

A Word From Our Founder

Dear Valued Contributor,

For me this is a memorable season. 20 years ago we took our first trip to Pakistan and Afghanistan. 10 years ago in April 2006 our first Biblical Principled Stewardship Seminar was conducted. Since then thousands have attended these seminars. Portions of this training have been conducted in at least 4 other countries. Early this year the 1,000th Pakistani Christian Entrepreneur will receive an "Income Generation," business start-up, or expansion, loan from HFC Pakistan. This program is "Building up the Kingdom of God" in this Islamic governed nation.

During these 10 years we had 6 different PK Staff members, 4 of them still work for HFC PK. Through their tireless efforts and our faithful contributors, each year our effectiveness increases. This is a God-ordained and blessed endeavor.

HFC Pakistan Staff Members have encountered:

- Weddings
- Child births
- Training in foreign countries
- Incarceration, without any charges
- Church suicide bombing and burnings
- Death
- Serious auto accidents
- Floods & Earthquakes
- Hospitalization
- Riots, road blocks, & rejection
- Conversions & Baptisms

The 1996 Toyota Corolla, a fieldworker, when departing from Pakistan gave HFC PK, has become an awesome blessing. We have put over 100,000 kilometers on it. This week it will be driven another 1,000 kilometers, implementing the HFC mission in an impoverished, rural, Christian Community.

In the last 10 years HFC PK has seen penurious churches, revitalized, becoming effective Gospel outreaches. Participated in dozens of church plants and building programs. 2016 is no different, HFC PK is already participating in developing church schools and planting new churches. Without your prayers and financial partnership, this would not be occurring.

Please Note: In about 60 days I will be 81 years old, my vigor is no longer increasing. The day to day work load of this ministry is growing. God has provided HFC US with some excellent, needful, assistants, but we need to fairly compensate them. Please pray with us about this issue.

Pray for Haiti: About May 1st we plan to be in Haiti. The need in this nation is overwhelming. We believe

it is God's time for the HFC Ministry to blossom in this nation. For this to happen we need at least one trustworthy, talented, affordable, Haitian to implement this ministry. Pray the Holy Spirit will connect us together.

As we progress through this Easter Season, does your Gospel Light need to shine brighter? Recently I was reading in Rev. 21:8 from the NKJV, it states the cowardly, will go to same eternal punishment the murders, sexually immoral, and liars do. In this Easter season let's not be Gospel Cowards!

Blessings,

Jerry Tuttle

Success Stories

After receiving Biblical Stewardship Training and being approved for a HFC PK microloan, Munnir has been able to grow his business as a scrap dealer. Many times dealing in scraps in the only way Christians can make a living in Pakistan. This business enables him to better provide for his family of five, tithe to his local church and educate his children.

Meet Kashif...he has six family members dependent on the income he receives from his rice store. He faithfully attends his church, and tithes regularly. He "makes the most of every opportunity" the Lord gives him to share his faith with his Muslim customers.

Since receiving Biblical Stewardship Training and a microloan from HFC PK, he has seen a fifty percent increase in his income from his business.

Waylat started "Hamad Sound System" in 2015 after receiving Biblical Stewardship Training and a microloan from HFC PK. Since then his income through his business has grown by twenty percent. Hamah Sound System provides sound for events - most of his customers are Muslim, and at times he is able to share it faith with them.

Waylat attends church each Sunday and pays his tithe regularly, as well as repay his loan on time.

Prayer is Key - Money is Helpful

This past month we received a couple of amazing reports from the field; reports that prove the power of prayer!

Please note: There are no names or locations being given in order to help protect our brothers and sisters around the world.

One of our sisters was being repeatedly persecuted by her neighbors for her faith in Jesus - even to the point of being beaten. But she persevered, in the strength of the Lord! Today these neighbors are attending church with her - what an amazing God we serve!

The other story is that of a young man, the son of a local "holy man" - a mediator between man and Allah. He decided, along with his wife, to follow Christ. As is the way of things in this region of the world, this decision opened them up to rejection and persecution, which included being spat on, tortured and having their lives threatened. The Lord is protecting them though, and because of their faithfulness, his mother has had a heart-change. Rejection once ruled their relationship, but now she is attending his church!

Prayer is a powerful thing! God's Word tells us our prayers are always before the Father as a fragrant incense. Our prayers affect change - like the change happening in the hearts of these Muslim people who were persecuting our brothers and sisters. They need our continued prayers. The Bible is clear that the Lord is not willing that ANY should perish. This includes the world-wide Muslim population.

Our monetary contributions meet the physical needs, which are real true needs. Your donations are very much appreciated. Thank you! These physical needs are, however, tied to the temporary earth. Our prayers change things (the hearts of people) for eternity!

Keep praying!

We are now on Facebook!!!

Who are we?

Harvest Field Corners endeavors to guide the underprivileged onto the path of transformational

development that will lead them into a holistic lifestyle. “Abundant food is in the fallow ground of the poor, but it is swept away by injustice” -Proverbs 13:23 [NASU]. Poverty in the under-developed nations of our world is an overwhelming humanitarian test. Organizations involved in Up-Lifting the poor engage in the stewardship issues of dependency vs. sustainability. Uplifting those living in poverty without creating dependency is a challenge some humanitarian causes do not undertake. Sustainability that includes Evangelism is a priority to Harvest Field Corners. Giving a poor person a fish (meal) – Rewards the donor with a satisfying feeling knowing they have fed a hungry human (frequently a child) a meal. Teaching (mentoring) and equipping (Microenterprise Development) a poor person (normally a parent) to become a successful fisherman – Requires training, resources, diligence, perseverance, plus an abundance of the “Fruit of the Holy Spirit” that only a mature relationship with “Jesus Christ” supplies.

Your contribution makes a difference!

There are a number of ways to be involved in Harvest Field Corners. We are always in need of people covering us in prayer, and volunteering their time to assist in the future development of HFC. We also welcome financial contributions. If this is how you would like to help, you may do so by going to our website, selecting “participate”, then “donate”, or you may mail a check made payable to “Harvest Field Corners” to our address to the left.
