

## Useful Software

Scriptel offers software that makes it easy to include electronic signatures that you capture using our signature pads in common office applications. Our free downloadable ScripTouch Sign and Save software provides plugins for some of the most popular office software, Microsoft Word, Excel, Adobe Reader and Acrobat Pro, letting you sign directly in documents that you are currently viewing. Sign and Save also lets you capture and save a signature as an image using several standard formats.

Download Sign and Save and other ScripTouch device software at [scriptel.com/support/downloads](http://scriptel.com/support/downloads).

## Need Assistance?

We pride ourselves on providing the best support in the industry. If you have any questions, please check out our website for the latest information on frequently asked questions or contact us at your convenience.

Scriptel-Desktop-1X5-USB-ST1400-ST1401-Quick-Start-Guide.pdf Part No. 081-0008-A00

## Quick Start Guide for ST1400/ST1401

Thank you for buying a Scriptel ScripTouch® Desktop 1x5 USB! We have a few words to get you started with using your purchase and to make you aware of the support we provide.

## Setting Up

Start by inserting the USB cable into an unused USB port on your computer. No separate power connections are necessary.

ScripTouch devices are often supported directly by software applications to enable electronic signature capture, meaning that driver support may already be available in your system and additional installation is not needed to start using your new Desktop pad.

## In Most Cases, You're Done!

It's that simple!

For information on Scriptel software, see the back page.

## Warranty Information

We are certain that you are going to have a great experience with your Scriptel ScripTouch Desktop 1x5 USB for many years to come. But, just in case something goes wrong, we will back you up 100% including a replacement if you qualify under our warranty.

Scriptel Corporation offers a limited warranty on the ST1400/ST1401 that lasts for 2 years from your date of purchase. This is the best warranty in the industry for electronic signature pads in the same category as the ST1400/ST1401. Our warranty demonstrates our commitment to quality and testifies to the rugged reliability of our products.

If you see a cosmetic defect (one that affects the appearance, but not the function of the unit), please contact your point of purchase within 30 days of your purchase and return it unused for replacement.

For the legal language including what is covered by our warranty and various disclaimers and limitations, please look for our full ScripTouch electronic signature pad warranty policy at [scriptel.com](http://scriptel.com). The warranty terms on the Scriptel website on the date of your purchase are hereby incorporated into this document as the Scriptel Corporation Limited Warranty for the ST1400/ST1401. As we may update the warranty policy on the web in the future, please feel free send an email to [warranty@scriptel.com](mailto:warranty@scriptel.com) at any time to get a copy of the warranty that was in effect when you bought your ST1400/ST1401.

If you need to make a warranty claim, you should first contact your point of purchase. Our authorized distributors and resellers handle all returns for product that they have sold. In other cases, please send an email to [warranty@scriptel.com](mailto:warranty@scriptel.com) mentioning the ST1400/ST1401 and the point and date of purchase and we'll get right back to you.

# ScriptTouch

## Rapid Care

Your Scriptel ScripTouch Desktop 1x5 USB may qualify for our industry leading advanced unit replacement program, which provides you with a replacement unit by 10:30am the following business day within the continental United States. Contact your point of purchase to see if you qualify and to check on terms and conditions of the program, including similar services that might be available outside the continental United States.
