

WCA Student Apps

The following is the current list of recommended apps. Please keep in mind that a student's academic schedule is what drives the need for certain apps. None of the following apps are required ... just recommended. Most of the apps are free from Apple's App Store. The few that require a fee have expanded definitions that speak to the classes where that particular app is most beneficial. Please keep in mind that this list will always be a dynamic (adaptable) list as the needs of students change and apps with even greater benefit would potentially become available. Once a family purchases an app they own it forever, and can download it repeatedly on many devices.

	Adobe Photoshop Express	Free from the App Store	Image Processing
	Adobe Reader	Free from the App Store	PDF Reader
	Bible (LifeChurch)	Free from the App Store	Multiple Translations plus Reference & Search Tools
