

January

Friends,

Will 2016 become a “Perilous Time” like 2015 was?

“But know this, in the last days perilous times will come.”
2 Timothy 3:1 (NKJV)

Early indicators reveal that peril will continue to increase. In recent weeks the fact that our USA society is failing the First Commandment has intensely stood out to me. Matthew 22:37-38 (NKJV) reads: “Jesus said to him, ‘You shall love the Lord your God with all your heart, with all your soul, and with all your mind. This is the first and greatest commandment.’” If the foundation of our life is not Jesus Christ, then we are on unstable ground.

During the last 10 years, your prayers and contributions have caused our HFC Pakistan Endeavors to become effective in yielding eternal fruit. It is a humbling honor just to be an accomplice in the Pakistani Harvest.

Jerry Tuttle

Christian Women *in Pakistan*

In 2015, through 50 seminars, 1,087 people were trained in Biblical Stewardship. Your contributions provide the resources needed to make these seminars possible. In a region of the world that sees women suppressed, we are training them to own and run their own businesses. This enables them to provide for their families, and helps to ensure the next generation’s success.

Thank you for your help!

Mrs. Bibi is 45 years old and lives with her husband and 3 children. Their children attend school, but increasing tuition fees place a great strain on their family as their income is very limited.

The need was great for their income to increase. With the drive of a true business woman, she sees the demand in her area for meat and milk products on the rise; with hers and her husband's knowledge and experience with raising livestock, they are able to expand their business to help meet the demand. HFC was crucial to helping this happen, and she should be able to pay her loan back within 12 months, as well as see her children be able to stay in school.

Christian Women *Continued...*

Mrs. Ijaz is a hairdresser and beautician with more than 8 years experience. She has worked for many years in salons, but was never able to open her own. With her husband's support they set up a one year plan. With the help of HFC Pakistan she was able to establish her own business, which she manages full-time. With her profits she is able to pay tithe to her church and repay her HFC loan. She and her husband look forward to "exceeding the expectations of their customers for many years to come."

UPDATE FROM NASEERABAD RAWALPINDI

Though trials and trouble were faced by this body of believers, God showed Himself to be faithful and they saw 28 people baptized, and have seen church growth! They praise God for His wonderful works, and each week their church is full! In addition to this, Pastor Shahbaz Butt, under the grace of God, was able to complete his Masters of Divinity, with the financial support of the church.

God is using this body of believers to reach surrounding villages with the Gospel Truth. They were able to baptize 11 people in one of these villages, and look forward to the next AG church being planted there. As medical care is often difficult to obtain, due to the fact that hospitals are so far away, it is their hope to start a small health clinic for women and children. In 2016, they also hope to be able to purchase a vehicle that will be used to bring people to church. Your contributions are helping this all happen. Please be in continual prayer for our brothers and sisters here.

Who are we?

Harvest Field Corners endeavors to guide the underprivileged onto the path of transformational development that will lead them into a holistic lifestyle. "Abundant food is in the fallow ground of the poor, but it is swept away by injustice" -Proverbs 13:23 [NASU]. Poverty in the under-developed nations of our world is an overwhelming humanitarian test. Organizations involved in Up-Lifting the poor engage in the stewardship issues of dependency vs. sustainability. Uplifting those living in poverty without creating dependency is a challenge some humanitarian causes do not undertake. Sustainability that includes Evangelism is a priority to Harvest Field Corners. Giving a poor person a fish (meal) – Rewards the donor with a satisfying feeling knowing they have fed a hungry human (frequently a child) a meal. Teaching (mentoring) and equipping (Microenterprise Development) a poor person (normally a parent) to become a successful fisherman – Requires training, resources, diligence, perseverance, plus an abundance of the "Fruit of the Holy Spirit" that only a mature relationship with "Jesus Christ" supplies.

Your Contribution Makes a Difference!

There are a number of ways to be involved in Harvest Field Corners. We are always in need of people covering us in prayer, and volunteering their time to assist in the future development of HFC. We also welcome financial contributions, if this is how you would like to help you may do so by going to our website, selecting "participate", then "donate", or you may mail a check made payable to "Harvest Field Corners" to our address to the left.
