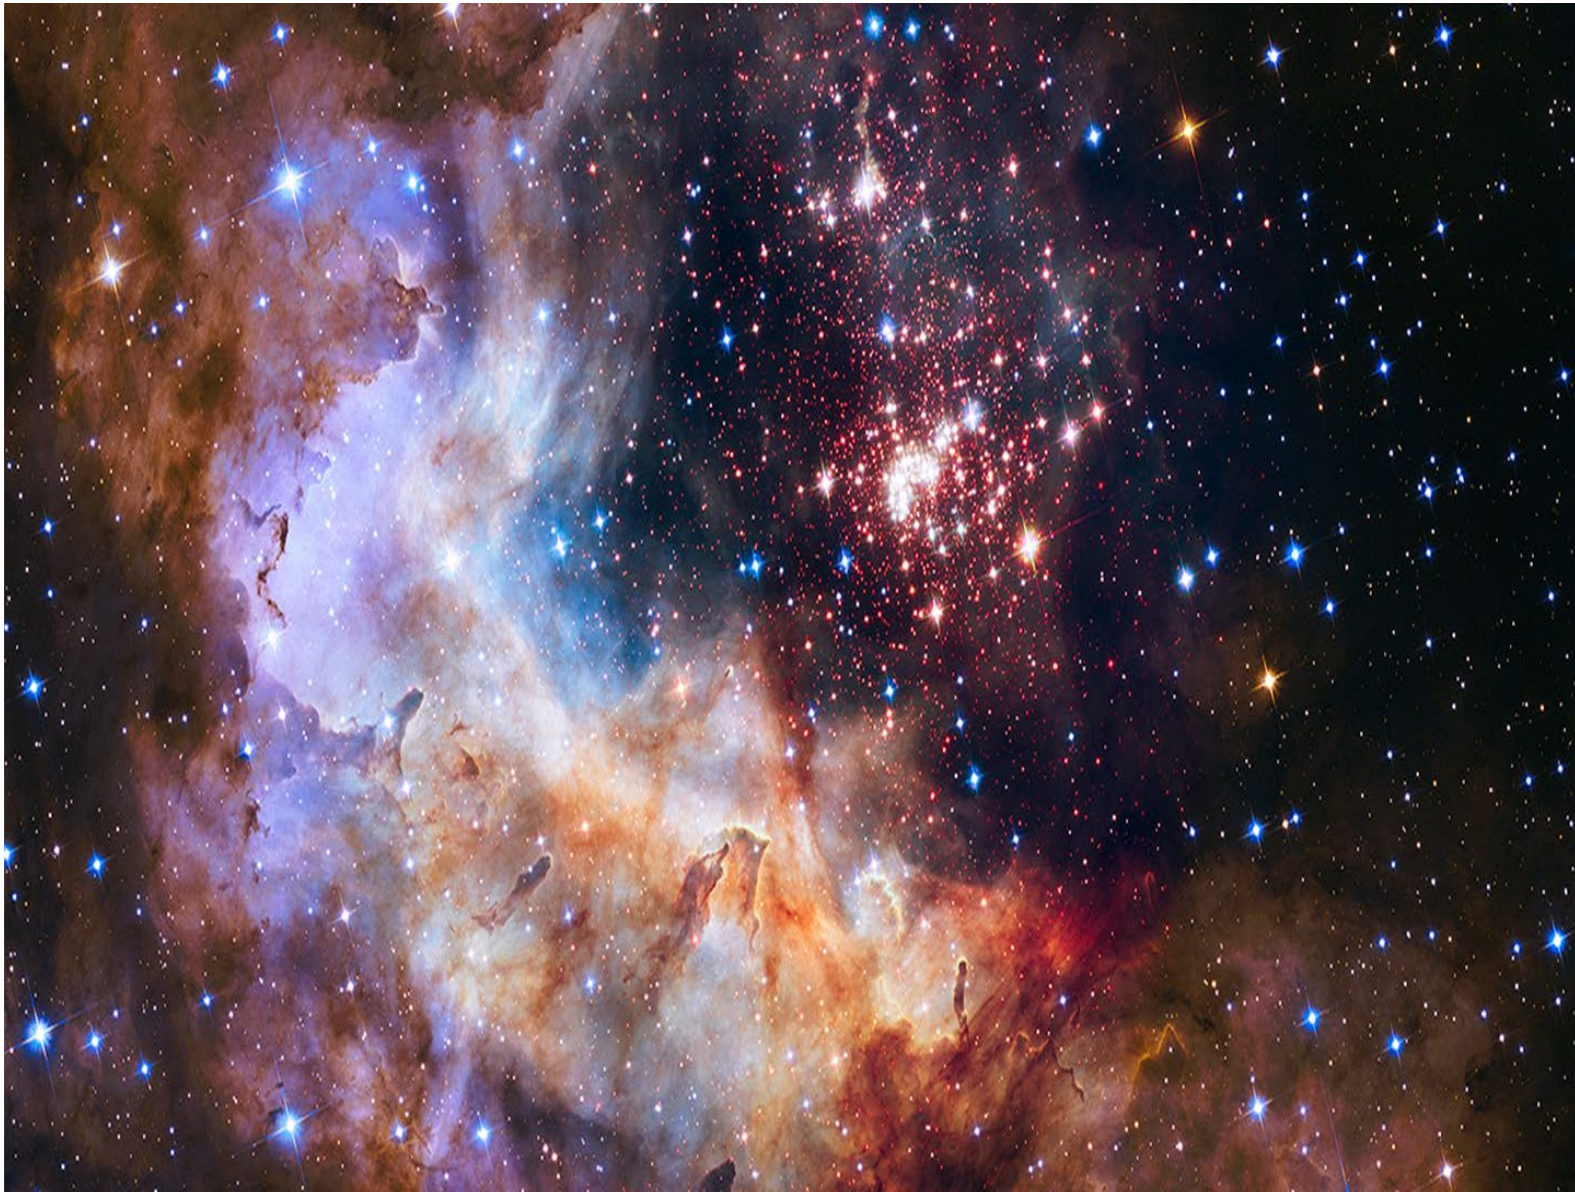

Share Vulnerability

Share Vulnerability

- Stop pretending
- "See Three ASAP"
- Model the way

Create Space

Create Space

- **Exclude purposefully**
- **Create anticipation**
- **Don't come empty-handed**
- **Set the stage**

Host Well

Host Well

- **Avoid logistics**
- **Protect your people**
- **Outsource where possible**
- **Mingling matters**
